## CUMMINGS CRUZ

### **Discovering the City of Sodom** B&H Publishing Group

Explore the lands of the Bible and the history of scripture with unprecedented clarity. This major revision of the Gold Medallion Award-winning Zondervan NIV Atlas of the Bible is a visual feast that will help you experience the geography and history of Scripture with unprecedented clarity. The first section of the Atlas introduces the "playing board" of biblical history. The next section, arranged historically, begins with Eden and traces the historical progression of the Old and New Testaments. It concludes with chapters on the history of Jerusalem, the disciplines of historical geography, and the most complete and accurate listing and discussion of place-names found in any atlas. Unique features include: Stunning multidimensional and three-dimensional maps Over 100 new relevant-to-topic images Revised engaging text Innovative chronological charts and graphics A complete geographical dictionary and index available for in-depth studies The Zondervan Atlas of the Bible is destined to become a favorite guide to biblical geography for students of the Bible. This accessible and complete resource will assist you as you enter into the world of the Bible as never before.

### *Bible Atlas & Companion* Rizzoli International Publications

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems

unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By* and *Get Your Financial Life Together*

### **The Bible Atlas of Maps and Plans to Illustrate the Geography and Topography of the Old and New Testaments and the Apocrypha** Barbour Publishing

Reading the land enables us to read the Bible with greater insight. Though the truths of the Bible transcend time and place, they are rooted in them. Geographical data inform our understanding of activity in the land of the Bible, while the Bible's own description of these events, embedded deeply in the realia of the land itself, helps us better understand the living context in which these events took place. When we develop a skill set that allows us to read the land of the Bible as fluently as we might read the text, we stand not only to gain a better appreciation of the divine-human events of Scripture, we also gain an understanding of how these events become relevant to us in our own particular living contexts. Chapters include: Exploring the World of the Bible Building Blocks of Biblical Geography The Land of Ancient Israel: The Southern Regions (Judah/Judea) The Land of Ancient Israel:

The Central Regions (Israel/Samaria) The Land of Ancient Israel: The Northern Regions (Galilee) Transjordan Afterword: Geography of the Heart Biblical geography has great apologetic value. The biblical writers had to be accurate when presenting geographical material. Unlike some matters of history and doctrine, their assertions about the realities of land forms and climate, or about the relation of one city to another, or about the use of strategic routes could easily be verified both by their first readers as well as by contemporary readers. Verifiable geographic information provides a solid foundation on which to place and evaluate the veracity of other truth claims in the biblical text.

### *The Goddess of Atvatabar* Light Technology Publishing

Faithful, Focused Commentary on the Whole Bible Serious students of Scripture can easily lose their focus among the many Bible commentaries available today, studying for hours yet discovering no meaningful application of God's eternal truth. This one-volume commentary on the entire Bible from one of America's foremost Bible expositors offers instead a minilibrary of understandable resources designed to convey the Bible's overarching message with historical and theological clarity. Pastor and teacher John MacArthur covers the complete Bible—every passage of the Old and New Testaments, phrase by phrase—in this valuable one-volume resource. Hundreds of additional study tools complement the commentary, such as Word studies Charts, graphs, and brief articles Overviews of each major division of the Bible Introductions to each biblical book A summary of essential Christian theology Special sections on Jesus's life and ministry Harmonies of historical writings Guidance in studying, applying, and teaching God's Word Readers benefit from the coherence a single commentator provides, finding faithful, understandable, and relevant resources for any passage from the entire Bible. Consistent elements include exploring God's character; seeing Christ in all Scripture; and identifying key doctrines, vital people, and touchstone Scripture passages. The MacArthur Bible Commentary offers pastors, Bible teachers, serious Bible readers, and anyone seeking to read and understand the Scriptures a way to focus their studies while still seeing the entire Bible's application to the Christian life.

*Zondervan Atlas of the Bible* Crossway

With scores of full-color maps, photographs, detailed commentary, and much more, the Discovery House Bible Atlas helps you grasp the vital connection between the land of the Bible and the teachings and events of Scripture. Covering the full sweep of the Holy Land--the Coastal Plain, the Central Mountain Range, the Jordan Valley, and the Transjordan Plateau--this fascinating volume provides big-picture and on-site views that bring new vibrancy and meaning to God's Word. From little-known cities to famous landmarks, you'll learn the significance of these locations and why, even today, they are relevant to your relationship with the Lord.

*Take Off 10 Years in 10 Weeks* Ballantine Books

Michael Rydelnik, professor of Jewish studies at Moody Bible Institute, goes beyond the media images for an in depth, biblically grounded look at the "crisis that never ends"--the conflict between the Israelis and the Arabs. Dr. Rydelnik explores such questions as: Will the violence ever stop? Who really has a right to the land? How did it all start...and where will it all end? This revised and updated edition includes a new chapter that looks at the events that brought the end to the Terror War in 2004, discusses the change of leadership in the Israeli government, and examines the conflict within the Palestinian government following the surprise election victory of the terrorist group Hamas.

**Holy Land in Maps** DigiCat

Knowing where biblical events happened can help you understand the bigger picture of scripture--and that's what *The Bible Atlas and Companion* is all about. Based on NASA Space Shuttle imagery, the 75 brand-new maps in *The Bible Atlas and Companion* feature some of the most precise geographical detail available. The four-color maps cover all of Bible history, while accessible text explains the biblical context and other relevant facts.

*The Norton Anthology of World Literature* Moody Publishers

Presents one hundred twenty-five original maps showing prominent locations, journeys, battles, kingdoms, and empires discussed in the Bible and includes information on topography, geology, climate, vegetation, and key physical features of the region.

*What the Old Testament Authors Really Cared about* Crossway

"[A] gorgeously illustrated compendium."--Sunset This lavishly illustrated atlas takes readers off the beaten path and outside

normal conceptions of California, revealing its myriad ecologies, topographies, and histories in exquisite maps and trail paintings. Based on decades of exploring the backcountry of the Golden State, artist-adventurer Obi Kaufmann blends science and art to illuminate the multifaceted array of living, connected systems like no book has done before. Kaufmann depicts layer after layer of the natural world, delighting in the grand scale and details alike. The effect is staggeringly beautiful: presented alongside California divided into its fifty-eight counties, for example, we consider California made up of dancing tectonic plates, of watersheds, of wildflower gardens. Maps are enhanced by spirited illustrations of wildlife, keys that explain natural phenomena, and a clear-sighted but reverential text. Full of character and color, a bit larger than life, *The California Field Atlas* is the ultimate road trip companion and love letter to a place.

*Crossway ESV Bible Atlas* Kregel Academic

No Marketing Blurb

*Holman Bible Atlas* Baker Books

*Long-Awaited Systematic Theology* by Well-Known Pastor, Author, and President of the Master's Seminary Doctrine isn't just for theologians—it's important for every Christian because it shows us who God is and how we should live. Systematizing the robust theology that has undergirded John MacArthur's well-known preaching ministry for decades, this overview of basic Christian doctrine covers topics such as God the Father, Jesus Christ, the Holy Spirit, the Bible, salvation, and more. Comprehensive in scope yet written to be accessible to the average reader—with non-technical vocabulary, minimal footnotes, and a helpful bibliography—this volume offers Christians a solid foundation for what they believe and why.

**Bible Atlas** Hendrickson Publishers

Written by an L. A. County homicide detective and former atheist, *Cold-Case Christianity* examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim about an event from the distant past for which there is little forensic evidence. In *Cold-Case Christianity*, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace

uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, *Cold-Case Christianity* inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

*Biblical Doctrine* B&H Publishing Group

The *Holman Bible Atlas* offers a visual feast through which the reader can explore the world of the Bible. Utilizing 140 full color maps key to biblical events and 140 full color photographs illustrating the land, sites, and archaeology of the biblical world, the Atlas draws the reader into the biblical story. The *Holman Bible Atlas* begins with an introduction to the geography of the biblical world emphasizing the major physical features of the Ancient Near East with special attention given to the geographical regions of Palestine. Information about daily life and the role of archaeology in recovering ancient cultures are discussed.

*The Knot Book* Wm. B. Eerdmans Publishing

The fascinating, true account of the quest for one of the Old Testament's most infamous cities. Like many Christians today in the academic world, Dr. Steven Collins felt pulled in different directions when it came to apparent conflicts between the Bible and scholarly research and theory—an intellectual crisis that inspired him to lay it all on the line as he set off to locate the lost city of Sodom. Recounting Dr. Collins's quest for Sodom in absorbing detail, this adventure-cum-memoir reflects the tensions that define biblical archaeology as it narrates a tale of discovery. Readers follow "Dr. C" as he tracks down biblical, archaeological, and geographical clues to the destruction of Sodom and Gomorrah, narrowing the list of possible sites as he weighs evidence and battles skeptics. Finally, he arrives at a single location that looms as the only option: a massive ancient ruin called Tall el-Hammam in the Hashemite Kingdom of Jordan. Many scholars who were initially opposed to Dr. Collins's theory now concede that history books may need to be rewritten in light of his groundbreaking discovery. It—along with several other recent finds—is challenging the assumptions of academics and asserting a new voice in the controversy of biblical archaeology and the dispute over using the Bible as a credible historical source. \*\*\* From respected archaeologist Dr. Steven Collins and award-winning author Dr. Latayne C. Scott comes the fascinating, true account of the frustrating search and exciting excavation of the

city the Bible calls Sodom, which scholars and others had "misplaced" for hundreds of years. Like many modern-day Christians, Dr. Collins struggled with what seemed to be a clash between his heritage of belief in the Bible and the research regarding ancient history and human evolution. This crisis of faith led him to embark on a quest to put both his archaeological education and the Bible to the test by seeking out the lost ancient city, an expedition that has led to one of the most exciting finds in recent archaeology. Challenging the assumptions of academics around the world, Discovering the City of Sodom may well inspire a revision of the history books. Dr. Collins has become a new voice in the controversy over using the Bible as a credible source of understanding the past—and opened a new chapter in the struggle over the soul of biblical archaeology.

*Biblica* Simon and Schuster

What exactly is the Church Growth movement? This timely volume in the Counterpoints series addresses the history of the movement that has become such an enormous shaping force on the Western church today, and it explores—in a roundtable forum of leading voices—five main perspectives on the classic Church Growth movement: Effective Evangelism View - presented by Elmer Towns Gospel in Our Culture View - presented by Craig Van Gelder Centrist View - presented by Charles Van Engen Reformist View - presented by Gailyn Van Rheen Renewal View - presented by Howard Snyder Each view is first presented by its proponent, then critiqued by the co-contributors. The interactive and fair-minded format allows the reader to consider the strengths and weaknesses of each view and draw informed, personal conclusions. Evaluating the Church Growth Movement concludes with reflections by three seasoned pastors who have grappled with the practical implications of Church Growth. The

Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

**One Hundred Proofs That the Earth Is Not a Globe** Vintage Canada

Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder,

Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City.

"Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

**The Baker Book of Bible Charts, Maps, and Time Lines**

London : Educational Advisory Service, British Film Institute  
Historical geography of the Bible illustrated on enhanced satellite maps of the Holy Land accompanied by explanatory text.

**What the New Testament Authors Really Cared About, Second Edition** Zondervan

Basing their research on geophysics, oral legends, and archaeology, the authors offer evidence that the flood in the book of Genesis actually occurred.

Cold-Case Christianity American Mathematical Soc.

Divided into four sections that include geographical maps, historical maps, maps illustrating sotires of the Bible, and maps showing the history of Jerusalem. Includes full-color photographs, a comprehensive index, references, and a poster showing a satellite view of Israel.

**Philips' School Atlas of Scripture Geography** Tyndale House Publishers, Inc.

"One Hundred Proofs the Earth is Not a Globe" is a book by an English printer and author in which he concludes his research on the flat-Earth theory, which he developed throughout his life. The book presents his considerations and calculations of sea levels, cartography, rivers, and other natural phenomena that are the basis of the flat Earth theory. It also contains references to ancient writings from different nations of the world.
