Chilton's Import Car Manual 1980-1987 Beyond Words/Atria Books

The complete works of one of England's greatest Edwardian writers Saki is perhaps the most graceful spokesman for England's 'Golden Afternoon' - the slow and peaceful years before the First World War. Although, like so many of his generation, he died tragically young, in action on the Western Front, his reputation as a writer continued to grow long after his death. His work is humorous, satiric, supernatural, and macabre, highly individual, full of eccentric wit and unconventional situations. With his great gift as a social satirist of his contemporary upper-class Edwardian world, Saki is one of the few undisputed English masters of the short story and one of the great writers of a bygone era. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Chilton's Component Locator Manual, 1982-1989 Eastwest Books (Madras)

It takes a strong man to resist the strange allure of a Holden Piazza, and at the age of eight, lying on his parents' lounge room floor watching Sale of the Century, Chris Warr didn't stand a chance. An unhealthy obsession was born. The Holden Piazza, a glossy black wedge-bonneted sports car, was the ultimate prize of prizes on Australia's richest quiz show. Unfortunately it was also frequently the butt of jokes from motoring critics and the general public alike. Its launch in 1986 attracted comments such as, 'Holden Piazza; the answer to the question nobody asked' and 'exhilarating in the hands of an experienced driver . . . dangerous in the hands of others'. So it's not surprising that less than 200 new Holden Piazzas were sold in Australia, and less than 80 are still on Australian roads today. Chris lived with his hidden shame for over a decade, until fate led to a meeting with Joe Kremzer, a fellow Piazza aficionado and a dream was born. Together, they would go in search of the Holden Piazza - indeed they would go in search of the Holden Piazza IN a Holden Piazza - travelling the length and breadth of Australia seeking out owners past and present of this iconic if much maligned vehicle. Their quest results in a quirky, laugh-out-loud adventure, in the tradition of Tony Hawkes (Round Ireland With A Fridge) and Dave Gorman. A rollicking great read for all motoring tragics and anyone who likes a beer and a laugh, In Search of the Holden Piazza is as Australian as pie and sauce or a beat-up FJ Holden.

Connecting You to English Around the World BRILL

Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each model is examined individually and supplemented by exhaustive supporting specification tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North American model specifications are the most comprehensive to be found in a single book. Global and regional sales statistics are included. GM executives and management from around the globe are listed with the roles they held. An index ensures that these volumes serve as the ideal reference source on GM.
