*Organizational Behaviour* OUP Oxford  
 The world's most trusted English course, now with a new generation of digital support.  
**Just Click for the Caribbean** Oxford University Press, USA  
 Illustrating the scope of this fascinating and wide-reaching subject to the student, this clear and concise text gives a broad introduction to international human rights law. Coverage includes regional systems of protection, the role of the UN, and a variety of substantive rights. The author skilfully guides students through the complexities of the subject, and then prepares them for further study and research. Key cases and areas of debate are highlighted throughout, and a wealth of references to cases and further readings are provided at the end of each chapter.

Project Oxford University Press, USA  
 Produced by Oxford's American Dictionaries Program, and

drawing on the expertise of scores of American scholars and advisors, The New Oxford American Dictionary sets the standard of excellence for lexicography in this country. Here is the most accurate and richly descriptive picture of American English ever offered in any dictionary. Oxford's American editors drew on our 200-million-word databank of contemporary North American English, plus the unrivaled citation files of the world-renowned Oxford English Dictionary. We started with American evidence--an unparalleled resource unique to Oxford. Our staff logged more than 50 editor-years, checking every entry and every definition. Oxford's ongoing North American Reading Program, begun in the early 1980s, keeps our lexicographers in touch with fresh evidence of our language and usage--in novels and newspapers, in public records and magazines, and on-line, too. To provide unprecedented clarity, the entries are organized around core meanings, reflecting the way people think about words and eliminating the clutter and confusion of a traditional dictionary entry. Each entry plainly shows the major meaning or meanings of the word, plus any related senses, arranged in intuitive constellations of connected meanings. Definitions are supplemented by illustrative, in-context examples of actual

usage. This major new edition of *The New Oxford American Dictionary* includes a guide to the pronunciations on every page, a new etymology essay by Anatoly Liberman, completely updated and revised maps, and more than a thousand new entries, covering everything new in our language from low-carb to warblog and beyond. *The New Oxford American Dictionary* is designed to serve the user clearly, simply, and quickly, with the precise guidance you expect from Oxford University Press. With in-depth and up-to-date coverage that all users need and expect--for reading and study, for technical terms, for language guidance--it continues the tradition of scholarship and lexicographic excellence that are the hallmarks of every Oxford dictionary. *Web Site* A companion web site is now available at [www.oup.com/us/noad](http://www.oup.com/us/noad).

**Effective Reasoning about Ordinary and Extraordinary Claims** Oxford University Press

Covers the teaching of visual art, drama, dance and music in primary and early childhood education, within the context of integrated creative arts education. It links theory and research to teaching practice, and allows teacher education students to apply what they have learned to new contexts. Australian authors.

*The Power of Critical Thinking* OUP Oxford

*The Power of Critical Thinking: Effective Reasoning About Ordinary and Extraordinary Claims*, Sixth Edition, provides the broadest range of tools to show students how critical thinking applies in their lives and the world around them. It explores the essentials of critical reasoning, argumentation, logic, and argumentative essay writing while also incorporating important topics that most other texts leave out, such as "inference to the best explanation," scientific reasoning, evidence and authority, visual reasoning, and obstacles to critical thinking.

**Oxford Picture Dictionary** Oxford University Press, USA  
Test and Assessment CD-ROM Full teaching notes Photocopiable Grammar, Communicative, Vocabulary, and Song activities Photocopiable Revision activities Extra Support, Extra Challenge, and Extra Ideas for every lesson  
1 Oxford University Press

Provides information in manageable chunks, which is reinforced by questions and activities that encourage students to consider the practical application of science to everyday life. This work is useful for Higher Tier GCSE students.

**American Headway 1. Students Book + Oxford Online Skills Program Pack** Oxford University Press, USA

*Bioethics: Principles, Issues, and Cases*, Fourth Edition, explores the philosophical, medical, social, and legal aspects of key bioethical issues. Opening with a thorough introduction to ethics, bioethics, and moral reasoning, it then covers influential moral theories and the criteria for evaluating them. Integrating eighty-seven readings--ten of them new to this edition--substantive introductions to each issue, numerous classic bioethical cases, and abundant pedagogical tools, this text addresses the most provocative and controversial topics in bioethics.

**Oxford Picture Dictionary** OXFORD

*The Mind's Ear* offers a unique approach to stimulating the musical imagination and inspiring creativity, as well as providing detailed exercises aimed at improving the ability to read and imagine music in silence, in the "mind's ear." Modelling his exercises on those used in theatre games and acting classes and drawing upon years of experience with improvisation and composition, Bruce Adolphe has written a compelling, valuable, and practical guide to musical creativity that can benefit music students at all levels and help music teachers be more effective and inspiring. This expanded edition offers 34 new exercises inspired by improv comedy, hip-hop sampling and loops, robots, and AI as well as a new section based on Mr. Adolphe's Piano

Puzzlers segment on public radio's *Performance Today*. The book provides provocative ideas and useful tools for professional performers and composers, as well as offering games and exercises to serious listeners that can increase their musical understanding and level of engagement with music in a variety of ways.

**Exercises for Improving the Musical Imagination for Performers, Composers, and Listeners** Oxford University Press, USA

*Student Book*: Specific listening and word skills lessons, to help develop well-rounded, confident communicators. *Student Book*: Additional resources, including exam skills trainer sections and extra speaking practice help consolidate what students have covered in the lessons. *Student Book*: Exam skills trainer sections prepare students for typical school-leaving/Cambridge tasks, and provide them with the language, strategies, and exam skills they need to achieve success. *Student Book*: *Culture Bank* includes 9 ready-to-use culture lessons linked to the topic and language of the main units, providing extra reading and listening practice. *Online Practice*: A particular focus on more in-depth practice of grammar, vocabulary, reading, writing, listening, and speaking skills. *Online Practice*: Media-rich content (vox pops, vlogs, grammar animations) with interesting and engaging topics and texts. *Online Practice*: Automatic marking with instant feedback, and progress tracked in the gradebook to save time. *Online Practice*: Content aligned to the CEFR and the Solutions syllabus which complements and extends the contents of the book.

*Yingwen/Zhongwen. English/Chinese* OXFORD

Previous ed.: *Oxford dictionary of Allusions*, 2nd ed., 2005.

**New English File** Pearson Education India

"Incorporates ideas such as learner development, project work, a task-based methodology, role play, and cross-curricular themes, while providing a solid grammar framework and thorough practice of structures, functions and vocabulary"--*Teacher's book*, p. 6.

**International Human Rights Law** Oxford University Press

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of *American English File*. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, *American English File* then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: *The Phonology of English as an International Language*). *American English File* integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique *English File Sounds Chart* puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

**The New Oxford American Dictionary** Oxford University Press, USA
