The Oxford Handbook of Shakespeare and Music Princeton Review

Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared, the eighth in the series of The Variorum Edition of the Poetry of John Donne presents newly edited critical texts of thirteen Divine Poems and details the genealogical history of each poem, accompanied by a thorough prose discussion. Arranged chronologically within sections, the material is organized under the following headings: Dates and Circumstances; General Commentary; Genre; Language, Versification, and Style; the Poet/Persona; and Themes. The volume also offers a comprehensive digest of general and topical commentary on the Divine Poems from Donne's time through 2012.

Catalog of Copyright Entries. Third Series Ashgate Publishing, Ltd. This is the first systematic and thorough study of mysticism or contemplation in these three seventeenth-century poets and in three modern writers. It not only clarifies the very confused issue of mysticism in seventeenth-century poetry but also connects seventeenth-century poets with modern literature and science through the contemplative tradition; from the Bible and Plato and Church fathers and important mystics of the Middle Ages through Renaissance and modern contemplatives. The transformative and redemptive power of contemplative poetry or "holy writing" (regardless of genre or discipline) is prominent throughout the book, and the relevance, indeed the vital necessity, of such poetry and of the living contemplative tradition to our apocalyptic modern world is discussed in the last chapter. In this chapter, attention is given to modern science, especially to the new physics, and to philosophical and mystical writings of eminent scientists.

English Class XII - SBPD Publications John Wiley & Sons Collected in this volume are Achsah Guibbory's most important and frequently cited essays on Donne, which, taken together,

present her distinctive and evolving vision of the poet. The book includes an original, substantive introduction as well as new essays on the Devotions upon Emergent Occasions, the Songs and Sonnets, and the subject of Donne and toleration. Over the course of her career, Guibbory has asked different questions about Donne but has always been concerned with recovering multiple historical and cultural contexts and locating Donne's writing in relation to them. In the essays here, she reads Donne within various contexts: the early modern thinking about time and history; religious attitudes towards sexuality; the politics of early modern England; religious conflicts within the church. While her approach has always been historicist, she has also foregrounded Donne's distinctiveness, showing how (and why) he continues to speak powerfully to us now. Presented together here, with reflections on the trajectory of her engagement with Donne, Achsah Guibbory illuminates Donne's understanding that erotic, spiritual, and political issues are often intertwined, and reveals how this understanding resonates in our own times.

This book is a historical and theoretical study of some of John Donne's less frequently discussed poetry and prose; it interrogates various trends that have dominated Donne criticism, such as the widely divergent views about his attitudes towards women, the focus on the Songs and Sonnets to the exclusion of his other works, and the tendency to separate discussions of his poetry and prose. On a broader scale, it joins a small but growing number of feminist re-readings of Donne's works. Using the cultural criticism of French feminist philosopher Luce Irigaray, Meakin explores works throughout Donne's career, from his earliest verse letters to sermons preached while Divinity Reader at Lincoln's Inn and Dean of St. Paul's in London.

"This study is the first to collect and fully annotate the vast amount of criticism and scholarship written on Donne during the period 1968-1978"--

Venus and Adonis, The Rape of Lucrece, The Phoenix and the Turtle, The Passionate Pilgrim Springer

This is a fully annotated edition of all the poems which are now generally regarded as Shakespeare's, excluding The Sonnets. It contains Venus and Adonis, The Rape of Lucrece, The Phoenix and the Turtle, The Passionate Pilgrim, and A Lover's Complaint. The introduction to the two long narrative poems examines their place within the classical and Renaissance European traditions, an issue which also applies to The Phoenix and the Turtle. The Passionate Pilgrim is a miscellany of twenty sonnets and lyrics, containing only five poems which are certain to be Shakespeare's. John Roe analyses the conditions in which the collection was produced, and weighs the evidence for and against Shakespeare's authorship of A Lover's Complaint and the much-debated question of its genre. He demonstrates how in his management of formal tropes Shakespeare, like the best Elizabethans, fashions a living language out of handbook oratory.

In facing up to life and its challenges, questions inevitably arise. Different situations provoke specific questions—mostly trivial but frequently fundamental—always seeking some kind of answer. While the transition from question to quest is a rather natural one for human beings and the need for answers is a serious human demand, the quest itself is significant, precisely because it is a human task. This book offers a number of literary-philosophical enquiries into these challenges of life. But it is the one set of quests—stimulated, deepened and widened by literature and philosophy as well as developed in a literary and philosophical way. Among the topics covered are: the search for meaning in life, the quest for wisdom, the aim of moral striving, the need for

community life, the importance of relationships, the challenge of suffering, the desire for deliverance, and the longing for immortality.

"This compendium reflects the latest international research into the many and various uses of music in relation to Shakespeare's plays and poems, the contributors' lines of enquiry extending from the Bard's own time to the present day. The coverage is global in its scope, and includes studies of Shakespeare-related music in countries as diverse as China, the Czech Republic, France, Germany, India, Italy, Japan, Russia, South Africa, Sweden, and the Soviet Union, as well as the more familiar Anglophone musical and theatrical traditions of the UK and USA. The range of genres surveyed by the book's team of distinguished authors embraces music for theatre, opera, ballet, musicals, the concert hall, and film, in addition to Shakespeare's ongoing afterlives in folk music, jazz, and popular music. The authors take a range of diverse approaches: some investigate the evidence for performative practices in the Early Modern and later eras, while others offer detailed analyses of representative case studies, situating these firmly in their cultural contexts, or reflecting on the political and sociological ramifications of the music. As a whole, the volume provides a wide-ranging compendium of cutting-edge scholarship engaging with an extraordinarily rich body of music without parallel in the history of the global arts"--

Go Figure addresses theories of the figure and practices of

figuration ranging from classical rhetoric and biblical exegesis to semiotics, psychoanalysis, and socio-politics. Situating theory in history, the essays in this volume focus on verbal and visual texts from the sixteenth to the eighteenth centuries, and they explore science, sacramental poetics, romance and lyric narrative, and the natural world in still lifes, prayer, parasites, and politics. They engage the work of poets, painters, storytellers, and playwrights. While the theories that inform them are many and various, they share a point of reference in the work of Jean-Francois Lyotard, who theorizes the co-presence in language of the figure and discourse: Lyotard's figure relates to discourse as image emerges in description, as sense accompanies signification, and as
