Sculpting in Time Pocket Books

This is the first book, within the interdisciplinary field of Nonverbal Communication Studies, dealing with the specific tasks and problems involved in the translation of literary works as well as film and television texts, and in the live experience of simultaneous and consecutive interpretation. The theoretical and methodological ideas and models it contains should merit the interest not only of students of literature, professional translators and translators, interpreters, and those engaged in film and television dubbing, but also to literary readers, film and theatergoers, linguists and psycholinguists, semioticians, communicologists, and crosscultural anthropologists. Its sixteen contributions by translation scholars and professional interpreters from fifteen countries, deal with discourse in translation, intercultural problems, narrative literature, theater, poetry, interpretation, and film and television dubbing.

Award-winning author Melvin Burgess's thrilling new ghost story for younger readers. David screamed and the ghostly boy opened his mouth and screamed back. But his scream wasn't the scream of a child—it was the scream of an old, old man. "Come back, come back," screamed the ghost in his cracked old voice. "Don't leave me. Don't go!" Twelve-year-old David lives with his dad in a big old apartment building called Mahogany Villas. When he discovers he can climb through the vent pipes in the building and get into other apartments and play tricks on people, he simply can't resist. His main victim is Robert Alveston, a forgetful man in his nineties who is afraid that he is losing his mind. But David's

nasty pranks soon disturb more than his elderly neighbor. One day he comes face-to-face with a ghost, at first friendly but more and more terrifying as it becomes clear that he has a particular grudge against Mr Alveston. Soon both the old man and David are in great danger.

Ser yo, Tomi University of Illinois Press

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I

remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

A Novel Henry Holt and Company (BYR)

Discover the spellbinding magic of *Swan Lake* in this musical retelling of the ballet – push the button on each beautiful scene to hear the vivid sound of an orchestra playing from Tchaikovsky's score. This tale of a prince, a beautiful swan princess and an evil sorcerer begins in a woodland clearing far, far away. It is Prince Siegfried's 21st birthday. He is playing games with his friends when his mother, the Queen, arrives to tell him he needs to stop having fun and start looking after the kingdom. Prince Siegfried dreams of running away. He follows an enchanting flock of swans to a clearing by a lake, where four of the little cygnets begin to dance. The most beautiful swan transforms into the Princess Odette, who tells him that she has been cursed to turn into a swan by day and return to her natural form at night by the evil sorcerer Von Rothbart. As the prince and Odette dance, they begin to fall in love. The story follows Prince Siegfried as he attends his birthday party, is tricked into proposing to Von Rothbart's daughter Odile and returns to the lake to battle the evil sorcerer. Will the prince be reunited with his swan princess? As you and your little one journey through the magical scenes, you will press the buttons to hear 10 excerpts from the ballet's music. At the back of the book, find a short biography of the composer, Pyotr Ilyich Tchaikovsky, with details about his composition of *Swan Lake*. Next to this, you can replay the musical excerpts and, for each of them, read a discussion of the instruments, rhythms and musical techniques that make them so powerful. A glossary defines musical terms. The *Story Orchestra* series brings classical music to life for children through gorgeously illustrated retellings of classic ballet stories paired with 10-second sound clips of orchestras playing from their musical scores. Manufacturer's note: please pull the white tab out of the back of the book before use. Sound buttons require a firm push in exact location to work, which may be hard for young children. All sound clips are 10 seconds long.

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

From the New York Times bestselling author of *The Giver of Stars*, discover the love story that captured over 20 million hearts in *Me Before You*, *After You*, and *Still Me*. "You're going to feel uncomfortable in your new world for a bit. But I hope you feel a bit exhilarated too. Live boldly. Push yourself. Don't settle. Just live well. Just live. Love, Will." How do you move on after losing the person you loved? How do you build a life worth living? Louisa Clark is no longer just an ordinary girl living an ordinary life. After the transformative six months spent with Will Traynor, she is struggling without him. When an extraordinary accident forces Lou to return home to her family, she can't help but feel she's right back where she started. Her body heals, but Lou herself knows that she needs to be kick-started back to life. Which is how she ends up in a church basement with the members of the *Moving On* support group, who share insights, laughter, frustrations, and terrible cookies. They will also lead her to the strong, capable Sam Fielding—the paramedic, whose business is life and death, and the one man who might be able to understand her. Then a figure from Will's past appears and hijacks all her plans, propelling her into a very different future. . . . For Lou Clark,

life after Will Traynor means learning to fall in love again, with all the risks that brings. But here Jojo Moyes gives us two families, as real as our own, whose joys and sorrows will touch you deeply, and where both changes and surprises await.

Free Play is about the inner sources of spontaneous creation. It is about where art in the widest sense comes from. It is about why we create and what we learn when we do. It is about the flow of unhindered creative energy: the joy of making art in all its varied forms. *Free Play* is directed toward people in any field who want to contact, honor, and strengthen their own creative powers. It integrates material from a wide variety of sources among the arts, sciences, and spiritual traditions of humanity. Filled with unusual quotes, amusing and illuminating anecdotes, and original metaphors, it reveals how inspiration arises within us, how that inspiration may be blocked, derailed or obscured by certain unavoidable facts of life, and how finally it can be liberated - how we can be liberated - to speak or sing, write or paint, dance or play, with our own authentic voice. The whole enterprise of improvisation in life and art, of recovering free play and awakening creativity, is about being true to ourselves and our visions. It brings us into direct, active contact with boundless creative energies that we may not even know we had.

West Side Story A&C Black

Laughter, contemporary theory suggests, is often aggressive in some manner and may be prompted by a sudden perception of incongruity combined with memories of past emotional experience. Given this importance of the past to our recognition

of the comic, it follows that some "traditions" dispose us to ludic responses. The studies in *Of Corpse: Death and Humor in Folklore and Popular Culture* examine specific interactions of text (jokes, poetry, epitaphs, iconography, film drama) and social context (wakes, festivals, disasters) that shape and generate laughter. Uniquely, however, the essays here peruse a remarkable paradox---the convergence of death and humor.

Between 1939 and 1942, one of America's leading universities recruited 268 of its healthiest and most promising

undergraduates to participate in a revolutionary new study of the human life cycle. George Vaillant, director of this study, took the measure of the Grant Study men.
