America's criminal codes are so voluminous that they now bewilder not only the average citizen but also the average lawyer. Our courthouses are so clogged that there is no longer adequate time for trials. And our penitentiaries are overflowing with prisoners. In fact, America now has the highest per capita prison population in the world. This situation has many people wondering whether the American criminal justice system has become dysfunctional. A generation ago Harvard Law Professor Henry Hart Jr. published his classic article, "The Aims of the Criminal Law," which set forth certain fundamental principles concerning criminal justice. In this book, leading scholars, lawyers, and judges critically examine Hart's ideas, current legal trends, and whether the "first principles" of American criminal law are falling by the wayside. Policymakers, academics, and citizens alike will enjoy this lively discussion on the nature of crime and punishment, and how the choices we make in formulating criminal laws can impact liberty, security, and justice.

each other and that policy debates concerning judicial independence were impoverished, the editors convened a conference of scholars from the disciplines of law, political science, history, economics and sociology. *Judicial Independence at the Crossroads: An Interdisciplinary Approach* is a collection of essays reflecting the disciplinary perspectives of the authors and the shared understanding that emerged from the conference.

You have to remember, he reminded me, that Harvard is older than the U.S. government. You have to remember because Harvard doesn't let you forget. 1969: the height of counterculture and the year universities would seek to curb the unruly spectacle of student protest; the winter that Harvard University would begin the tumultuous process of merging with Radcliffe, its all-female sister school; and the year that Jane Britton, an ambitious twenty-three-year-old graduate student in Harvard's Anthropology Department and daughter of Radcliffe Vice

President J. Boyd Britton, would be found bludgeoned to death in her Cambridge, Massachusetts apartment. Forty years later, Becky Cooper a curious undergrad, will hear the first whispers of the story. In the first telling the body was nameless. The story was this: a Harvard student had had an affair with her professor, and the professor had murdered her in the Peabody Museum of Archaeology and Ethnology because she'd threatened to talk about the affair. Though the rumor proves false, the story that unfolds, one that Cooper will follow for ten years, is even more complex: a tale of gender inequality in academia, a 'cowboy culture' among empowered male elites, the silencing effect of institutions, and our compulsion to rewrite the stories of female victims. *We Keep the Dead Close* is a memoir of mirrors, misogyny, and murder. It is at once a rumination on the violence and oppression that rules our revered institutions, a ghost story reflecting one young woman's past onto another's present, and a love story for a girl who was lost to history.

*Inside the Criminal Courts* is an innovative textbook that combines elements of nonfiction with fictional stories based in large part on author David Lynch's experiences as a full-time prosecutor and full-time public defender. Lynch, who holds both a law degree and a PhD in criminal justice, has published numerous articles on the criminal courts in such leading journals as *Law & Social Inquiry*, *Criminal Justice and Behavior*, and the *Journal of Criminal Justice*. He currently teaches in the criminal justice program at Weber State University where he recently won a prestigious teaching award. *Inside the Criminal Courts* covers all of the usual topics generally associated with a course on the

criminal courts, but does so by integrating the essentials into compelling and realistic stories that are enjoyable to read. Students learn important concepts and terms which are embedded in instructive case studies featuring prosecutors, defense attorneys, judges, witnesses, defendants, and others. Far from being merely a book on the law, this text takes the reader behind the scenes on a journey into the real world dynamics of criminal courthouse justice. An instructor's manual (including a test bank) is available. Topics explored in this book are presented in fifteen chapters as follows: (1) The Education of Lawyers and Judges; (2) A Day in Juvenile Court; (3) Justice Delayed; (4) The Criminal Defense Attorney; (5) The Prosecuting Attorney; (6) The Judge; (7) The Witness; (8) The Steps of Due Process; (9) The Plea Bargain; (10) The Trial, Part I; (11) The Trial, Part II; (12) The Jury Deliberates; (13) Sentencing; (14) The Appeal; (15) Problem-Solving Courts. In this second edition, the author (who has both a law degree and a Ph.D. in criminal justice) has added, among other things, helpful "Questions for Class Discussion" to each chapter and a brand new, provocative final chapter that ties the entire book together.
