 Uncover the secrets of the Skywalkers: the family that shaped a galaxy far, far away... The Skywalker story has everything: passion, intrigue, heroism, and dark deeds. This revelatory biography explores every twist and turn of the Skywalker dynasty: the slow seduction to the dark side of Anakin; his doomed marriage to Padmé Amidala; the heroics of Luke and Leia; the fall and redemption of Han Solo and Princess Leia's son, Ben; and the struggles of his dyad in the Force, Rey. Leaving no stone unturned in tracing the dynasty's trials and tribulations, this definitive biography of Star Wars' first family explores and explains the deeper, more personal story of the Skywalkers, their characters, motivations, and, against seemingly impossible odds, their ultimate triumph. © AND TM 2021 LUCASFILM LTD.

**A New Hope** Simon and Schuster  
 BEING A TEENAGER IS HARD ENOUGH WITHOUT ALSO TRAINING TO BE A JEDI.... Obi-Wan Kenobi has not been apprenticed long to Qui-Gon Jinn, and he is chafing at Qui-Gon's training style: all meditation, no action. Obi-Wan yearns to prove himself on a mission, but when he and Qui-Gon are finally set to leave on an assignment, Qui-Gon is nowhere to be found. Angered by his master's abandonment, Obi-Wan sets out on the mission alone, determined to prove himself. On a mysterious planet he encounters a pack of feral, Force-wielding teens who seem to be the planet's only inhabitants. As he experiences wild freedom with them and wonders if this isn't the life he was meant for, Obi-Wan can't escape the nagging sense that something is wrong with the Force there. Romantic complications, startling revelations, and a looming threat to both the planet and his new friends will bring Obi-Wan face-to-face with his worst fear: that maybe he was never supposed to be a Jedi at all. Can he connect with the living Force in time to save himself and everyone around him? It's the star of the Obi-Wan Kenobi Disney+ limited series as you've never seen him before....

Discover the science behind the most popular sci-fi franchise of all time! Capturing the imagination and hearts of crowds worldwide, Star Wars is a fantastic feat of science fiction and fantasy. The Science of Star Wars addresses 50 topics that span the movies' universe such as battle technology, alien life, space travel, etc. You'll find fascinating explorations of the physics of Star Wars, its plausibility, and more. The perfect Star Wars gift for fans of the saga, this book addresses many unanswered, burning questions, including: How long before we get a Star Wars speeder off the ground? What exactly is the Force? How could Kylo Ren stop a blaster shot in mid-air? How could we live on a gas giant like Bespin, or a desert planet like Tatooine? Nature versus nurture: How does it play out in the making of Jedi? How much would it cost to build the Death Star? And much more! We marvel at the variety of creatures and technology and the mystery behind the force. But how much of the Star Wars world is rooted in reality? Could we see some of the extraordinary inventions materialize in our world? This uncomplicated, entertaining read makes it easy to understand how advanced physics concepts, such as wormholes and Einstein's theory of relativity, apply to the Star Wars universe. The Science of Star Wars explains to non-technical readers how physics and fantasy might merge to allow for the possibility of interstellar travel; communication with foreign but intelligent lifeforms; human-like robots; alien planets fit for human life; weapons and spacecraft such as laser guns, light sabers, and the Millennium Falcon; and Force-like psychokinetic powers. In the 21st Century, we're on the edge of developing much of the technology from "a long time ago, in a galaxy far, far away"... These fantasies aren't as impossible as you might think! Written for every fan of George Lucas's films, you don't need to be a Jedi or an astrophysicist at NASA to appreciate all of Mark Brake and Jon Chase's fun and informative analysis of this classic series in The Science of Star Wars. Prepare your mind to make the jump to light speed and find out about the facts behind one of our favorite modern epics!

 NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily

Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Across the galaxy, the Clone Wars are raging. The Separatists, led by Count Dooku, the onetime Jedi and now secret Sith Lord, continue to press forward, and more and more worlds are either falling, or seceding and joining the cause. Under the leadership of Supreme Chancellor Palpatine, the Republic heroically battles on, championed by its huge army of cloned soldiers and their Jedi generals. Anakin Skywalker, believed by some to be the prophesied “Chosen One” destined to bring balance to the Force, is now a Jedi Knight under the tutelage of his Jedi Master, Obi-Wan Kenobi. Death is a constant possibility—and his chances of survival aren’t improved by the unexpected arrival of an apprentice: Ahsoka, a brash, inexperienced fourteen-year-old Padawan apprenticed to Anakin. But there’s no time for Anakin to question his latest orders: He and Obi-Wan have been assigned a new mission, and failure is not an option. Jabba the Hutt’s precious infant son has been kidnapped, and when the frantic parent applies to the Jedi for help, it falls to Anakin, Obi-Wan, Ahsoka, and their clone troops to track down the evidence and retrieve the missing Huttlet. And more is at stake: For a grateful Jabba just might allow the Republic access to the Hutt-controlled space lanes that the Grand Army desperately needs in order to beat the Separatists into submission. But the Republic is not the only power that craves access to those space lanes. Count Dooku, determined to win the prize for the Separatists, has set a trap for the Jedi. When they find the Huttlet, they will also find Dooku’s master assassin, Asajj Ventress, and countless legions of battle droids waiting to spring a trap. A long time ago in a galaxy far, far away. . . . “The war is over. The Separatists have been defeated, and the Jedi rebellion has been foiled. We stand on the threshold of a new beginning.”—Emperor Palpatine For a thousand generations, the Jedi Knights brought peace and order to the Galactic Republic, aided by their connection to the mystical energy field known as the Force. But they were betrayed—and the entire galaxy has paid the price. It is the Age of the Empire. Now Emperor Palpatine, once Chancellor of the Republic and secretly a Sith follower of the dark side of the Force, has brought his own peace and order to the galaxy. Peace through brutal repression, and order through increasing control of his subjects’ lives. But even as the Emperor tightens his iron grip, others have begun to question his means and motives. And still others, whose lives were destroyed by Palpatine’s machinations, lay scattered about the galaxy like unexploded bombs, waiting to go off. . . . The first Star Wars novel created in collaboration with the Lucasfilm Story Group, *Star Wars: A New Dawn* is set during the legendary “Dark Times” between Episodes III and IV and tells the story of how two of the lead characters from the animated series *Star Wars Rebels* first came to cross paths. Featuring a foreword by Dave Filoni. Praise for *A New Dawn* “*A New Dawn* is a fine start to the new Expanded Universe. [John Jackson] Miller steps confidently into the unexplored territory and owns it; he’s crafted a story with pacing and dialogue that feels like classic Star Wars.”—Nerdist “An entertaining adventure . . . with a cast of heroes that mixes laughter with intriguing depths of character. . . . John Jackson Miller packs in plenty of action and surprises.”—Roqoo Depot “A confidently told story that gives fans a lot of reason to be hopeful about what’s to come as we move into this new phase of Star Wars. . . . The book certainly got me even more excited for *Rebels* and to see more of Kanan and Hera’s adventures. We’re also introduced to other characters I would love to see again at some point, whether on *Rebels*, in another book or, who knows, in live-action at some point.”—IGN “*A New Dawn* delivers a classic Star Wars experience that fans of all ages will be able to enjoy. It is extremely well-written, with an incredibly diverse cast too. Miller’s prose can easily suck readers in, and leave them speechless when 100 pages have flown by in the blink of an eye.”—Far Far Away Radio “*A New Dawn* brings us into this new dawn of storytelling with energy, excitement, and characters that have become instantly ensconced into the Star Wars vernacular, and the results will satisfy Star Wars fans of many different palates.”—Coffee with Kenobi “*A New Dawn* is a well-written novel full of intrigue and twists and turns that does an excellent job of letting Star Wars fans get to know Kanan and Hera.”—Tosche Station “*A New Dawn* finds an era never before written about in the Star Wars universe—the years prior to the original movie, Episode IV—in robust good health. The narrative takes place on two worlds and a handful of ships in between them, but as with the best of all Star Wars moments, hints at hidden depths beyond.”—Mashable
