One of the clearest presentations of India's Advaita Vedanta, the doctrine of Oneness. Adams, an American student of the great master, Ramana Maharshi, discourses with wisdom and delightful humor as he clarifies for Westerners India's teaching of Ultimate Reality.

The Buddhist Teaching of Totality Acropolis Books (GA)

A richly complex study of the Yogacara tradition of Buddhism, divided into five parts: the first on Buddhism and phenomenology, the second on the four basic models of Indian Buddhist thought, the third on karma, meditation and epistemology, the fourth on the Trimsika and its translations, and finally the fifth on the Ch'eng Wei-shih Lun and Yogacara in China.

The Open Secret Non-Duality

The #1 New York Times bestselling memoir that inspired the film *October Sky*, *Rocket Boys* is a uniquely American

memoir—a powerful, luminous story of coming of age at the dawn of the 1960s, of a mother's love and a father's fears, of a group of young men who dreamed of launching rockets into outer space . . . and who made those dreams come true. With the grace of a natural storyteller, NASA engineer Homer Hickam paints a warm, vivid portrait of the harsh West Virginia mining town of his youth, evoking a time of innocence and promise, when anything was possible, even in a company town that swallowed its men alive. A story of romance and loss, of growing up and getting out, Homer Hickam's lush, lyrical memoir is a chronicle of triumph—at once exquisitely written and marvelously entertaining. Now with 8 pages of photographs. A number-one New York Times bestseller in mass market, brought to the screen in the acclaimed film *October Sky*, Homer Hickam's memoir, nominated for the National Book Critics Circle Award, comes to trade paperback with an all-new photo insert. One of the most beloved bestsellers in recent years, *Rocket Boys* is a uniquely American

memoir. A powerful, luminous story of coming of age at the end of the 1950s, it is the story of a mother's love and a father's fears, of growing up and getting out. With the grace of a natural storyteller, Homer Hickam looks back after a distinguished NASA career to tell his own true story of growing up in a dying coal town and of how, against the odds, he made his dreams of launching rockets into outer space come true. A story of romance and loss and a keen portrait of life at an extraordinary point in American history, *Rocket Boys* is a chronicle of triumph.

There is but one truly serious philosophical problem, and that is suicide. In Rawi Hage's unforgettable novel, winner of the 2008 IMPAC Prize, this famous quote by Camus becomes a touchstone for two young

men caught in Lebanon's civil war. Bassam and George are childhood best friends who have grown to adulthood in war torn Beirut. Now they must choose their futures: to stay in the city and consolidate power through crime; or to go into exile abroad, alienated from the only existence they have known. Bassam chooses one path: obsessed with leaving Beirut, he embarks on a series of petty crimes to finance his departure. Meanwhile, George builds his power in the underworld of the city and embraces a life of military service, crime for profit, killing, and drugs. Told in the voice of Bassam, De Niro's *Gameis* a beautiful, explosive portrait of a contemporary young man shaped by a lifelong experience of war. Rawi Hage's brilliant style mimics a world gone mad: so smooth and apparently sane that its razor-sharp edges surprise and cut deeply. A powerful meditation on life and death in a war zone, and what comes after.

Join renowned spiritual teacher Adyashanti for a practice-based journey out of the thinking mind and into the awakened awareness beyond perceptual reality. For renowned teacher Adyashanti, every single moment contains a doorway into spiritual awakening. But what does it actually mean to "wake up" to the truth of reality? And what does it take to recognize these opportunities? In *The Direct Way*, Adya (as his students call him) offers a sequence of 30 practices intended to connect with and cultivate ever-greater awareness of the unseen dimensions of your being. From the simple expression of "I am," to an exploration of the Spiritual Heart, and all the way into the fundamental ground of being, these exercises emphasize that the process of awakening takes "many small glimpses, experienced many times." Adya concludes with practical

pointers on how to integrate transcendent experiences into the everyday fabric of life—including your career, personal goals, and intimate relationships. Here you will discover: How to dis-identify from conceptual, ego-based thinking Perceiving the ego as a tool to navigate consciousness rather than an obstacle The “knowing yet empty” quality of foundational awareness The surprising route to realizing awareness of the Spiritual Heart Feeling through the Spiritual Heart as a way to experience true interconnection The meaning of the Zen teaching phrase, “This very body is the Buddha” Exploring the exhilarating paradox of Being and Becoming How to establish anchor points to stabilize your journey into the Ground of Being What it means to live each day with “enlightened relativity” How awakening puts control of your experience in your hands—but also the responsibility for it No one experiences awakening quite the same. With *The Direct Way*, join Adya to discover pathways toward an awareness as wide as

the sky and as personal as your innermost heart. [Emptiness Dancing \(Volume 1 of 2\) \(Easyread Super Large 24pt Edition\)](#) House of Anansi Live a life of peace, love, and happiness through spiritual awakening In *Wake Up Now*, author Stephan Bodian-- nationally recognized expert on meditation and spirituality and former editor-in-chief of *Yoga Journal*--reveals that spiritual awakening is not some faraway dream, or overly complicated to achieve, but an ever-present reality that is always available here and now. Based on his own experience and over 30 years of teaching the direct approach to spiritual awakening, Bodian has broken down the awakening process into five overlapping, loosely sequential stages: seeking, awakening, deepening and clarifying, embodying, and living the awakened life. *Wake Up Now* guides you through every stage of the journey, from the process of seeking through the often prolonged and challenging process of integrating the awakening into everyday life. "This book is one of the most concise guides to spiritual awakening I have read.

Both profound and practical, it guides the reader through the intricacies of awakening as only someone who has walked the walk themselves can do. The clarity and compassion this book offers the sincere spiritual seeker is both rare and welcome." - Adyashanti, renowned spiritual teacher and author of *The Impact of Awakening and Emptiness Dancing* Topics include: Entering the Gateless Gate; Seeking without a Seeker; Freedom from the Known; The Practice of Presence; Who is Experiencing this Moment Right now; Spontaneous Awakening; In the Wake of Awakening; Embodying the Light; Freeing the Dark Inside the Light; The Awakened Life *The Transformational Imperative: Planetary Redemption Through Self-Realization* Delta Electrical Christianity is a revolutionary guide to Jesus' teachings and spiritual enlightenment. It provides clear-cut, in-depth instructions on how to directly "plug into" the Divine Being, the Holy One, and literally "pull down" His Power. Grace is not an abstract principle; it is the palpable experience of God's Spirit--and anyone who

religiously (or devotedly and intensely) practices the discipline of true Holy Communion presented in this book can experience the descent of Divine Power, the Holy Spirit. The true Eucharist, the practice of Holy Communion (which in its "awakened" form implies reception of the Holy Spirit), is the very heart of real Christianity, and the foremost method for attaining salvation (spiritual en-Light-enment). Electrical Christianity not only details the radical (or gone-to-the-root) practice of Holy Communion, but also analogizes it to an electrical circuit. The Eucharist is simply Ohm's Law applied to spirituality, and once you grasp the Eucharist-Ohm's Law connection, which is explicated in this book, you'll become like Jesus: a spiritual revolutionary. In addition to explicating the Eucharist-Ohm's Law connection, the book also sheds penetrating light on psychology, politics, and sociology. It presents a vision of integral psychology that differs markedly from Ken Wilber's, considers Jesus' politics in a modern context, and examines the history and future of Christianity in the New (or

Aquarian) Age.

Electrical Christianity
Sounds True

This is a lively collection of excerpts from the dialogues of students with spiritual teacher Adyashanti, in which the true meaning of enlightenment, spiritual awakening, and the embodiment of realization are revealed in a down-to-earth language that helps

a spiritual seeker understand the optimal outcome of spiritual practice, and bring spiritual seeking into fulfillment.

Living Nonduality Karina Library

A collection of spontaneous "satsangs," or truths, spoken from Sri H. W. L. Poonja's experience of the highest and yet simplest truth: that we are pure love and consciousness, the totality of existence. Reveals thousands of ways to help us inquire into who we really are, to bring our awareness into the infinity of the moment, and surrender to the wisdom of our Truth.

The Short Path to Enlightenment Sounds True

Shunyamurti is a modern Dante, guiding us poetically on a thrilling journey through the inferno of our unconscious mind, into the purgatory of psycho-spiritual purification and transformation, and finally to the ultimate ascent of the Mountain of God to Supreme Liberation. The Transformational Imperative represents the culmination of the "perennial philosophy." It succeeds in uniting all spiritual traditions with the insights of

contemporary science and the many varieties of transpersonal and psychoanalytic theory. The penetrating logic of the profound ideas brilliantly stated in this book will bring readers through their own awakening and illumination to final transcendence of the limits of ego-consciousness. In one breathtaking essay after another, Shunyamurti rips away the veils of illusion and reveals the underlying meaning of our lives. This masterful work re-founds human culture on the true Ground of our Being, preparing the way for a planetary renaissance of consciousness.

The Truth Is

'Throughout my early life I felt that there was another possibility which, once realised, would transform all and everything. One day that possibility became a reality, and it was simple and ordinary, magnificent and revolutionary. It is the open secret that reveals itself in every part of our lives. But realisation does not emerge through our attempts to change our lives, it comes as a direct rediscovery of who it is that lives. The Open

Secret is a singular and radical work which speaks of the fundamental liberation that is absolutely beyond effort, path, process or belief.'

"People call me an 'enlightened man' — I

detest that term — they can't find any other word to describe the way I am functioning. At the same time, I point out that there is no such thing as enlightenment at all. I say that because all my life I've searched and wanted to be an enlightened man, and I discovered that there is no such thing as enlightenment at all, and so the question whether a particular person is enlightened or not doesn't arise. I don't give a hoot for a sixth-century-BC Buddha, let alone all the other claimants we have in our midst. They are a bunch of exploiters, thriving on the gullibility of the people. There is no power outside of man. Man has created God out of fear. So the problem is fear and not God."
