ROBERTS HILLARY

The Fate of the Apostles Zondervan
 "Ephraim is a cake not turned" (Hosea 7.8). This is a figurative way of saying 'not balanced'. The cake is burned on the one side, uncooked on the other; on one side it is overdone, on the other, totally undone. The cake is unfit to be eaten and is thus destined to be cast out. Our God is most balanced. He is love and He is light. Our Lord Jesus is full of grace and full of truth. The Holy Spirit is the Spirit of wisdom as well as of revelation. In creation, God "hath measured the waters in the hollow of his hand, and meted out heaven with a span, and comprehended the dust of the earth in a measure, and the hills in a balance" (Is. 40.12). Concerning redemption, it is said that "mercy and truth are met together, righteousness and peace have kissed each other. Truth springeth out of the earth; and righteousness hath looked down from heaven" (Ps. 85.10,11). The new creation, therefore, must be well balanced. In this present volume, Watchman Nee attempts to show from God's word the perfect equilibrium of divine truth. Human nature, however, is prone to emphasize one side to the exclusion of the other side of truth. This has caused much confusion and many problems among God's people. It is essential that we know the balance of truth and hold on to both sides so that our Christian life may be well rounded as God has ordained. The contents of the book opens with a treatment of the balance between the gate and the way; continues with a presentation of the balance between the objective and the subjective; includes a discussion on the work inward and the work outward in the Christian life, as well as on the rest given and the rest found as promised by Christ; contemplates the other side of prayer frequently neglected, namely, to watch; and concentrates on the other less emphasized aspect of the trespass-offering, that of restoration. The book then provides a commentary on the contrast between the truly meek and the spiritually poor, and finally concludes with a consideration of the equilibrium that is so necessary between the believer's faith and the believer's walk. May all who read this volume be brought into a balanced Christian life.

The New Evidence that Demands a Verdict Thomas Nelson
 That first lie Satan told in Eden--the one that said God was actually a selfish liar--has spawned a multitude of untruths about who God is and what His feelings toward us really are. The human perception of God has been askew ever since, and we've struggled to relate to this God we don't really (want to) know. Naturally, since our view of God is distorted, our attitudes and behavior are rebellious--perceptions change our thoughts, thoughts influence our feelings, and feelings determine attitudes and behavior. Herb Montgomery goes straight to the root of the problem and sweeps aside the misperceptions of God and His character that cause us to spurn the only one who truly loves us. Some of Christianity's long-held, though biblically unfounded, views are confronted--God's true attitude toward pain and suffering, where guilt comes from, and what His forgiveness accomplishes. And the question that plagues every human heart is irrevocably resolved: If God really loves us, why does He allow horrible things to happen?

 If the church doesn't act now, we will lose a whole generation to postmodernism. Most young people believe that truth is relative to individual beliefs. McDowell insists that truth matters, and that truth changes who we are and how we act. McDowell introduces "relational apologetics," proving that objective truth is founded on a relationship with Jesus Christ.

He thought Christianity was a sham. Then it changed his life.

Skeptic Josh McDowell thought Christians were out of their minds. He ridiculed and insulted them, then decided to combat them with his own thorough research to disprove the claims of Jesus Christ. To his surprise, he discovered that the evidence suggested exactly the opposite—that Jesus, instead of being simply a first-century Hebrew carpenter, truly was the God he claimed to be. Josh went on to write the inspirational work on Christian apologetics, *More Than a Carpenter*, which has sold over 15 million copies. In this revised and updated edition, with over 15 million copies in print since its original publication, *More Than a Carpenter* has changed countless lives. Now, in this revised and updated edition, Josh is joined by his son, Sean, as they tackle the questions that today's generation continues to ask: "Can I be spiritual without believing in God?" "How can I make sure that my life counts for something?" "Is it really possible to know anything for sure about God or Jesus?" This edition is an accessible read for seekers and a great evangelism tool.

Christian Apologetics Thomas Nelson

"In today's ego-techno-centred world, Robert Somerville's . . . Barn Club approach is a way forward that utilizes local traditions, local materials, and local hands to create a built environment that is more harmonious with the natural world and of course more beautiful."—Jack A. Sobon, architect, timber framer, and author of *Hand Hewn* "Somerville knows more about wooden barn construction than almost anyone alive."—The Telegraph Natural history meets traditional hand craft in this celebration of the elm tree and community spirit. When renowned craftsman Robert Somerville moved to Hertfordshire in southern England, he discovered an unexpected landscape rich with wildlife and elm trees. Nestled within London's commuter belt, this wooded farmland inspired Somerville, a lifelong woodworker, to revive the ancient tradition of hand-raising barns. Barn Club follows the building of Carley Barn over the course of one year. Volunteers from all walks of life joined Barn Club, inspired to learn this ancient skill of building elm barns by hand, at its own quiet pace and in the company of others, while using timber from the local woods. The tale of the elm tree in its landscape is central to Barn Club. Its natural history, historic importance, and remarkable survival make for a fascinating story. This is a tale of forgotten trees, a local landscape, and an ancient craft. This book includes sixteen pages of color photographs, and black and white line drawings of techniques and traditional timber frame barns feature throughout. Perfect for fans of *Norwegian Wood* and *The Hidden Life of Trees*.

The name Josh McDowell promises real-life, on-the-street Christian apologetics. In his first *Harvest House* book, Josh joins his son Sean to draw on his life's work and comprehensively address a vital issue: why an entire generation of young Christians—and millions of older believers—is confused about what they believe, why they believe it, and how it's relevant. The

Unshakable Truth is uniquely positioned for younger Christians because it presents apologetics relationally, focusing on how Christianity's doctrines affect relationships. The authors... ground every assertion in the overarching story of creation, incarnation, and re-creation. distill 12 crucial "faith statements"—for example, "A personal Creator God exists." explain why each statement is trustworthy, how it applies to real life, and—using examples, stories, and experiences—what its relevance is. A spiritual gold mine for parents, youth workers, pastors—anyone wanting to reveal Christianity's relevance to today's life and culture.

With over 40 million books sold, bestselling author Josh McDowell is no stranger to creatively presenting biblical truth. Now, partnering with fellow apologist Dave Sterrett, Josh introduces a new series targeted at the intersection of story and truth. The *Coffee House Chronicles* are short, easily devoured novellas aimed at answering prevalent spiritual questions. Each book in the series tackles a long-contested question of the faith, and then answer these questions with truth through relationships and dialogue in each story. In *Did the Resurrection Happen, Really?: A Dialogue on Life, Death, and Hope*, the college campus is rocked by a shooting spree that leaves nine students dead. Their up-

close experience with mortality allies the coffee house discussion group together to really wrestle with the spiritual and eternal ramifications of whether or not Jesus rose from the dead. The other two books in the series: *Is the Bible True, Really?* and *Who is Jesus, Really?* continue the unfolding story at the college campus and the coffee house down the road.

It's never too late to be a better father Jim Daly, president and CEO of Focus on the Family, is an expert in fatherhood—in part because his own "fathers" failed him so badly. His biological dad was an alcoholic. His stepfather deserted him. His foster father accused Jim of trying to kill him. All were out of Jim's life by the time he turned 13. Isn't it odd—and reminiscent of the hand of God—that the director of the leading organization on family turned out to be a guy whose own background as a kid and son were pretty messed up? Or could it be that successful parenting is discovered not in the perfect, peaceful household but in the midst of battles and messy situations, where God must constantly be called to the scene? That is the mystery unraveled in this book. Using his own expertise, humor, and inexhaustible wealth of stories, Jim will show you that God can make you a good dad, a great dad, in spite of the way you've grown up and in spite of the mistakes you've made. Maybe even because of them. It's not about becoming a perfect father. It's about trying to become a better father, each and every day. It's about building relationships with your children through love, grace, patience, and fun—and helping them grow into the men and women they're meant to be.

Is the Bible True . . . Really? John Wiley & Sons

The powerful, dramatic story of how a successful Hollywood set designer whose identity was deeply rooted in his homosexuality came to be suddenly and utterly transformed by the power of the gospel. When Becket Cook moved from Dallas to Los Angeles after college, he discovered a socially progressive, liberal town that embraced not only his creative side but also his homosexuality. He devoted his time to growing his career as a successful set designer and to finding "the one" man who would fill his heart. As a gay man in the entertainment industry, Cook centered his life around celebrity-filled Hollywood parties and traveled to society hot-spots around the world—until a chance encounter with a pastor at an LA coffee shop one morning changed everything. In *A Change of Affection*, Becket Cook shares his testimony as someone who was transformed by the power of the gospel. Cook's dramatic conversion to Christianity and subsequent seminary training inform his views on homosexuality—personally, biblically, theologically, and culturally—and in his new book he educates Christians on how to better understand this complex and controversial issue while revealing how to lovingly engage with those who disagree. *A Change of Affection* is a timely and indispensable resource for anyone who desires to understand more fully one of the most common and difficult stumbling blocks to faithfully following Christ today.
