Storytelling—fun and easy? Do tell! • An easy-to-use resource for beginning storytellers • Connect an enjoyable and traditional form of communication (storytelling) with the newer concept of standards-based instruction as it pertains to storytelling • Receive step-by-step guidance on how to tell stories, as well as how to get students to tell stories too Annie Weissman has been telling stories for over 30 years, and has been teaching others how to tell stories for almost as long. Here, she gives beginning storytellers step-by-step guidance in getting started (criteria for selection, learning the story), presenting a story (voice, pace,

dialects, facial expressions, sound effects, audience participation), using proverbs to tiptoe into storytelling and integrating storytelling into school curriculum (social studies, mythology, tall tales, math and language arts). She also includes specific lesson plans for a unit in which students learn to tell stories, as well as provides a timeline, strategies and ideas for holding a storytelling festival at your school. 32 sample stories from traditional folk literature are included. A bibliography of books with good stories for beginning storytellers, both students and adults, as well as books on the art of storytelling are included.

SHORTLISTED FOR THE TED HUGHES PRIZE 2015 Tabard Inn to Canterb'ry Cathedral, Poet pilgrims competing for free picks, Chaucer Tales, track by track, it's the remix From below-the-belt base to the topnotch; I won't stop all the clocks with a stopwatch when the tales overrun, run offensive, or run clean out of steam, they're authentic and we're keeping it real, reminisce this: Chaucer Tales were an unfinished business. In Telling Tales award-winning poet Patience Agbabi presents an inspired 21st-Century remix of Chaucer's Canterbury Tales retelling all of the stories, from the Miller's Tale to the Wife of Bath's in her own critically acclaimed poetic style. Celebrating Chaucer's Middle-English masterwork for its performance element as well as its poetry and pilgrims, Agbabi's newest collection is utterly unique. Boisterous, funky, foul-mouthed, sublimely lyrical and bursting at the seams, Telling Tales takes one of Britain's most significant works of literature and gives it thrilling new life.

Storytelling with Data Canongate Books

The Guide has been written primarily for students of GCSE English Literature as specified by AQA in the post-2015 syllabus (8702). It addresses specifically the requirement to study one from a choice of set texts, which includes post-1914 prose fiction and that students should study the whole text. These requirements are assessed in Paper 2 (Modern Texts and Poetry), Section A: Modern Texts of the examination. The Guide covers all the short stories in the anthology Telling Tales. The Guide aims to address Assessment Objectives AO1, AO2, AO3 for the examination of this component, namely: AO1: Read, understand and respond to texts. Students should be able to: -maintain a critical style and develop an informed personal response -use textual references, including quotations, to support and illustrate interpretations. NOTE: There is no requirement to compare texts. AO2: Analyse the language, form and structure used by a writer to create meanings and effects, using relevant subject terminology where appropriate. AO3: Show understanding of the relationships between texts and the contexts in which they were written.

Don't simply show your data—tell a story with it! Storytelling with Data teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or

presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it!

Storytelling is an art as well as a skill. It allows the listener to take an idea and shape it into something that is relatable on a personal level. In *The Art of Storytelling: Telling Truths through Telling Stories*, Amy E. Spaulding enables the reader to learn how to develop this skill while also discovering the tradition of storytelling. She covers a wide array of key storytelling elements, from advice on choosing, learning, and presenting stories to discussions about the importance of storytelling through human history and its continued significance today. This book includes an annotated list of stories, along with a bibliography of collections and a brief list of recommendations for online sources. Designed for anyone who wants to develop the skill of telling stories, *The Art of Storytelling* is a unique resource for drama students, teachers, and librarians. Book jacket.

A new selection for the NEA's Big Read program A compact selection of Poe's greatest stories and poems, chosen by the National Endowment for the Arts for their Big Read program. This selection of eleven stories and seven poems contains such famously chilling masterpieces of the storyteller's art as "The Tell-tale Heart," "The Fall of the House of Usher," "The Cask of Amontillado," and "The Pit and the Pendulum," and such unforgettable poems as "The Raven," "The Bells," and "Annabel Lee." Poe is widely credited with pioneering the detective story, represented here by "The Purloined Letter," "The Mystery of Marie Roget," and "The Murders in the Rue Morgue." Also included is his essay "The Philosophy of Composition," in which he lays out his theory of how good writers write, describing how he constructed "The Raven" as an example.
