An exceptionally moving story of triumph against all odds set during World War II, from the acclaimed author of *Fighting Words*, and for fans of *Fish in*

a Tree and Number the Stars. Ten-year-old Ada has never left her one-room apartment. Her mother is too humiliated by Ada's twisted foot to let her outside. So when her little brother Jamie is shipped out of London to escape the war, Ada doesn't waste a minute—she sneaks out to join him. So begins a new adventure for Ada, and for Susan Smith, the woman who is forced to take the two kids in. As Ada teaches

herself to ride a pony, learns to read, and watches for German spies, she begins to trust Susan—and Susan begins to love Ada and Jamie. But in the end, will their bond be enough to hold them together through wartime? Or will Ada and her brother fall back into the cruel hands of their mother? This masterful work of historical fiction is equal parts adventure and a moving tale of family and

The book you hold in your hand or you are just ordering from an online store is a unique book. It is the first book by the contemporary mystic Osho. At the beginning of his public life, Osho who is at that time a professor of philosophy at Jabalpur University, introduces people to a new and unique understanding of meditation during experiential meditation camps. He speaks to the participants and responds to questions. This book is the first published records of Osho's first meditation camp in Rajasthan, India. In fifteen small chapters he gives a condensed presentation of his understanding of meditation which he then elaborates in

many more talks and publications - but the essential message is already available in this book. Osho speaks to the individual, not to a collective, not the abstract collective of humanity, or a collective defined by religion or nationality or race but to individuals as the core element of existence. We used one of his opening comments as a longer quote on the front cover of the

book as it seem so important "The individual is the unit of the whole and it is through him that both evolution and revolution can take place. You are that unit." Osho, mentions this book on several occasions in his later talks. When the second prime minister of India traveled to Russia, a copy of The Perfect Way was with him. And when someone in contact with Osho at the age of ninety

stumbled upon The Perfect Way, he commented, "All my learning of the scriptures was futile, only this small book is enough." In The Perfect Way the reader meets a human being who knows, but who also knows how to convey what he knows. His genius in full flight, he points us as far as one can with words toward the inner world of the self, toward the zone of silence. What

starts on a hot summer day in the early 1960's will prove to be the first seed of a revolutionary experiment in the flowering of human consciousness - one which will eventually transform the lives of millions of people all over the world. "To be without thoughts is meditation," Osho says. "When there are no thoughts, it is then we come to know the one hidden by our thoughts. When there are no clouds,

the blue sky is revealed." This book is page after page of blue sky. Mystery of the Map (Poptropica Book 1) Macmillan + ORM "A gripping, meticulously researched account of Lenin's fateful rail journey from Zurich to Petrograd, where he ignited the Russian Revolution and forever changed the world. In April 1917, as the Russian Tsar Nicholas II's abdication sent

shockwaves across war-torn Europe, the future leader of the Bolshevik revolution Vladimir Lenin was far away, exiled in Zurich. When the news reached him, Lenin immediately resolved to return to Petrograd and lead the revolt. But to get there, he would have to cross Germany, which meant accepting help from the deadliest of Russia's adversaries. Germany saw an opportunity

to further destabilize Russia by allowing Lenin and his small group of revolutionaries to return. Now, drawing on a dazzling array of sources and never-before-seen archival material, renowned historian Catherine Merridale provides a riveting, nuanced account of this enormously consequential journey--the train ride that changed the world--as well as the underground conspiracy

and subterfuge that went into making it happen. Writing with the same insight and formidable intelligence that distinguished her earlier works, she brings to life a world of counter-espionage and intrigue, wartime desperation, illicit finance, and misguided utopianism. This was the moment when the Russian Revolution became Soviet, the genesis of a system of

tyranny and faith that changed the course of Russia's history forever and transformed the international political climate"--

The Nobel
Lecture in
Literature,
delivered by
Kazuo Ishiguro
(The Remains
of the Day and
When We
Were
Orphans) at
the Swedish
Academy in
Stockholm,
Sweden, on
December 7,
2017, in an
elegant,
clothbound
edition. In
their

announcement of the 2017 Nobel Prize in Literature, the Swedish Academy recognized the emotional force of Kazuo Ishiguro's fiction and his mastery at uncovering our illusory sense of connection with the world. In the eloquent and candid lecture he delivered upon accepting the award, Ishiguro reflects on the way he was shaped by his upbringing, and on the turning points in his

career—"small scruffy moments . . . quiet, private sparks of revelation"—that made him the writer he is today. With the same generous humanity that has graced his novels, Ishiguro here looks beyond himself, to the world that new generations of writers are taking on, and what it will mean—what it will demand of us—to make certain that literature remains not just alive, but essential. An enduring work

on writing and becoming a writer, by one of the most accomplished novelists of our generation. In Arcadia Fawcett 1001 Quotations To Inspire You Before You Die is full of smart remarks - not just sassy one-liners (although there are plenty of those), but also more considered, philosophical epigrams that make us pause and reflect on a range of profound topics. Each

quotation is accompanied by an insightful account of its meaning and the historical context in which it was first uttered or written. Some famous quotations are straightforward, but many need contextualising - it's often not exactly what was said, but who said it, and in what context, that is more important. Many oft-quoted remarks open up whole new worlds of thought and interpretation.

What, for example, did Voltaire mean when he wrote 'If God did not exist, it would be necessary to invent him'? - was he hinting at his own atheism (unlikely, given the age in which he lived) or making a more subtle point about the difficulty of apprehending the Almighty? This book looks into these and a host of other such questions, and takes the reader from the source material into

illuminating discussions of its wider significance. We all love quotations - we use them to make our points, to plead our cases and to justify our opinions, as well as to honour, glorify, motivate, incite, besmirch, bewitch and beguile. 1001 Quotations To Inspire You Before You Die will help you do all that and more.

For forty years, J.G. Ballard

has shared his unnervingly prescient vision of where civilization was headed. He kept his unflinching eye on the point where technological progress has worn away our humanity. And Super-Cannes is Ballard at his best: "Rarely has his vision been so total, his creation so complete" (Minneapolis Star-Tribune). Eden-Olympia is more than just a multinational business park. Isolated and secure,

overlooking the French Riviera, it is a virtual city-state offering the latest in services and facilities for the most elite high-tech industries. Yet one day Dr. Greenwood from Eden-Olympia's clinic goes on a suicidal shooting spree. Dr. Jane Sinclair is hired as his replacement, and she and her husband, Paul, are given Dr. Greenwood's house as a residence. Convalescing after an accident, Paul

becomes fascinated with Dr. Greenwood and his shocking crimes. Clues in the house lead him to question Eden-Olympia's official account. While Jane is lured deeper into Eden-Olympia's inner workings, Paul uncovers the dangerous psychological vents that maintain its smoothly running surface. And so far, he's managed to get through life without ever reading an entire book from cover to cover. But now that he's in middle school, avoiding reading isn't as easy as it used to be. And when his friend Timmy McGibney decides that he's tired of

covering for him, Charlie Joe finds himself resorting to desperate measures to keep his perfect record intact. *Baby's Very First Lift-the-flap Peek-a-boo* Periscope This Turkish bestseller tells the story of a real-life Sephardic Jewish woman who gained access to Suleiman the Magnificent. starring

Charlie

Hunnam! "It

took me a

long time and

most of the

world to learn what I know about love and fate and the choices we make, but the heart of it came to me in an instant, while I was chained to a wall and being tortured." An escaped convict with a false passport, Lin flees maximum security prison in Australia for the teeming streets of Bombay, where he can disappear.

Accompanied by his guide and faithful friend, Prabaker, the two enter the city's hidden

society of beggars and gangsters, prostitutes and holy men, soldiers and actors, and Indians and exiles from other countries, who seek in this remarkable place what they cannot find elsewhere. As a hunted man without a home, family, or identity, Lin searches for love and meaning while running a clinic in one of the city's poorest slums, and serving his apprenticeship in the dark

arts of the Bombay mafia. The search leads him to war, prison torture, murder, and a series of enigmatic and bloody betrayals. The keys to unlock the mysteries and intrigues that bind Lin are held by two people. The first is Khader Khan: mafia godfather, criminal-philosopher-saint, and mentor to Lin in the underworld of the Golden City. The second is Karla: elusive, dangerous,

and beautiful, whose passions are driven by secrets that torment her and yet give her a terrible power. Burning slums and five-star hotels, romantic love and prison agonies, criminal wars and Bollywood films, spiritual gurus and mujaheddin guerrillas—this huge novel has the world of human experience in its reach, and a passionate love for India at its heart. *The Art of the Film* Simon and Schuster

Physical retail isn't dead—but boring retail is! Remarkable Retail equips the savvy retailer with eight essential strategies to thrive in an increasingly volatile and uncertain future. Digital technology has profoundly altered the competitive landscape for retailers. In Remarkable Retail, industry thought leader Steve Dennis argues that in a world of nearly infinite choice, where

the lines between digital and physical are increasingly blurred, even being very good is no longer good enough. To win and keep customers today, retailers must be nothing short of remarkable. In most retail categories, digital channels are often central to the consumer's journey, but that doesn't mean people aren't also shopping in stores; they're just using them

differently, often browsing in one channel and buying in the other. The notion of a physical store channel and an ecommerce channel is increasingly a distinction without a difference; the customer is the channel. The future belongs to those who embrace the blur of digital and physical that represents modern retail today and work to deliver an experience that is more

harmonized and more memorable, regardless of how consumers decide to shop. Packed with illuminating case studies from some of modern retail's biggest success stories—and leveraging Dennis's more than thirty years as a senior executive and strategic consultant to dozens of brands—Remarkable Retail lays out the case for going beyond a slightly better

version of mediocre and forging a path to being truly remarkable. To help retailers on this transformation journey, Dennis presents eight essential strategies for visionary leaders who are prepared to reimagine their way of doing business. A remarkable retailer is digitally enabled, human-centered, harmonized, mobile, personal, connected, memorable,

and radical. In an age where consumers have short attention spans, myriad options, and a digitally integrated relationship with every brand, Remarkable Retail is your indispensable guide to creating a powerful retail experience that keeps your customers coming back for more.

100 Prison Meditations: Cries of Truth From Behind the Iron Curtain
Faber & Faber Limited

Netflix's series adaptation of One Hundred Years of Solitude premieres December 11, 2024! One of the twentieth century's enduring works, One Hundred Years of Solitude is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the

history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and

decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately

reverential and comical, One Hundred Years of Solitude weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.
