Combat and prevent the effects of burnout with a detoxifying and nourishing cleanse program that liberates your body from poisons that make you sick, tired, and overweight—from the New York Times bestselling author of Dr. Kellyann's Bone Broth Diet and The 10-Day Belly Slimdown “If you are feeling tired, unhealthy, and emotionally burned-out and want a fresh way to rejuvenate, Kellyann has a message for you: she’s been where you are. And she knows the way out.”—Mehmet Oz, MD “Dr. Kellyann Petrucci has done a terrific job bringing the science of detoxification to the table. This is a top-notch way to deal with the multiple toxic challenges posed by our modern world.”—David Perlmutter, MD, #1 New York Times bestselling author of Grain Brain and Brain Wash Whether from stressful times like the holidays or from the demands of your regular routine, your body naturally becomes depleted over time, making it even more difficult to lose weight and maintain the energy and vitality you need to get through the day. This is something Dr. Kellyann Petrucci experienced firsthand in 2017 while she was writing her last book, doing nonstop TV appearances, and running her business. She gained 20 pounds, her hormones went haywire, and she was at a loss for how to turn things around. She decided it was time to hit the reset button and created her simplest plan yet, specifically designed to help the millions of women who are overweight, overworked, and overextended get reenergized both physically and mentally. This is a comfortable, incredibly powerful 5-day cleanse protocol that resets your

metabolism, giving you the kind of quick, confidence-boosting results you need to get back on a healthy track. The power ingredient in the Cleanse and Reset is collagen, which improves skin elasticity and brings back that coveted youthful glow, eases joint pain, heals leaky gut, supports weight management, and has anti-inflammatory properties. The healing and reparative smoothies, shakes, soups, and bone broth blends that you’ll enjoy on the 5-day cleanse are packed with collagen and can be adapted to any diet, with a focus on modifying the cleanse for the keto diet (along with great collagen alternatives for vegetarians and vegans!). The program also includes an optional 1-day “keto push” that you can follow for an extra boost the day before you begin your cleanse. Dr. Kellyann's Cleanse and Reset will help you slim your body, deep-cleanse your cells, and reclaim your energy and focus so you can start feeling truly good again.

10 DAY GREEN SMOOTHIE CLEANSE: Purify Your Body With A Simple Green Smoothie Detox By definition, Green smoothies are a delicious blended drink made from fruit and leafy greens. Leafy greens as their name suggests, are green leaves of edible plants. A green smoothie is a thick beverage made from blended raw fruit or vegetables with other ingredients such as water, ice, dairy products or sweeteners. These healthy green smoothies are made by blending raw leafy green vegetables with fruit in order to soften and sweeten the drink. The most popular vegetables used in green smoothies are kale, spinach, Swiss chard, collard greens, celery, broccoli, and parsley. The consumption of raw, leafy green vegetables as occurs when a person drinks green smoothies, can bring at first a person feel great after adopting this habit, particularly if he or she is coming off a highly processed, nutrient poor diet. Blending the greens in a powerful blender, causes to liquefying the greens far more thoroughly than we can by chewing. This releases the nutrients from the cellulose, which is indigestible, and makes them more accessible to our digestive system. Digesting food creates free radicals; therefore we have to be sure the food we eat has to be packed with antioxidants. Some examples of antioxidant rich foods are: Chia, Raw Cacao, Blueberries, Strawberries, Beets, Red Wine, Green Tea and Pomegranates. Digestion isn't the only physiological source of free radicals; exercise is too, so there is an additional reason to eat sufficient amounts of antioxidants. It is well known to all of us, that if we want to stay healthy we should eat a lot of greens. But many people don't like to eat greens. Even if you're one of the people who does like greens, in order to get more nutritional and health benefits from the greens is to eat them raw, and to chew them very thoroughly to shatter the cell and obtain the nutrients within. But the amount of chewing required is so large that it makes it difficult. Green smoothies are a perfect solution for those issues. The Basic Recipe For A Green Smoothie: In order to make a green smoothie add 4 cups of water to your blender. Rinse the desired quantity of greens, and remove any thick leaves or stems. Add greens to the blender. Put on the lid and blend, starting on low and turning your blender up to high. Blend until completely smooth. Add bananas or mango depending on how thick you like your smoothies. Add other fruit and berries at taste, removing pits, cores and peels if necessary. Blend again until smooth. In *Green for Life*, raw foods pioneer Victoria Boutenko presents an overlooked powerhouse of nutrition in this equation: greens. This quick, simple drink benefits everyone, regardless of lifestyle, diet, or environment. Green smoothies eliminate toxins, correct nutritional deficiencies, and are delicious as well. *Green for Life* includes the latest information on the abundance of protein in greens, the benefits of fiber, the role of greens in homeostasis, the significance of stomach acid, how greens make the body more alkaline, the healing power of chlorophyll, and more. Also included are the results of a pilot study demonstrating the effectiveness of adding just one quart of green smoothies a day to one's diet, without changing anything else in dietary intake.
