Using straightforward

explanations and clear  
diagrams to provide a  
comprehensive reference  
bank of important  
concepts and skills, this  
textbook looks at  
generating a design,  
manufacturing, properties  
of fabrics and fibres and  
using IT.

*AQA GCSE (9-1) Design  
and Technology: All  
Material Categories and  
Systems* Longman  
Target success in AQA  
GCSE (9-1) Design and  
Technology with this

proven formula for effective, structured revision. Key content coverage is combined with exam-style tasks and practical tips to create a revision guide that students can rely on to review, strengthen and test their knowledge. With My Revision Notes, every student can: - plan and manage a successful revision programme using the topic-by-topic planner - consolidate subject knowledge by working through clear and focused content coverage - test understanding and

identify areas for improvement with regular 'Now Test Yourself' tasks and answers - improve exam technique through practice questions, expert tips and examples of typical mistakes to avoid - get exam ready with extra quick quizzes and answers to the practice questions available online. *Electronic Products Aqa GCSE (9-1) Design & Technology 8552* Illustrated revision and practice: Absolute clarity is the aim with a new generation of revision guide for the 2020s. This

guide has been expertly compiled and edited by successful teachers of Design and Technology, industry professionals, highly experienced examiners and a good dollop of scientific research into what makes revision most effective. Past examinations questions are essential to good preparation, improving understanding and confidence. This guide has combined revision with tips and more practice questions than you could shake a stick at. All the essential

ingredients for getting a grade you can be really proud of. Each specification topic has been referenced and distilled into the key points to make in an examination for top marks. Questions on all topics assessing knowledge, application and analysis are all specifically and carefully devised throughout this book.

**The Essentials of  
G.C.S.E. Design and**

**Technology** Letts and Lonsdale  
 This is a brand new book that provides comprehensive yet concise coverage of all the topics and disciplines covered in the new AQA 8552 Design and Technology (9-1) specification, written and presented in a way that is accessible to teenagers and easy to teach from. It will be invaluable both as a course text and as a revision guide for students nearing the end of their course. It is divided into neat sections

covering every element of the specification. Sections 5A to 5F of the textbook cover each of the six specialist technical areas. These sections would complement practical classroom experience. Solutions to all questions and exercises are provided in a free teacher pack available on our website. To accompany this textbook, PG Online also publishes a series of 12 downloadable teaching units. Each topic in a unit consists of a PowerPoint presentation, teacher's notes, worksheets,

homework sheets and a final assessment test with practice questions. Each topic within a unit is expected to be taught over several lessons in a week. Units are sold as a lifetime site licence and may be loaded onto the school's private network or VLE.

Oxford University Press, USA

New editions of the bestselling Revise GCSE Study Guides with a fresh new look and updated content in line with

curriculum changes. Revise GCSE contains everything students need to achieve the GCSE grade they want. Each title has been written by a GCSE examiner to help boost students' learning and focus their revision. Each title provides complete curriculum coverage with clearly marked exam board labels so students can easily adapt the content to fit the course they are studying. Revise GCSE is an ideal course companion throughout a student's GCSE study and

acts as the ultimate Study Guide throughout their revision.

### **Textiles Technology Through Diagrams** Pg

Online Limited

Are your students getting lower marks in the written paper than the design and make element? Help them to achieve better results with this textbook, which has been created after listening to the needs of students and teachers.

We understand that a real understanding of

Resistant Materials

Technology requires more than simply ticking off

theory listed in the specification. Students need to know how and where to apply it, and understand why. Student projects are chosen to illustrate the creativity at the heart of the subject and to inspire your students. The good practice they demonstrate, and the constant links between the projects and theory, will mean more motivated students with a far better understanding of the subject.

*The Essentials of G.C.S.E. Design and Technology*

Letts & Lonsdale  
 Exam board: WJEC Level:  
 GCSE Subject: Design and  
 Technology First teaching:  
 September 2017 First  
 exams: Summer 2019  
 Reinforce classroom  
 learning and boost  
 students' understanding  
 of their chosen area of  
 design and technology  
 with this textbook written  
 for the WJEC GCSE Design  
 & Technology  
 specification for Wales.  
 Written by leading D&T  
 experts, this textbook will  
 build your students'  
 knowledge of the core  
 principles, help to develop

their designing and  
 making skills and provide  
 them with the opportunity  
 to make sure they are  
 ready to tackle both parts  
 of the assessment. - Helps  
 students clearly  
 understand the core  
 knowledge, understanding  
 and skills and general  
 concepts of designing and  
 making, as well as build  
 their knowledge,  
 understanding and skills  
 of either Engineering  
 Design, Fashion and  
 Textiles or Product Design  
 in more depth - Hones  
 students' mathematical  
 and scientific ability so

they don't miss out on the  
 easy marks - Features  
 practice questions in the  
 style of the written exam  
 to make sure students are  
 confident to tackle the  
 written element of the  
 assessment - Inspires and  
 motivates students with  
 stretch and challenge:  
 activities designed to  
 challenge the more able  
 learners and to ensure  
 progression to A-level  
*GCSE Design and

typical mistakes to avoid - get exam ready with extra quick quizzes and answers to the practice questions available online. **Food technology** Hodder Education Explore, create, evaluate: help your students to develop an understanding of the iterative design process and to be critical and innovative designers, while developing the knowledge and skills they need for the 2017 OCR GCSE D&T specification. Confidently navigate both the core and in-depth principles of design and

technology, including less familiar materials and system components, to ensure your students have the knowledge and understanding they need.

- Builds a toolkit of knowledge, understanding and design development skills for the chosen materials or systems, with dedicated chapters covering each of the main categories of materials
- Develops mathematical and scientific skills with practice questions that apply this learning in context
- Supports the Non-Exam Assessment

with guidance on how to approach the Iterative Design Challenge, which includes imaginative and creative examples of student projects to inspire and engage · Helps students to prepare for the written assessment with practice questions covering both the 'core' and 'in-depth' content  
Food technology Hodder Education  
Exam Board: AQA Level: GCSE Subject: D&T First Teaching: September 2017 First Exam: June 2019 Build in-depth understanding and inspire

your students to tackle design challenges both practically and creatively, with a textbook that delivers the Core Technical plus Specialist Technical and Design & Making Principles needed for the 2017 AQA D&T GCSE. The insight of our author team will build topic knowledge, including the technical principles of materials with which you are less familiar, to ensure you can navigate the specification with confidence whilst your students' ideas flourish. ·

Trusted author team of specialist teachers and those with examining experience · Build topic knowledge with learning objectives directly linked to the specification and short activities to reinforce understanding · Develop mathematical and scientific knowledge and understanding with activities that link topics to maths and science · Inspire your students as they undertake the iterative design process, with examples of imaginative design-and-make tasks, and a look at

how to approach the Non-Exam Assessment · Check knowledge and understanding with end of topic summaries and practice questions for the written exam

**My Revision Notes:  
WJEC GCSE Design and  
Technology** Letts &

Lonsdale  
Specifically written to cover the AQA GCSE Product Design specification, our student book takes a focused look at the creative and manufacturing processes of product design, whilst providing comprehensive

support for the Controlled Assessment. Clear learning objectives at the start of each chapter, helping students focus on what they need to know. Key terms reinforce learning, providing definitions of key words that students need to be familiar with. Includes a range of activities that develops design and making skills, encouraging students to apply concepts to real-life contexts.
