 The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

An anthology can be compared to a patchwork quilt, sewn by many hands. Each piece in the patchwork is different: distinctive in texture, shape, pattern, colour. Each piece, separately created, has its own individuality, is self contained, and could exist on its own. You are about to enjoy some of

Australia's best stories, poetry and artwork from the likes of: Shaun Tan, Leigh Hobbs, James Roy, Justin D'Ath, Kirsty Murray, Simon Higgins, Gary Crew, Scot Gardner and many others...

In Byways of Scottish History Dalkey Archive Press

A rich, sultry, ambitious novel about a young American writer/curator, fleeing a crumbling marriage in New York who travels with her nine-year old daughter to one of the remote islands in the north of Scotland, birthplace of her grandfather. Commissioned to set up a museum there and to write the biography of the island's celebrated poet and chronicler, Mhairi McPhail is slowly drawn in by the complicated life she is uncovering and writing about--the Bard of Fascaray--as she finds herself being transformed, awakened by the ferocity and power of the island. Who was the celebrated poet, Grigor McWatt, The Bard of Fascaray? What was his past? Details of his life are elusive. As Mhairi struggles to adapt to her island life and put her disappointment and troubles behind her, she begins to unearth the astonishing secret history of the poet, regarded by many as the custodian of Fascaray's--and Scotland's--soul. In McAfee's rich novel of invented island life, she interweaves extracts from Mhairi's journal entries, her discoveries and writings of McWatt, and tales of Fascaray itself into a resonant, compelling, dimensional narrative that at its heart explores identity, love, belonging and the universal quest for home.

SHORTLISTED FOR THE 2017 MAN BOOKER PRIZE A NEW YORK TIMES AND GUARDIAN BEST BOOK OF 2017 Autumn. Season of mists and mellow fruitfulness.

That's what it felt like for Keats in 1819. How about Autumn 2016? Daniel is a century old. Elisabeth, born in 1984, has her eye on the future. The United Kingdom is in pieces, divided by a historic, once-in-a-generation summer. Love is won, love is lost. Hope is hand-in-hand with hopelessness. The seasons roll round, as ever. Ali Smith's new novel is a meditation on a world growing ever more bordered and exclusive, on what richness and worth are, on what harvest means. It is the first installment of her Seasonal quartet—four stand-alone books, separate yet interconnected and cyclical (as the seasons are)—and it casts an eye over our own time. Who are we? What are we made of?

Shakespearean *jeu d'esprit*, Keatsian melancholy, the sheer bright energy of 1960s pop art: the centuries cast their eyes over our own history making. Here's where we're living. Here's time at its more contemporaneous and its most cyclic. From the imagination of the peerless Ali Smith comes a shape-shifting series, wide-ranging in time-scale and light-footed through histories, a story about aging and time and love and stories themselves.

Rich and Rare John Wiley & Sons
 "One of the most profound and illuminating studies of this century to have been published in recent decades."—John Gray, *New York Times* Book Review Hailed as "a magisterial critique of top-down social planning" by the *New York Times*, this essential work analyzes disasters from Russia to Tanzania to uncover why states so often fail—sometimes catastrophically—in grand efforts to engineer their society or their environment, and uncovers the conditions common to all such planning disasters. "Beautifully written, this book calls into sharp relief the nature of the

world we now inhabit."—*New Yorker* "A tour de force."—Charles Tilly, Columbia University

A mysterious traveler intervenes in an epic holy war in this "impressive, challenging debut" of the critically acclaimed fantasy epic (*Publishers Weekly*, starred review). The first book in R. Scott Bakker's *Prince of Nothing* series

introduces readers to a strikingly original and engrossingly vivid new world. With its language and classes of people, its cities, religions, mysteries, taboos, and rituals, *The Darkness That Comes Before* has drawn comparison to J.R.R. Tolkien's *The Lord of the Rings* and Frank Herbert's *Dune*. Bakker's *Eärwa* is a world scarred by an apocalyptic past, evoking a time both two thousand years past and two thousand years into the future. As untold thousands gather for a crusade, two men and two women are ensnared by a mysterious traveler, Anasûrimbor Kellhus—part warrior, part philosopher, part sorcerous, charismatic presence—from lands long thought dead. *The Darkness That Comes Before* is a history of this great holy war, and like all histories, the survivors write its conclusion.

Echoing Hope McFarland

Where is Jesus when we need him most? An influential pastor shares how despair can lead us to discover true hope and a deeper relationship with God, helping us emerge stronger and more joyful from times of crisis. "May this careful look at pain in the context of Jesus's life open up avenues of discovery and healing."—Mindy Caliguire, cofounder and president of Soul Care We all experience difficulties and hardships. But how can we learn to live richly in the midst of them? And even grow spiritually because of them? The answer is found in the hopeful humanity of Jesus. As the Son of God, Jesus wasn't exempt from suffering, disappointment, or injustice. He lived in the real world as a real person. He wept for those he loved. He felt hunger and thirst. He endured temptation, betrayal, and ridicule. He died after being unjustly tortured. And somehow through it all, he embodied hope—by defeating death and opening a new world of life for us. In *Echoing Hope*, influential pastor and blogger Kurt Willems reveals how understanding the humanity of Jesus can radically transform our identity and empower us to step into our pain-filled world in a new way. Combining rich theological insight with personal stories and practices for response, he shows how we can overcome despair and encounter the beautiful potential of our lives.

The explosive and bloody true history of Texas Rangers Company F, made up of hard men who risked their lives to bring justice to a lawless frontier. Between 1886 and 1888, Sergeant James Brooks, of Texas Ranger Company F, was engaged in three fatal gunfights, endured disfiguring bullet wounds, engaged in countless manhunts, was convicted of second-degree murder, and rattled Washington, D.C. with a request for a pardon from the US president. His story anchors the tale of Joe Pappalardo's *Red Sky Morning*, an epic saga of lawmen and criminals set in Texas during the waning years of the "Old West." Alongside Brooks were the Rangers of Company F, who ranged from

a pious teetotaler to a cowboy fleeing retribution for killing a man. They were all led by Captain William Scott, who cut his teeth as a freelance undercover informant but was facing the end of his Ranger career. Company F hunted criminals across Texas and beyond, killing them as needed, and were confident they could bring anyone to "Ranger justice." But Brooks' men met their match in the Conner family, East Texas master hunters and jailbreakers who were wanted for their part in a bloody family feud. The full story of Company F's showdown with the Conner family is finally being told, with long-dead voices heard for the first time. This truly hidden history paints the grim picture of neighbors and relatives becoming snitches and bounty hunters, and a company of Texas Rangers who waded into the conflict only to find themselves in over their heads - and in the fight of their lives.

Poor Things Harper Collins

At the intersection between art, design and social history, *The Inventors of Tradition* is a subjective study of the history of the Scottish textiles industry since the 1930s. It brings together samples of world-class design, the archive material of individuals and companies, and documentation in the form of film and interviews. In response to this material the artist Lucy McKenzie and designer Beca Lipscombe, from Atelier, have produced a series of new works including clothing, furniture and accessories in collaborative partnership with Caerlee Mills, Begg Scotland, Hawick Cashmere, Laura Lees, Jannette Murray, Mackintosh, Muehlbauer and Steven Purvis. This book features an introduction by Atelier (Beca Lipscombe, Lucy McKenzie) and Panel (Catriona Duffy, Lucy McEachan), and texts by

Lucy McKenzie, Mairi MacKenzie, Nicholas Oddy, Jonathan Murray and Linda Watson.

A mother stitches a few lines of prayer into a bedcover for her son serving in the Union army during the Civil War. A formerly enslaved African American woman creates a quilt populated by Biblical figures alongside celestial events. A Diné woman weaves a blanket for a U.S. Army soldier stationed in the Southwest. A quilted Lady Liberty, George Washington, and Abraham Lincoln mark the resignation of Richard Nixon. These are just a few of the diverse and sometimes hidden stories of the American experience told by quilts and bedcovers from the collection of the Museum of Fine Arts, Boston. Spanning more than four hundred years, the fifty-six works of textile art in this book express the personal narratives of their makers and owners and connect to broader stories of global trade, immigration, industry, marginalization, and territorial and cultural expansion. Made by Americans of European, African, Native, and Hispanic heritage, these engaging works of art range from family

heirlooms to acts of political protest, each with its own story to tell.

Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Tiny Wardrobe David and Charles
“Fiddler, father, widower, cowboy and lover, Du Pré has the soul of a poet, the eyes of a wise man, and the heart of a comic” (The New York Times Book Review). Gabriel Du Pré’s precocious granddaughter, Pallas, has returned from her Washington, DC, boarding school, and trouble seems to have come along for the ride. Du Pré’s girlfriend’s son, Chappie, is also back from serving in Iraq, minus one leg and one eye. As the family tries to help him adjust to civilian life, the town is invaded by a fire-and-brimstone fundamentalist sect, whose preacher is hell-bent on imposing his own beliefs on the easygoing people of Toussaint, where even the most pious prefer to keep God to themselves. Du Pré is content to ignore the evangelists, until a mountain hike turns up the body of a little girl. Although he has no hard evidence, instinct tells him that the fundamentalists may be to blame. Du Pré hunts the countryside for the young girl’s killer, wishing as always that the outside world would leave his beloved Montana alone. In this “admirable, highly original” series, “Du Pré, a Métis Indian, ignores the speed limit, smokes hand-rolled cigarettes and drinks whisky like it was water. He also plays fiddle like an angel, takes care of his friends and defends the weak with equal passion” (Publishers Weekly). Nails is the 13th book in The Montana Mysteries Featuring Gabriel Du Pré series, but you may enjoy

reading the series in any order.
