CLAIRE is a
sixteen-year-

Demon Heart.
FOREST is an
actor on
Demon Heart
who dreams of
bigger roles.
When the two
meet at a
local Comic-
Con panel, it's
a dream come
true for Claire.
Until the Q&A,
that is, when
Forest laughs
off Claire's
assertion that
his character
is gay. Claire
is devastated.
After all, every
last word of
her super-
popular fanfic

revolves around the romance between Forest's character and his male frenemy. She can't believe her hero turned out to be a closed-minded jerk. Forest is mostly confused that anyone would think his character is gay. Because he's not. Definitely not. Unfortunately for Demon Heart, when the video of the disastrous Q&A goes viral, the producers have a PR nightmare on

their hands. In order to help bolster their image within the LGBTQ+ community—as well as with their fans—they hire Claire to join the cast for the rest of their publicity tour. What ensues is a series of colorful Comic-Con clashes between the fans and the show that lead Forest to question his assumptions about sexuality and help Claire come out of her shell. But how far will Claire go to

make her ship canon? To what lengths will Forest go to stop her and protect his career? And will Claire ever get the guts to make a move on Tess, the very cute, extremely cool fanartist she keeps running into? Ship It is a funny, tender, and honest look at all the feels that come with being a fan. [Too Far Gone](#) Spectra In this funny, flirty, and geeky rom com, teenage fanfic writer Kole must

come to terms with internet fame, her insecurities, and a crush she never saw coming.

Amid the constant rain of German bombs and the escalating violence of World War II, British parents by the thousands chose to send their children out of the country: the wealthy, independently ; the poor, through a government relocation program called CORB. In September 1940, passenger liner *SS City of Benares* set sail for Canada with one hundred children on board. Never Too Far Ace WINNER OF THE MAINE LITERARY AWARD FOR NON FICTION NATIONAL BESTSELLER A NEW YORK TIMES NOTABLE BOOK AN NPR BEST BOOK OF THE YEAR ONE OF JANET MASLIN'S MUST-READ BOOKS OF THE SUMMER

A NEW YORK TIMES EDITOR'S CHOICE ONE OF OUTSIDE MAGAZINE'S BEST BOOKS OF THE SUMMER ONE OF AMAZON'S BEST NONFICTION BOOKS OF THE YEAR SO FAR "A powerful and affecting story, beautifully handled by Slade, a journalist who clearly knows ships and the sea."—Douglas Preston, New York Times Book Review "A Perfect Storm for a new generation."

—Ben Mezrich, bestselling author of *The Accidental Billionaires: The Founding of Facebook* On October 1, 2015, Hurricane Joaquin barreled into the Bermuda Triangle and swallowed the container ship *El Faro* whole, resulting in the worst American shipping disaster in thirty-five years. No one could fathom how a vessel equipped with satellite communications, a sophisticated navigation system, and cutting-edge weather forecasting could suddenly vanish—until now. Relying on hundreds of exclusive interviews with family members and maritime experts, as well as the words of the crew members themselves—whose conversations were captured by the ship’s data recorder—journalist Rachel Slade unravels the mystery of the sinking of *El Faro*. As she recounts the final twenty-four hours onboard, Slade vividly depicts the officers’ anguish and fear as they struggled to carry out Captain Michael Davidson’s increasingly bizarre commands, which, they knew, would steer them straight into the eye of the storm. Taking a hard look at America’s aging merchant marine fleet, Slade also reveals the truth about modern shipping—a

cut-throat industry plagued by razor-thin profits and ever more violent hurricanes fueled by global warming. A richly reported account of a singular tragedy, *Into the Raging Sea* takes us into the heart of an age-old American industry, casting new light on the hardworking men and women who paid the ultimate price in the name of profit.
Too Far From Home Frances

Lincoln Children's Books
In this thought-provoking and lyrical debut novel, a young woman's only hope for survival in the dystopian future is a ship, a Noah's Ark, that can rescue 500 people. London burned for three weeks. And then it got worse. . . Young, naive, and frustratingly sheltered, Lalla has grown up in near-isolation in her parents' apartment, sheltered from

the chaos of their collapsed civilization. But things are getting more dangerous outside. People are killing each other for husks of bread, and the police are detaining anyone without an identification card. On her sixteenth birthday, Lalla's father decides it's time to use their escape route -- a ship he's built that is only big enough to save five hundred people. But the utopia her

father has created isn't everything it appears. There's more food than anyone can eat, but nothing grows; more clothes than anyone can wear, but no way to mend them; and no one can tell her where they are going.

Sheep on a Ship

AuthorHouse
On February 1, 2003, ten astronauts were orbiting the planet. Seven headed back to Earth on the space shuttle Columbia.

They never made it. And the three men left behind found themselves too far from home. Chris Jones chronicles the efforts of the beleaguered Mission Control in Houston and Moscow as they work frantically against the clock to bring their men safely back to Earth, ultimately settling on a plan that felt, at best, like a long shot. Yet even amid the danger, the call of space is a siren song,

and Too Far From Home details beautifully the majesty and mystique of space travel, while reminding us all how perilous it is to soar beyond the sky.

Ship of Destiny

Random House
Set in a dark future America devastated by the forces of climate change, this thrilling bestseller and National Book Finalist is a gritty, high-stakes adventure of a teenage boy

But when, by luck or by chance, he discovers an exquisite clipper ship beached

during a recent hurricane, Nailer faces the most important decision of his life: Strip the ship for all it's worth or rescue its lone survivor, a beautiful and wealthy girl who could lead him to a better life.... In this powerful novel, Hugo and Nebula Award winning author Paolo Bacigalupi delivers a fast-paced adventure set in the vivid and raw, uncertain future of his companion novels The

Drowned Cities and Tool of War.
