Nothing has been the same since Noah's Daddy got cancer -except Cinnamon Roll Sunday. Every week, Noah and Daddy walk to the corner market and bring home fresh cinnamon rolls and the paper. They cuddle up on the couch and read the Sunday comics together while savoring each sweet bite. When Daddy's hair falls out, he and Mamma explain what is happening, answering the many questions popping up in Noah's mind. Noah worries Daddy will die. He imagines shredding the cancer to pieces. Noah stomps on his cinnamon roll in protest. Things aren't going the way they are supposed to! At school, Noah's counselor encourages him to draw each of his mixed-up feelings. Noah shares with his best friend, Ben, that Daddy is too sick to coach their team. Grandma walks to the market with Noah that week. Things are changing fast. Cinnamon Roll Sunday tells the story of seven-year-old Noah as he copes and adapting to the many changes implicit to a loved-one's serious illness. The story spans from just after Daddy's cancer diagnosis until after his death, and is told with tenderness, playfulness, and in a voice of resiliency. What do you do when someone is very sick and might die? Anticipatory grief is a difficult issue to address as it counters the cultural taboo of talking about death with kids, especially if it might not happen or hasn't yet happened. Cinnamon Roll Sunday answers that question for

children, and in doing so, breaks the taboo, and bridge this gap in the field of grief. Cinnamon Roll Sunday demonstrates through story how to cope with the uncertainty of illness in a family and how to have healthy, age-appropriate conversations about difficult subjects. Cinnamon Roll Sunday is intended to be read aloud by a parent, teacher, helper, or therapist to school-age children who have (had) a loved-one who is seriously ill. It acts as a springboard for healthy communication and a normalizes the many mixed up thoughts and feelings indicative of anticipatory grief.

[Santa's Bicycle](#) Code Babies Academy Hey kids, do you want to know how to make all-stars for your baseball league? Or parents, do you feel like the coaches keep passing your child up? Well no more! Or coaches, want drills and ways to motivate your players to get better? Coach Andy Collins is going to tell you everything he knows from his 35 years of youth and adult coaching and watching what works and what doesn't work. It's chock-full of ideas in 86 pages. He'll cover: * How your league chooses all-stars * What all-star selectors are really looking for * 7 tried and true methods of getting better at baseball * But more importantly, little known ways to get the people picking the team to

notice you * And how to beat the "politics" that seem to get in the way Year after year kids sit in the stands crying after the all-star teams are announced and they weren't one of the players that were chosen. At the same time the students I've trained do make these same all-star teams. It was then I realized I had the information that the kids in the stands and their parents and coaches were looking for. Wherever there are kids around the world that play youth baseball, there are kids that long to make the league's all-star team. Every year it's the same, kids that desperately want to have their name called out (or see it announced on the list) don't make it, and a little bit of them is hurting deep inside; and they don't know why they were not picked. Little did they know that they could have fairly accurately predicted their chances almost from day one of when the season started. And if they knew what you're about the find out, they could improve enough in skill in the eyes of the all-star selectors as to be a better player or even make the all-star team. The good news is that in this book, there is a way to learn how to make the all-star team for the next upcoming season; and if not then, the following year (if you're willing to listen and follow the advice I give). While I have written this for parents and coaches to learn how this process works and how they can help these youngsters achieve their dreams, this is mostly a book written for the kid who wants to make all-stars, not a book for the parent who wants their kid to make all-stars (there is a difference). And it will be in that voice that this book will be written.

Having a little sister isn't always a picnic. Older sisters may feel jealous of the time taken away from them, the toys they have to share, and the attention focused on the youngest member of their family. Getting along is often a day-to-day battle, but what can parents do to make this situation easier and to help children realize how special it is to have a sister? In *Spice & Little Sugar*, the delightful new children's book about sibling rivalry, authors Megan Waldrep and Melissa Nelson show big sisters the big benefits, responsibilities, and absolute joys of

their role. Told in a whimsical rhyme that children will love to read aloud, Spice & Little Sugar first humorously relates all the ways Little Sugar gets on Spice's nerves, from grabbing her favorite toys to sticking to her like glue when Spice wants to be left alone. But gradually Spice comes to realize that Little Sugar does have her good points, including sticking up for her when she gets in trouble with their parents and saving the day with her cute face. Parents will love the warm, gentle lessons the book teaches about understanding how positives can outweigh negatives, and kids will laugh at the playful illustrations and funny story. The perfect book for siblings, Spice & Little Sugar can be read and enjoyed by the whole family, time and time again.
