Lost Fantasy Hero Cleis Press

An addictive fantasy romance from TikTok sensation Piper CJ, now newly revised and edited. Two orphans grow into powerful young women as they face countless threats to find their way back to each other. Farleigh is just an orphanage. At least, that's what the church would have the people believe, but beautiful orphans Nox and fae-touched Amaris know better. They are commodities for sale, available for purchase by the highest bidder. So when the madame of a notorious brothel in a far-off city offers a king's ransom to purchase Amaris, Nox ends up taking her place — while Amaris is drawn away to the mountains, home of mysterious assassins. Even as they take up new lives and identities, Nox and Amaris never forget one thing: they will stop at nothing to reunite. But the threat of war looms overhead, and the two are inevitably swept into a conflict between human and fae, magic and mundane. With strange new alliances, untested powers, and a bond that neither time nor distance could possibly break, the fate of the realms lies in the hands of two orphans — and the love they hold for each other.

The classic collaboration from the internationally bestselling authors Neil Gaiman and Terry Pratchett, soon to be an original series starring Michael Sheen and David Tennant. ?Season 2 of Good Omens coming soon! "Good Omens . . . is something like what would have happened if Thomas Pynchon, Tom Robbins and Don DeLillo had collaborated. Lots of literary inventiveness in the plotting and chunks of very good writing and characterization. It's a wow. It would make one hell of a movie. Or a heavenly one. Take your pick." —Washington Post According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (the world's only completely accurate book of prophecies, written in 1655, before she exploded), the world will end on a Saturday. Next Saturday, in fact. Just before dinner. So the armies of Good and Evil are amassing, Atlantis is rising, frogs are falling, tempers are flaring. Everything appears to be going according to Divine Plan. Except a somewhat fussy angel and a fast-living demon—both of whom have lived amongst Earth's mortals since The Beginning and have grown rather fond of the lifestyle—are not actually looking forward to the coming Rapture. And someone seems to have misplaced the Antichrist . . .

Only If You Know HQN Books

Winner of the 2017 Ursula Major Award for Best Non-Fiction Work! Furry fandom is a recent phenomenon, but anthropomorphism is an instinct hard-wired into the human mind: the desire to see

animals on a more equal footing with people. It's existed since the beginning of time in prehistoric cave paintings, ancient gods and tribal rituals. It lives on today—not just in the sports mascots and cartoon characters we see everywhere, but in stage plays, art galleries, serious literature, performance art—and among furry fans who bring their make-believe characters to life digitally, on paper, or in the carefully crafted fursuits they wear to become the animals of their imagination. In Furry Nation, author Joe Strike shares the very human story of the people who created furry fandom, the many forms it takes—from the joyfully public to the deeply personal— and how Furry transformed his own life.

If You Lived Here You'd Be Famous by Now is an insider's collection of funny and warmhearted stories about coming of age in the Los Angeles suburb famed for birthing the Kardashian-Jenners and the Bling Ring. For Via Bleidner, transferring to Calabasas High from the private Catholic school she's attended since second grade is a culture shock, not to mention absolutely lonely. Suddenly thrust into an unfamiliar world of celebrities, affluenza, and McMansions, Via takes a page from Cameron Crowe and pretends she's on a journalism assignment, taking notes on her classmates and jotting down bits of overheard gossip. Getting through high school in Calabasas is something else—from Kim Kardashian endorsing the students' favorite

hidden lunch spot, to the theater program hiring a famous dog to play Elle Woods' Chihuahua in its production of *Legally Blonde*, and Kanye trying to take control of your school to make it the very first YEEZY institution. But instead of floating through high school detached from her peers, Via finds that putting herself out there—for her writing, of course—just might have been exactly what she needed. She unexpectedly finds an eclectic group of friends to call her own, including a multi-multi-millionaire, a wild-card throwback intent on going viral, a former Disney actor, and a doughnut-dealing madman. With wit, candor, and sharp observations, twenty-one-year-old Via grounds the surreal glamour of Calabasas with reflections on her own coming-of-age, sharing her teenage misadventures as she struggles to fit in, faces crushing social pressure, and eventually makes her own way.

Rising star Kat Fajardo's debut middle-grade graphic novel about a girl who would rather do anything other than celebrate her quinceanera! A funny and heartfelt coming-of-age story about navigating the expectations of family and cultural tradition. Sue just wants to spend the summer reading and making comics at sleepaway camp with her friends, but instead she gets stuck going to Honduras to visit relatives with her parents and two sisters. The trip takes a turn for the worse when Sue's mother announces that they'll be having a surprise quinceanera for Sue, which is the last thing she wants. She can't imagine wearing a big, floofy, colorful dress! What is Sue going to do? And how will she survive all this "quality" time with her rambunctious family? *Miss Quinces/Srta. Quinces* is the first graphic novel published by Scholastic/Graphix to be simultaneously released in English and Spanish editions! *A Strange and Stubborn Endurance* DarkChibiShadow Dev is a football player at Forester University, a small liberal arts college where he and his teammates get to strut around and have their pick of the girls on Friday nights. That's as good as it gets—until he meets Lee, a fox with a quick wit and an attractive body. Problem is, Lee's not a girl. He's a gay fox, an activist who never dreamed he'd fall for a football player. As their attraction deepens into romance, it's hard enough for them to handle each other, let alone their inquisitive friends, family, and co-workers. And if school is bad, the hyper-masculine world of professional sports that awaits Dev after graduation will be a hundred times worse. Going it alone would make everything easier. If only they could stop fighting long enough to break up.
