This is a Campervan  
Maintenance Log Book  
for anyone that wants  
to keep track of all the  
maintenance work and  
repairs that's done on  
their vehicles amongst  
many other things. This  
book is perfect for

anyone that owns a campervan, motorhome, RV or camper so you can keep track of any work that has been done and any maintenance that needs to be completed. It will also help if you decide to sell your vehicle as you will have a record of all the work that has been carried out with dates and costs. This Campervan Maintenance Log Book has been designed to be as helpful as possible by providing guidance and space to include the following information: Inside the front cover is space for owner and vehicle details There is a page dedicated to items that have a serial number and their service intervals Space to record all the Spare Parts, part numbers,

places to buy and costs that are needed on your individual van. The main part of the book has been designed to list the Maintenance and Repair work that's needed (with space to record 500 jobs over 25 double pages). This allows you to note down a job that needs doing or an issue that needs fixing as soon as you spot it and then go back to when you have the time to complete it. Keep track of the date the job was spotted and recorded, a description of the issue, if it was a repair or maintenance item, when it was completed, who did it and space to record any relevant comments ie Temporary repair done, book in yard to fix / replace item or price of

parts etc - whatever will be helpful to you! Keep a record of all the jobs that need doing when she is next scheduled for a visit to the garage so you can start getting and recording quotes for the work that needs doing. Space for comments and when the work was completed also Fuel log pages to keep track of fuel usage, cost and engine hours An Upgrades wish list (so you know what to put on your Christmas List!) Useful Contacts Drawing Space to draw diagrams Notes Pages The book is 8 inches by 10 inches, paperback with a glossy cover and good quality paper. Bloomsbury Publishing The MOTORHOMES Coloring and Drawing Books for Children from 3 to 8 Years is one of the vehicles books that you can find in our series of coloring books. They are the best coloring books for

children, the only coloring books for children that combine modern motorhoms with vintage and very old recreational vehicles. But here is the special thing... This coloring book not only entertains the child who has to color the shapes and white spaces of all the motorhomes drawn, but it does much more: in fact, the wheels and some parts of the motorhomes are drawn with a dotted line that the child has to go through again. So, children can also have fun drawing and try to develop in this way both the ability to color the illustrations and the basics of the drawing (reviewing the dotted lines on the drawings). In this coloring book with trains, there are 15

different motorhomes to color and draw. If your child is a recreational vehicles enthusiast he is 100% sure that he will have a great time. Each page is large, A4 (8.5 x 11 inches) and is printed with the highest quality, forming a super sharp image that every child will surely enjoy coloring. Each coloring page is printed only on one side of each sheet to prevent the color from fading or passing through the sheet while your child exercises his creativity without limits. This coloring book with motorhomes is more suitable for children between 3 and 8 years old, but it is also suitable for any child who loves or has a great passion for: Motorhomes Recreational Vehicles

Means of transport Car or Buses RV's vehicles or Motor coach Camper, caravan and camping cars etc.. If you want to entertain your child with an original coloring book and try to introduce him to the basics of drawing and sketching in a much more fun and exciting way, this is the right book. Remember this: in our coloring book series you can also find the coloring book dedicated to buses, cars, double-decker buses (there are some beautiful ones) and a lot of other albums with different vehicles. You can also order them together and give them an even bigger surprise. In short, the Motorhomes Coloring and Drawing Books is a great coloring book for children that you

absolutely must have to have to make them have fun and learn at home.

From Julie and Jason Buckley, the authors of the ourtour.co.uk Motorhome Travel Blog: The 200 - Inspiring Motorhome Destinations Across Europe and North Africa. Please note: the

paperback version of The 200 has black and white images to keep the price reasonable. You can see large, full-colour versions of all the location photos on our blog by typing this link into your web browser:

[tinyurl.com/the200](http://tinyurl.com/the200).

The Kindle eBook version has full colour photos included. Looking for some armchair inspiration for your next motorhome, campervan or RV (recreational vehicle) adventure? The 200 guides you across 34 countries throughout Europe and North Africa, showcasing 200 of the most memorable, fun, varied, interesting and inspirational places we've stayed, in over a decade's campervan and motorhome touring, as well as

offering advice on how to find your own amazing places to stay. We've been asked many times: 'what's been your favourite place?' Each time we struggle to answer the question, simply because we have so many favourites! We've managed to choose 200 of them (it was a challenge to whittle them down to that!) and filled this book with them to inspire your motorhome or campervan adventures, hoping to show you the fantastic types of places available to you. From campsites and aires, to business stops and free camping - we've selected a range to suit every taste and budget. We've also made sure that they showcase the

magnificent mountains, forests, beaches, lakes, rivers, towns and cities of Europe and North Africa, just waiting for you to park up in your home on wheels. This book isn't a straightforward guidebook to these destinations, it is designed to whet your motorhoming appetite with our memories of each location including things like: what we got up to, who we met, why it's in the book, as well as things to do nearby, and some practical information about the overnight stop. Who Should Read This Book? This book is for you if you are new to owning a motorhome, or are a seasoned motorhomer but looking for ideas for some new destinations, perhaps ones a little further afield. Maybe you've

just finished reading our Motorhome Touring Handbook and are raring to go, full of practical information, but are in need of some inspiration. As well as offering inspiration, the book includes practical advice for each country and location featured. The countries have their own overview page containing information you'll need for touring in your motorhome or campervan, such as: Speed limits Tolls (and how to pay them) Documents and kit required to stay legal Availability of LPG Low emission zones and so on... And for each of the 200 locations we provide: The type of stopover GPS co-ordinates A price guide Details of motorhome services available An

alternative location in the area (when available) The 200 is also an ideal gift for the motorhomer or campervanner in your life.

Pelican Publishing America is under attack! Bug Out! is the story of Frank and Jane, on the run from California in their Motorhome. In Bug Out! Part 6, Frank and Jane had to flee from Utah to Colorado. Bug Out! Part 7 follows our group as they fortify their new home in Colorado, and try to stay alive. The enemy is relentless, attacking them over and over, as they are moving a large force through Colorado to attack

Denver. Frank makes progress on a secret way to exploit an enemy weakness. Everything hinges on this. New characters arrive on the scene, and become trusted members of the group. The Colorado RV Park fortifications, while strong, cannot stand up against a large enemy force. It's only a matter of time before this attack comes. Will the Motorhomes have to flee to the east, before Frank can finish his work? The Nation is in peril. The Army is in over it's head. The Government can't be trusted. Can American Citizens save the day?

If you want to learn how to buy, drive, and maintain a recreational

vehicle to travel and live the RV lifestyle, then check out HowExpert Guide to RV Life. HowExpert Guide to RV Life is a book for folks who don't know much about RVs but feel they need to learn more about them. It covers topics such as: - What is an RV and how it can be used. - Different types and classes of RVs from the smallest trailer RVs up to the largest motorhomes. - Necessary terms and their definitions which RVers need to know. - What makes an RV different or similar to a regular house. - What homework and knowledge are needed to get the best RV for anyone. - Points for each type of RV. - How to find the best dinghy for folks with motorhomes. - What

might be a way to try before you buy an RV.

- What can be learned by going to an RV show.
- What type of motorhome will be the quietest and best riding one.
- What are the roomiest RVs.
- What are the least expensive RVs.
- Different ideas on where to travel once the RV is purchased.
- The difference between a “shake-down cruise” and a “maiden voyage.”
- Construction of RVs.
- What RV appliances are like, and which ones to watch out for.
- What “full hookup” means at campsites.

First-hand experiences and suggestions are given throughout the book, which can help the person looking for more information on RVs or the RV newbie with the beginning of

their RV experience. Check out HowExpert Guide to RV Life to learn how to buy, drive, and maintain a recreational vehicle to travel and live the RV lifestyle! About the Author Charley Dickson is a former Oregonian who now lives full-time in a 38’ Class A motorhome in various places around the country. In his 30+ years of RVing, he and his wife have traveled in a pop-up trailer, a 30’ travel trailer, a 29’ Class C motorhome, a 40’ 5th wheel trailer, and two Class A motorhomes. He’s been to most of the country, but there are still many places he and his wife will be seeing. He’s a firm believer in being more of a do-it-yourselfer rather than having someone else do a

repair or modification. As such, he's a staunch supporter of doing the homework to find out as many aspects of a certain subject as possible. As such, this book is written for other folks who want to know more about RVing. HowExpert publishes how to guides by everyday experts.

THOSE MARVELOUS LITTLE TOYOTA MOTORHOMES is all about Toyota motorhomes in general and a 1977 Toyota Pont-X motorhome named Little House in particular. Between the mid-1970 and 1994, over thirty motorhome manufactures mounted

motorhomes on Toyota cabs and chassis with many different models available from about 16 1/2- to 23-foot in length. Many of these Toyota motorhomes are still on the road today, and used ones are still available. This book is a complete how-to guide for joining in on the Toyota motorhome fun. It gives a brief history of these marvelous little motorhomes and describes what's available and how to find and buy your own Toyota motorhome. The author Jack Wiley has owned a 1977 Toyota Pont-X motorhome that he and his wife named Little House for 16 years. He sums up this experience as follows: "Little House has given me a lot of Free Being traveling for relatively

little money. This is traveling that I would not otherwise have been able to afford. During this traveling, I have been able to see things and do things that I would not otherwise have experienced. A Toyota motorhome made all this possible."

ubiquitous VW bus. Lars Eriksen and Kate Trant outline the cultural and social history of the camper van and motorhome in the USA, UK and Europe, looking at a range of phenomena from surf and hippy culture, to family holidays and travel in retirement years. A range of vehicles from recent decades is presented in detail, within the context of their technical development as well as the design strategies that dictated their appearances. Whether about a pioneering spirit, large horizons and wide open spaces, economic travel or a comfortable change of scenery, what is common to camper vans and motorhomes is the need to create a 'home away from

home.' This book illustrates the culture of camper van and motorhome travel by looking at the owners and their clubs, telling stories of road trips, adventures and epic voyages.

### **Motorhome Maintenance Log Book**

Are you in the market for buying a used RV? Do you want to purchase a motorhome but aren't sure what to look for? Do you need a helpful guide for how to buy a camper for your next family vacation? Do you want to save money on your RV purchase? You need this used RV buyer's guide! My book, *Used Motorhome Buying Guide*, will teach you everything you need to know about how to purchase a used RV,

motorhome, travel trailer, or camper of your dreams. Your new motorhome should fit your needs as best as it can. You deserve to travel in comfort and style. Armed with the knowledge of how to get the best deal when buying a used RV, you can save precious money and time. This book will give you vital advice and guidance on how to buy a used motorhome. I am a travel writer by trade but a nomad by choice. Traveling the country by RV is one of the best ways to truly experience nature and adventure. I have lived in my share of different types of recreational vehicles, all with their own pros and cons. With this nomadic lifestyle comes the challenges of repairs and maintenance of a

home on wheels. This book is the culmination of what I have learned about the best practices of how to buy a used RV. The first section of this book is all about the basic factors of RVs. It is important for you to understand all the basics surrounding motorhomes. I help you understand the different types of motorhomes, the features of each type, and the benefits. We also look at the features to expect in an RV and factors to consider before deciding to buy a used RV. I help you compare the benefits of buying a used RV versus buying a new one. This way, you have a clear perspective on your options. In the second section of the book, you are introduced to

RV inspections. When purchasing a used RV, the value you get depends on your inspection process. We help you prepare a detailed checklist of everything you desire in an RV. For you to find an RV that matches your needs, you must start by preparing a detailed list of all your needs and expectations. From this list, I help you figure out the features that are the most important and the ones that are not necessary. In the third section, we focus on testing the features of the RV and authenticating the legality of the ride. For anyone looking to buy a used RV, this is one of the most important sections. You can't get a good deal unless you know how to inspect the used RV and test

the features. The book outlines the tricks and tips used to detect faults in the plumbing and electrical systems of the RV. We look at the best way to test drive a used RV and the features to focus on during test drives. We detail the secrets used by RV dealers to hide problems and how to uncover any hidden issues. In the fourth section of the book, we look at all the legal matters that affect used RVs. I help you understand the possibilities of buying an RV that is involved in crime or accidents. We look at some of the ways you can authenticate and verify the legality of an RV. Finally, we look at the risks and precautions involved in buying

used RVs. Generally, this last section just helps sum up all the dangers involved in buying used RVs. If you are looking to purchase a used RV, a new RV, or to learn more about RVs, this book is for you. I am sure you have learned a lot, and you are on the path to find the best ride for you and your family. As a BONUS, I have provided you with a detailed checklist to take along with you as perform your pre-purchase inspection. Instructions on obtaining a printable checklist are included. You will want to click "Buy Now" and add this title to your collection and I promise to save you money, headache and frustrations from buying a lemon.
