KADE MILA

The Art of Public Speaking, Ex-tempore "O'Reilly Media, Inc."

Most programming languages contain good and bad parts, but JavaScript has more than its share of the bad, having been developed and released in a hurry before it could be refined. This authoritative book scrapes away these bad features to reveal a subset of JavaScript that's more reliable, readable, and maintainable than the language as a whole—a subset you can use to create truly extensible and efficient code. Considered the JavaScript expert by many people in the development community, author Douglas Crockford identifies the abundance of good ideas that make JavaScript an outstanding object-oriented programming language—ideas such as functions, loose typing, dynamic objects, and an expressive object literal notation. Unfortunately, these good ideas are mixed in with bad and downright awful ideas, like a programming model based on global variables. When Java applets failed, JavaScript became the language of the Web by default, making its popularity almost completely independent of its qualities as a programming language. In JavaScript: The Good Parts, Crockford finally digs through the steaming pile of good intentions and blunders to give you a detailed look at all the genuinely elegant parts of JavaScript, including: Syntax Objects Functions Inheritance Arrays Regular expressions Methods Style Beautiful features The real beauty? As you move ahead with the subset of JavaScript that this book presents, you'll also

sidestep the need to unlearn all the bad parts. Of course, if you want to find out more about the bad parts and how to use them badly, simply consult any other JavaScript book. With JavaScript: The Good Parts, you'll discover a beautiful, elegant, lightweight and highly expressive language that lets you create effective code, whether you're managing object libraries or just trying to get Ajax to run fast. If you develop sites or applications for the Web, this book is an absolute must.

Resources in Education FrancoAngeli

This study examines the nature of the Indian trade on the Florida frontier at the turn of the 20th century, and focuses on the reciprocal economic and social relationships which developed between the trading families and their Seminole clientele.

Pelts, Plumes and Hides Simon and Schuster

Prego! is easy to use! For this exciting new edition, we listened to our many adopters and made significant revisions to adapt Prego! to the changing needs of your students. Every aspect of this program is based on the strong foundation of vocabulary and grammar presentations unique to Prego along with communicative activities and expanded cultural material to help students develop language proficiency. As a result, the program is even stronger, offering a truly integrated approach to presenting culture that inspires students to develop their communication skills. All print and media supplements for the program are completely integrated in CENTRO, our comprehensive digital platform that brings together all the online and media resources of the Prego! program. These include the Quia online versions of the workbook and laboratory manual, the video program, the music

playlist, and new interactive games. Instructors will also find an easy-to-use grade book, an instructor dashboard, and a class roster system that facilitates course management and helps reduce administrative workload.

EBOOK: Prego! An Invitation to Italian Rutgers University Press

Emma - I know it sounds crazy. You (and Mum!) will be wondering where I've been disappearing to, and when I'll be back. That's why I'm leaving you all this evidence - in case something happens and I DON'T come back. Look at everything in my book. Call the phone numbers. Check out the websites. But, you can't tell ANYBODY about it, unless you want to end up in over your head, like me. But don't worry, I'll be OK (I think). Hey, maybe this is the beginning of a new life for me. For sure it's the end of the old one. Call me. Love, Cathy This book reaches beyond the written word to interact with teenage girls in ways they are quite familiar with in other areas of their lives. From instant-messaging to text-messaging, from surfing the web to having their own sites, the age-old story of 'boy dumps girl and girl wins boy back' is lifted from the page to our three-dimensional, 21st-century world.

A castaway on a rocky island is captured by a gang of evil men He was born Conan of Orme, but Orme is no more. When nuclear war causes the oceans to swallow up the Western world, Conan escapes by chance, washing up on a craggy, desolate isle. After years of privilege, island life is a hard adjustment, but he grows strong—learning to fish, to make fire, and to befriend the birds. On moonless nights, he screams into the darkness, tortured by a loneliness he cannot overcome. One day, a ship appears on the horizon, and Conan believes himself saved. But for this young survivor, trouble is just beginning. The ship belongs to the New Order, cruel rulers who are rebuilding Earth through brute force. They send their new slave to the cutthroat city of Industria, intending to break his spirit. But Conan finds power on the island, and with it, he will remake the world.

Training for Speed Walter de Gruyter GmbH & Co KG

When *Adorned in Dreams* was first published in 1985, Angela Carter described the book as "the best I have read on the subject, bar none." From haute couture to haberdashery, "deviant" dress to Dior, Elizabeth Wilson traces the social and cultural history of fashion and its complex relationship to modernity. She also discusses fashion's vociferous opponents, from the "dress reform" movement to certain strands of feminism. Wilson delights in the power of fashion to mark out identity or subvert it. This brand new edition of her book follows recent developments to bring the story of fashionable dress up to date, exploring the grunge look inspired by bands like Nirvana, the "boho chic" of the mid 90's, retro-dressing, and the meanings of dress from the veil to soccer player David Beckham's pink-varnished toenails.

Cathy's Book Bloomsbury Publishing

One day, Dom finds a little red egg and soon he is the owner of a friendly dragon called Glow! But what will happen when Glow becomes too big to hide at home? Read it yourself with Ladybird is one of Ladybird's best-selling series. For over thirty-five years it has helped young children who are learning to read develop and improve their reading skills. Each Read it yourself book is very carefully written to include many key, high-frequency words that are vital for learning to read, as well as a limited number of story words that are introduced and practised throughout. Simple sentences and frequently repeated words help to build the confidence of beginner readers and the four different levels of books support children all the way from very first reading practice through to independent, fluent reading. Each book has been carefully checked by educational consultants and can be read independently at home or used in a guided reading session at school. Further content includes comprehension puzzles, helpful notes for parents, carers and teachers, and book band information for use in schools. Dom's Dragon is a Level 2 Read it yourself title, ideal for children who have received some initial reading instruction and can read short, simple sentences with help.

Don't miss the JOE PICKETT series—now streaming on Paramount+ A mountain patrol leads Wyoming game warden Joe Pickett into a dangerous situation in this gripping novel from #1 New York Times bestselling author C. J. Box. It's Joe Pickett's last week as a temporary game warden in the mountain town of Baggs, Wyoming, but his conscience won't let him leave without checking out the strange reports coming from the wilderness: camps looted, tents slashed, elk butchered. What awaits him is like something out of an old campfire tale, except this story is all too real—and all too deadly.

[Educational Times and Journal of the College of Preceptors](#) McGraw Hill

The Contributions to the Sociology of Language series features publications dealing with sociolinguistic theory, methods, findings and applications. It addresses the study of language in society in its broadest sense, as a truly international and interdisciplinary field in which various approaches - theoretical and empirical - supplement and complement each other. The series invites the attention of scholars interested in language in society from a broad range of disciplines - anthropology, education, history, linguistics, political science, and sociology. To discuss your book idea or submit a proposal, please contact Natalie Fecher.

[Fox and the Crow](#) Open Road Media

A lively retelling of Aesop's fable about not always believing the nice things people say. First Reading Level 1 are real books for beginner readers to tackle with very light support. Featuring the delightful illustrations of Rocio Martinez. Includes several pages of reading-related puzzles.

Facebook and Conversation Analysis Random House

Facebook and Conversation Analysis investigates the structure and organization of comments on a major social media platform, Facebook, using applied conversation analysis methods. Providing previously undocumented insights into the structure of comment threads, this book demonstrates that they have a meaningful organization, rather than casually following one another. Although normally used to explore the structure of spoken conversations, in recent years conversation analysis approaches have been successfully applied to examine online interactions on Twitter, discussion forums and email exchanges. By turning this approach towards Facebook comments, Matteo Farina provides clear and important insights into the organization of this type of social interaction. Supported by a large sample of data, with findings based on a corpus of 213 comment threads, with

over 1,200 comments exchanged by 266 contributors, this book makes an important contribution to our understanding of the way people communicate on Facebook.

Book & mp3 CD. Pour vous aider à passer d'un anglais "appris" à l'aisance d'une langue pratiquée, cet ouvrage vous familiarisera avec le vocabulaire économique, politique, informatique... Vous y découvrirez également la littérature anglaise contemporaine, ainsi qu'une sérieuse approche de l'américain et des américanismes.

Dizionario Italiano, Ed Inglese Di Giuseppe Baretti Meligrana Giuseppe Editore

This novel begins as historical fiction describing the war years on the Italian coast near Ostuni, Italy, including a terrible German attack on the Port of Bari. Subsequently, it becomes a fictional account of a couple who live and marry and work toward peace with workers from Mahatma Gandhi. They are able to direct nuclear weapons away from a goal of disaster. Later they overcome an attack from terrorists and sponsor a successful conference of nations in Matera, Italy.

The Academic Speaker, Or, A Selection of Parliamentary Debates, Orations, Odes, Scenes, and Speeches from the Best Writers, Proper to be Read and Recited by Youth at School Ladybird

In this entertaining and groundbreaking book, Dr. Paul Pimsleur, creator of the renowned Pimsleur Method, the world leader in audio-based language learning, shows how anyone can learn to speak a foreign language. If learning a language in high school left you bruised, with a sense that there was no way you can learn another language, How to Learn a Foreign Language will restore your sense of hope. In simple, straightforward terms, Dr.

Pimsleur will help you learn grammar (seamlessly), vocabulary, and how to practice pronunciation (and come out sounding like a native). The key is the simplicity and directness of Pimsleur's approach to a daunting subject, breaking it down piece by piece, demystifying the process along the way.

Dr. Pimsleur draws on his own language learning trials and tribulations offering practical advice for overcoming the obstacles so many of us face.

Originally published in 1980, How to Learn a Foreign Language is now available on the 50th anniversary of Dr. Pimsleur's publication of the first of his first audio courses that embodied the concepts and methods found here. It's a fascinating glimpse into the inner workings of the mind of this amazing pioneer of language learning.

Ecco alcune caratteristiche di Speak English Magically: * Metodi di apprendimento accelerato per aiutarti ad assorbire la lingua più velocemente * Testi bilingui in italiano e inglese per farti capire davvero tutto, dall'inizio alla fine * Tanti file audio gratuiti e registrati da una parlante nativa della lingua per ascoltare le tue avventure americane. * Nessun esercizio di memorizzazione

[The EBMT Handbook](#) Crown

Physics professor, bestselling author, and dynamic storyteller James Kakalios reveals the mind-bending science behind the seemingly basic things that keep our daily lives running, from our smart phones and digital "clouds" to x-ray machines and hybrid vehicles. Most of us are clueless when it comes to the physics that makes our modern world so convenient. What's the simple science behind motion sensors, touch screens, and toasters? How do we glide through tolls using an E-Z Pass, or find our way to new places using GPS? In *The Physics of Everyday Things*, James Kakalios takes us on an amazing journey into the subatomic marvels that underlie so much of what we use and take for granted. Breaking down the world of things into a single day, Kakalios engages our curiosity about how our refrigerators keep food cool, how a plane manages to remain airborne, and how our wrist fitness monitors keep track of our steps. Each explanation is coupled with a story revealing the interplay of the astonishing invisible forces that surround us. Through this "narrative physics," *The Physics of Everyday Things* demonstrates that—far from the abstractions conjured by terms like the Higgs Boson, black holes, and gravity waves—sophisticated science is also quite practical. With his signature clarity and inventiveness, Kakalios ignites our imaginations and entralls us with the principles that make up our lives.

JavaScript: The Good Parts

NATIONAL BESTSELLER • A modern classic of true crime, set in a most beguiling Southern city—now in a 30th anniversary edition with a new afterword by the author “Elegant and wicked . . . might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime.”—*The New York Times Book Review* Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. In this sharply observed, suspenseful, and witty narrative, John Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the “soul of pampered self-absorption”; the uproariously funny drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young people dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. Brilliantly conceived and masterfully written, *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience.
