Clear examples and explanations make the grammar easy to absorb, and emphasis is placed on the acquisition of a wide range of essential vocabulary from an early stage. Balance and variety are prominent features of the Pasos course: a balance of freer activities and graded, accuracy-based tasks; a balance of presentation and practice

of new language items; a balance between the study and use of grammar and vocabulary, the cornerstones of language-learning. There are regular opportunities for revision and consolidation, and vocabulary and grammar support are given both at the end of each lesson and in full at the end of the book. This edition takes account of developments

in modern life, such as new technology and practical communication. Units begin with a Prepage of activities and include plenty of grammar tasks. The Rincón Cultural feature presents short texts of cultural interest and each unit ends with an Autoevaluación self-assessment checklist enabling students to review what they have learnt. Audio track references on a page-by-

page basis ensure that listening activities are easily identified and new online resources are a useful addition to this highly successful course. Pasos 1 is ideal for group study and is also useful for independent study and revision. It covers the skills and structures required at GCSE level.

That is a great start! As you begin the equivalent of a second semester Spanish course with these materials,

some of you might think about how long it has been since you studied Spanish while others may come to the class with some background knowledge. We want you to know this book has been designed with many types of learners in mind. Our goals were to address the need for students to achieve the ability to communicate in written and spoken form. We sought to address a common

statement by students that may have previous experiences, be they from secondary school or another college that say, "I have studied Spanish for years and don't know how to speak or write it." We also sought to present a reasonable alternative to the expensive textbooks and online packages that don't seem to be practical or relevant. We sought to enhance second

language learning by creating our own materials that take a new approach, the flipped classroom model, to learning a second language based upon the skills that we deem most useful and that will enable our students to confidently express themselves in Spanish-tú puedes con Yo puedo 2. *Pasos 1 Spanish beginner's course speaking & listening [CD]* Teach Yourself

"Chambers Adult Learners' Guide to Spelling is a completely new book, aimed at adults who lack

confidence in their ability to spell. It is not about all those 'spelling rules'. Instead, it presents a practical routine that teaches learners strategies to conquer any word they find difficult and learn it for life. The two-colour text is clearly and spaciouly laid out, and plentiful examples, activities and illustrations reinforce the skills being learned."-- PUBLISHER'S WEBSITE.
