MILLS STEWART

[Essentials of Organizational Behavior](#) Pearson South Africa

Fundamentals of Organizational Behavior: An Applied Perspective, Second Edition examines the behavior of people in organizations. Topics covered range from political maneuvering in organizations (office politics) to the stresses facing people in managerial and professional positions. A conceptual framework for organizational behavior is presented, along with numerous case illustrations and examples from live organizational settings. This monograph consists of 14 chapters and opens with an introduction to organizational behavior and how it is influenced by principles of human behavior. The three main subareas or schools of management thought are discussed, together with the difference between knowledge work and non-knowledge work; how research and theory contribute to an understanding of organizational behavior; and the distinction between structure and process. The following chapters explore how the meaning of work relates to work motivation, as well as the link between work motivation and job performance; behavioral aspects of decision making; stresses in managerial and professional life; and political maneuvering in organizations. Small group behavior, leadership styles, and interpersonal communications are also considered, along with intergroup conflict and organizational effectiveness. This book will be of interest to students, managers, and staff specialists, as well as behavioral scientists and management theorists. *Essentials of Organizational Behaviour, eBook, Global Edition* Cengage Learning

Taking a managerial approach and demonstrating the application of behavioural science within the workplace, this text focuses on the essential topics of organisational behaviour. The Essentials text is a new concise version of the long established market leader Management & Organisational Behaviour which has set standards in pedagogy and authorship that few texts have matched. The accessibility of writing style and clarity of presentation makes unfamiliar theory relevant, easily understood and logically applied to the world of work. In 12 chapters, the Essentials version focuses on the core topics of the discipline in a recognisable sequence, starting from the level of individual, though to the group, and finally the organisation.

Essentials of Organizational Behavior Prentice Hall

Concise, practical, and research-based, Essentials of Organizational Behavior equips students with the necessary skills to become effective leaders and managers. Best-selling author Terri A. Scandura uses an evidence-based approach to introduce students to models proven to enhance the well-being, motivation, and productivity of people in the workplace. Experiential exercises and a variety of real-world cases and examples provide students with ample opportunity to apply OB concepts and hone their critical thinking. The Third Edition includes new "What's #Trending in OB?" boxes on timely topics such as social media addiction and virtual work teams during the COVID-19 pandemic; new case studies on important issues such as American Airlines' anti-discrimination protections for LGBTQ workers; and the latest research on topics such as grit and inclusive leadership. Classics of Organization Theory M.E. Sharpe

Concise, practical, and based on the best available research, Essentials of Organizational Behavior: An Evidence-Based Approach, Second Edition equips students with the necessary skills to become effective leaders and managers. Author Terri A. Scandura uses an evidence-based approach to introduce students to new models proven to enhance the well-being, motivation, and productivity of people in the work place. Experiential exercises, self-assessments, and a variety of real-world cases and examples provide students with ample opportunity to apply OB concepts and hone their critical thinking abilities. New to this Edition A new Emotions and Moods chapter delves into important topics like emotional intelligence, emotional contagion, and affective neuroscience. A new Power and Politics chapter unpacks the most effective influence strategies and helps students develop their political skills. A streamlined table of contents now combines perception and decision making in a single chapter and change and stress in a single chapter. New case studies, including some from SAGE Business Cases for the Interactive eBook, on topics such as virtual teams, equal pay and the gender wage gap, and the use of apps at work introduce timely and relevant discussions to help foster student engagement. The new edition has been rigorously updated with the latest research throughout and includes expanded coverage of Machiavellian leadership, ethical decision making, and organizational design through change. New Best Practices and Research in Action boxes as well as new Toolkit Activities and Self-Assessments have been added to make the text even more hands-on and practical.

Insights Into Your Skills, Interests and Abilities Pearson Higher Ed

This brief alternative for the organizational behaviour course covers all the key concepts needed to understand, predict, and respond to the behaviour of people in real world organizations, including cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course.

Organizational Behavior: Essential Theories of Motivation and Leadership analyzes the work of leading theorists. Each chapter includes the background of the theorist represented, the context in which the theory arose, the initial and subsequent theoretical statements, research on the theory by the theory's author and others (including meta-analysis and reviews), and practical applications. Special features including boxed summaries of each theory at the beginning of each chapter, two introductory chapters on the scientific method and the development of knowledge, and detailed and comprehensive references, help make this text especially useful for graduate courses in Organizational Behavior and Industrial/Organizational Psychology.

A Guide for Students of the Social and Behavioral Sciences Essentials of Organizational Behavior

Essentials of Organizational Behavior Prentice Hall

Make better decisions – every day, everywhere! Decide and Conquer, Second Edition brings together all the practical skills you need to do just that. This quick, concise book identifies every key obstacle to quality decision-making and shows exactly how to overcome them. You'll discover how your personality impacts your decision-making, why instincts and experience can lead you astray, how to simplify complex decisions without oversimplifying them and much more. Renowned management author Dr. Stephen P. Robbins translates cutting-edge research findings about human behavior and decision-making into language anyone can understand – and act upon. In this Second Edition, he provides many new and updated examples, updated research, and new coverage, including these crucial new topics: Are you a Maximizer or a Satisficer – and what it means for your decision-making Overcoming the familiarity bias, adaptation bias, and fear-of-loss bias How to stop throwing good money after bad Knowing when doing nothing is your best option Accounting for gendered decision-making styles Decide and Conquer, Second Edition covers everything from goal-setting and risk-taking to overconfidence to procrastination, and offers indispensable insights for overcoming the multiple biases that are built into all human decision-makers. You'll use Robbins' powerful techniques to improve every decision you make – about your relationships, career, finances,

everything!

Essentials of Organizational Behavior, Student Value Edition Pearson Higher Education AU

Robbins: Leading the way in OB Written as an alternative to Robbins' larger Organisational Behaviour text, OB: The Essentials is an applied and focused text that will help your students to quickly grasp the essential elements of OB. In an engaging 13 chapter format, this book retains the fluid writing style, academic rigour and extensive use of examples that are trademark features of the Robbins texts. While there are less chapters, the book continues to provide cutting-edge content that is often missing in other OB books – this is not merely a subset of material from Robbins' Organisational Behaviour text; it was written from the ground up to present all the essential content in a shorter format. This new text will have broad appeal; particularly to visual learners who will appreciate the lively design and extensive use of examples and photographs to aid comprehension and retention of concepts. New co-author Dr Michael Jones of the University of Wollongong brings his avid enthusiasm for student education as well as a solid research background in motivation, commitment and business operations to the new text. Reviewers and users of the Robbins texts regularly report that they are 'conversational', 'interesting', 'student-friendly' and 'very clear and understandable'. Packed full of pedagogical features that will engage and stimulate your students, OB: The Essentials will ensure that they are getting a sound understanding of OB. Features such as the 'Applying Knowledge' and 'Student Challenge' boxes prompt students to apply and think strategically about what they have just learnt.

[Writing Literature Reviews](#) Prentice Hall

Compiled by three of the most influential authors in the field, CLASSICS OF ORGANIZATION THEORY, Eighth Edition is a collection of the most enduring works in organization theory. To help students grasp important themes, perspectives, and theories, the authors describe what organization theory is, how it has developed, and how its development has coincided with events and changes in other fields. This highly acclaimed reader is not simply a retelling of the history of organization theory; its evolution is told through the words of the distinguished theorists themselves. The readings in this edition have been thoroughly reviewed and updated. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Fundamentals of Organizational Behavior SAGE Publications

Master organizational behavior concepts with this self-study book and become a leader of better management practices. After reading this book, you will be able to answer the following questions: What is organizational behavior? What are best practices for managing topics such as office politics, diversity, learning and development, and stress in the workforce? How do organizations develop and retain talent? How can an organization develop high performance work systems that maximize outcomes at all levels? What are the skills of an effective leader who creates a high-performance work culture? Like people, organizations have different personalities that are impacted by more than just the brand identity. Organizational Behavior Essentials You Always Wanted To Know covers dimensions of the relationships between an organization at the individual, group and overall organizational levels and their impact on one another. If you have ever questioned how organizations adapt to the changing demands of the twenty-first century, then Organizational Behavior Essentials You Always Wanted To Know is the resource you need. Theories in organizational behavior can help leadership determine how their organization should respond to the many conditions impacting the twenty-first century workforce, including new technologies, market conditions, natural disasters, labor shortages, among others. The book's structure moves seamlessly through every level of an organization as it explores the best practices for developing and retaining talent. Starting with the individual worker, the book explores the group dynamics of the workplace, how best to utilize human resources departments, and ultimately, how to be an effective leader in a high-performance workplace. This easy-to-read guide will help you put theory into practice. With chapter quizzes to reinforce concepts and a glossary of key terms, Organizational Behavior Essentials You Always Wanted To Know is a must have introductory guide for newcomers and a resource for seasoned professionals. About the Series The Self-Learning Management series is designed to help students, new managers, career switchers and entrepreneurs learn essential management lessons. This series is designed to address every aspect of business from HR to Finance to Marketing to Operations, be it any industry. Each book includes basic fundamentals, important concepts, standard and well-known principles as well as practical

ways of application of the subject matter. The distinctiveness of the series lies in that all the relevant information is bundled in a compact form that is very easy to interpret.

OB: The Essentials Pearson

Organizational Behavior is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others.
