Art Savvy is a

systematic
approach to
understanding
art. It gives
you methods
to assess a

design and really see what the artist was doing. Unlike chaotic art writings, terms are clearly defined, categorized, organized and illustrated. It is designed to answer questions like: What things will allow me to understand art? What are the basic elements? What is concept art? Can you "read" a work of abstract art? Visual literacy is the ability to interpret, negotiate, and make

meaning from information presented in art work. Art Savvy gives you this. Defining Terms: Often art terms are not clearly defined, are used interchangeably or get mixed up with other types of analysis. For a thorough exploration of all aspects of art, photos of great works are referenced with color keyed notations to illustrate the 5 easy pieces: 1. Design Elements- Visual grammar, line,

shape, form, mass etc. - definitions & how to see them. 2. Organization Principles- How elements are arranged and how this effects the concept. 3. Style- Relation to other groups of work and formulas for design. 4. Technique- How methods and materials are used to impact the concept. 5. Concept- What this piece about. What major themes and elements were used. Assessment techniques in

each section of Art Savvy will train your eye to always see these 5 aspects of any artwork. It is not attempting judgments of relevance, philosophy, spiritual meanings and other ethereal aspects that a work may convey. This text poses the question: "What is the basic concept here?" but sticks to pure analysis and leaves all judgment to you and the experts. This field guide is a mini textbook on design

principles that will let you understand art!

 Guerrilla Girls: The Art of Behaving Badly is the first book to catalog the entire career of the Guerrilla Girls from 1985 to

present. The Guerrilla girls are a collective of political feminist artists who expose discrimination and corruption in art, film, politics, and pop culture all around the world. This book explores all their provocative street campaigns, unforgettable media appearances, and large-scale exhibitions. • Captions by the Guerrilla Girls themselves contextualize the visuals. •

Explores their well-researched, intersectional takedown of the patriarchy. In 1985, a group of masked feminist avengers—known as the Guerrilla Girls—papered downtown Manhattan with posters calling out the Museum of Modern Art for its lack of representation of female artists. They quickly became a global phenomenon, and the fearless activists have produced

hundreds of posters, stickers, and billboards ever since. • More than a monograph, this book is a call to arms. • This career-spanning volume is published to coincide with their 35th anniversary. • Perfect for artists, art lovers, feminists, fans of the Guerrilla Girls, students, and activists • You'll love this book if you love books like *Wall and Piece* by Banksy, *Why We March: Signs of Protest* and

<p>Hope by Artisan, and Graffiti Women: Street Art from Five Continents by Nicholas Ganz <u>Handbook of the Collection</u> New York Review of Books An exciting guide to, and celebration of, the Whitney Museum and its outstanding collection of American art This all-new handbook, a fresh look at the Whitney Museum of American Art's collection, highlights the museum's extraordinary</p>	<p>holdings and its fascinating history. Featuring iconic pieces by artists such as Calder, Hopper, Johns, O'Keeffe, and Warhol--as well as numerous works by under- recognized individuals-- this is not only a guide to the Whitney's collection, but also a remarkable primer on modern and contemporary American art. Beautifully illustrated with abundant new photography, the book pairs</p>	<p>scholarly entries on 350 artists with images of some of their most significant works. The museum's history and the evolution of its collection, including the Whitney's important distinction as one of the few American museums founded by an artist, and the notion of "American" in relation to the collection, are covered in two short essays. Published to coincide with the Whitney's highly</p>

The Artist as Culture Producer: Living and Sustaining a Creative Life is a collection of essays by 40 visual artists. Edited by artist and educator

Sharon Loudon, the book describes how artists extend their practices outside of their studios. All of these contributors have impactful, artistic activities as change agents in their communities. Their first-hand stories show the general public how contemporary artists of the twenty-first century add to creative economies through their 'out-of-the-box' thinking while also

generously contributing to the well-being of others. Although there is a misconception that artists are invisible and hidden, the truth is that they furnish measurable and innovative outcomes at the front lines of education, the non-profit sector, and corporate environments. **Art Intellect Books**
An artist's unique voice is their calling card. It's what makes each of their works vital and particular. But developing

such singular artistry requires effort and persistence. Bestselling author, artist, and illustrator Lisa Congdon brings her expertise to this guide to the process of artistic self-discovery. Featuring advice from Congdon herself and interviews with a roster of established artists, illustrators, and creatives, this one-of-a-kind book will show readers how to identify and nurture their own visual

identity, navigate the influence of artists they admire, push through fear and insecurity, and appreciate the value of their personal journey. ABRAMS
"This book constitutes a very welcome contribution to the public appreciation and scholarly study of Henry Ossawa Tanner, a painter of considerable significance in both Europe

and America, and one whose religious imagery merits careful consideration. These well-researched essays by an international team of scholars offer substantial reflections on complex issues of race and religion, and situate the artist's work and career within the context of his life and times. This is a robust framing of Tanner as a cultural phenomenon and one that readers will

find quite rewarding."—David Morgan, Professor of Religion at Duke University and author of *The Embodied Eye: Religious Visual Culture and the Social Life of Feeling* "Henry Ossawa Tanner has finally been recognized as an important artist in the last twenty years, and is now firmly part of the American canon as the first major African American painter to emerge from the academy.

This book enriches our understanding of Tanner's historic place in American art by considering his work as an early modernist religious artist—a status entwined with his race, but not defined by it. These essays, by an impressive collection of scholars, are full of substantially new material, and succeed in broadening our conception of Tanner's life and work."—Bruce

Artists Books approaches self-portraiture under unique circumstances, all of their representations raise important questions about self-perception and self-reflection. Sometimes artists choose to reveal intimate details of their inner lives. Other times they use the genre to obfuscate their true selves or invent alter egos. This richly illustrated book features an introduction by the National Portrait Gallery's chief curator and nearly one hundred fifty insightful entries on key self-portraits in the museum's collection. It enables the reader to come face to face with some of America's most influential artists of the twentieth- and twenty-first centuries, like Edward Hopper, Beatrice Wood, Man Ray, Alexander

Calder, Edward Steichen, Diego Rivera, George Gershwin, Elaine de Kooning, Louise Bourgeois, Andy Warhol, Robert Rauschenberg, Joan Jonas, Patti Smith, Jean-Michel Basquiat, Alice Neel, David Hockney, Chuck Close, and many more. Eye to I provides readers with an overview of self-portraiture while revealing the intersections that exist between art,

life, and self-representation .
