State Insurance Against Unemployment ... Cambridge University Press

This vintage book contains a series of sketches that aim to illustrate various aspects of social life in the Middle Ages. This volume is highly recommended for those with an interest in European history and would make for a worthy addition to any collection. Contents include: "The Precursors", "Bodo, A Frankish Peasant In The Time Of Charlemagne", "Marco Polo, A Venetian Traveller Of The Thirteenth Century", "Madame Eglentyne, Chaucer's Prioress In Real Life", "The Ménagier's Wife, A Paris Housewife In The Fourteenth Century", "Thomas Betson, A Merchant Of The Staple In The Fifteenth Century", "Thomas Paycocke Of Coggeshall, An Essex Clothier In The Days Of Henry VII", "Notes And Sources", and "Notes On Illustrations". Many vintage books such as this are becoming increasingly rare and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially commissioned new introduction.

 Stressing the fundamental structural features of contemporary spoken Russian, these eighteen audio-lingual lessons primarily employ imitation and repetition exercises. Also included are reading selections, a pronunciation guide, a Russian-English vocabulary, and an index -- all keyed to the first-year studies of a two-year speaking proficiency program.

The OPD Second Canadian Edition English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the monolingual workbooks and many other components, can be used as a reference book or as text for high school or adult ESL students at the beginner level. For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers the additional advantage of having words and phrases defined in their native language. The illustrations have been completely updated in a more realistic style that is visually appealing to adult learners. The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are studying on their own.

The Autobiography of John Kane Franklin Classics Trade Press
 Limiting genome replication to once per cell cycle is vital for maintaining genome stability. Although polyploidization is of physiological importance for several specialized cell types, inappropriate polyploidization is believed to promote aneuploidy and transformation. A growing body of evidence indicates that the surveillance mechanisms that prevent polyploidization are frequently perturbed in cancers. Progress in the past several years has unraveled some of the underlying principles that maintain genome stability. This book brings together leaders of the field to overview subjects relating to polyploidization and cancer.

Lost Tribes and Promised Lands Franklin Classics Trade Press
 "Who Is God?" is a Bible Lesson Series that attempts to help the reader understand the character of God. Many people go through life knowing about God, but not fully knowing and understanding His true character. In these lessons, you will learn some of the names of God as they describe who God is and what He means in our lives.

Apple Kids Welcome Seven Stories Press

An utterly revelatory work. Unprecedented in scope, detail, and ambition. In the pages of *Lost Tribes and Promised Lands*, celebrated historian and cultural critic Ronald Sanders offers a compelling and ideology-shattering history of racial prejudice and myth as shaped by political, religious, and economic forces from the 14th Century to the present day. Written with clear-eyed vigor, Sanders draws on a broad history of art, psychology, politics, and religion to inform his striking and soundly-reasoned assertions. "Lost Tribes and Promised Lands" nimbly zig-zags through space and time, doggedly chipping away at the myopic history of discovery and righteous conquest that has been reiterated for decades by the same ideological forces responsible for centuries of mythological prejudice and racial strife. Placing 14th Century Spanish intolerance (specifically anti-Semitism) as the origins of American racism toward African and Native

Americans, Sanders elegantly weaves complex threads of colonial economics, religious exceptionalism, and xenophobia into a heady and often-infuriating thesis on the history of racism. Finally back in print and widely available to the general public, "Lost Tribes and Promised Lands" is a gripping and hegemony-exploding treatise on the history of race in the New World.

What does it mean to be fully alive? Magic blends with reality in a stunning coming-of-age novel about a girl, a grandfather, wanderlust, and reclaiming your roots. Things are only impossible if you stop to think about them. . . . While her friends are spending their summers having pool parties and sleepovers, twelve-year-old Carolina — Carol — is spending hers in the middle of the New Mexico desert, helping her parents move the grandfather she's never met into a home for people with dementia. At first, Carol avoids prickly Grandpa Serge. But as the summer wears on and the heat bears down, Carol finds herself drawn to him, fascinated by the crazy stories he tells her about a healing tree, a green-glass lake, and the bees that will bring back the rain and end a hundred years of drought. As the thin line between magic and reality starts to blur, Carol must decide for herself what is possible — and what it means to be true to her roots. Readers who dream that there's something more out there will be enchanted by this captivating novel of family, renewal, and discovering the wonder of the world.

David Hilfiker has committed his life, both as a writer and a doctor, to people in need, writing about the urban poor with whom he's spent all his days for the last two decades. In *Urban Injustice*, he explains in beautiful and simple language how the myth that the urban poor siphon off precious government resources is contradicted by the facts, and how most programs help some of the people some of the time but are almost never sufficiently orchestrated to enable people to escape the cycle of urban poverty. Hilfiker is able to present a surprising history of poverty programs since the New Deal, and shows that many of the biggest programs were extremely successful at attaining the goals set out for them. Even so, Hilfiker reveals, most of the best and biggest programs were "social insurance" programs, like Medicare and Social Security, that primarily assisted the middle class, not the poor. Whereas, "public assistance" programs, directed specifically towards the poor, were often extremely effective as far as they went, but were instituted with far less ambitious goals. In a book that is short, sweet, and completely without academic verbosity or pretension, Hilfiker makes a clear path through the complex history of societal poverty, the obvious weaknesses and surprising strengths of societal responses to poverty thus far, and offers an analysis of models of assistance from around the world that might perhaps assist us in making a better world for our children once we decide that is what we must do.

Nutrient Requirements of Ruminants in Developing

Countries Penguin

This collection investigates the culture and history of the Low Countries in the sixteenth and seventeenth centuries from both international and interdisciplinary perspectives. The period was one of extraordinary upheaval and change, as the combined impact of Renaissance, Reformation and Revolt resulted in the radically new conditions – political, economic and intellectual – of the Dutch Republic in its Golden Age. While many aspects of this rich and nuanced era have been studied before, the emphasis of this volume is on a series of interactions and interrelations: between communities and their varying but often cognate languages; between different but overlapping spheres of human activity; between culture and history. The chapters are written by historians, linguists, bibliographers, art historians and literary scholars based in the Netherlands, Belgium, Great Britain and the United States. In continually crossing disciplinary, linguistic and national boundaries, while keeping the culture and history of the Low Countries in the Renaissance and Golden Age in focus, this book opens up new and often surprising perspectives on a region all the more intriguing for the very complexity of its entanglements.

How to Rebuild Your Volkswagen Air-Cooled Engine Ann Arbor PressInc

A review of the state of the art in the field of Italian migration studies. The 27 papers are organized under five headings: Italian identity and ethnicity in North America; Italian immigrants in Latin America; the Italian diaspora--similarities and differences; Italians and Italian-Americans--past legacy and future prospects; and documenting Italian immigration. Most of the papers grew out of presentations made at the Columbus People Symposium, held at NYU in May 1992. Nine are original essays prepared especially for this volume.
