RIDDLE BRANSON

Donald J. Trump and the Politics of White Rage Center Street

An in-depth investigation into Donald Trump's business—and how he used America's top job to service it. White House, Inc. is a newsmaking exposé that details President Trump's efforts to make money off of politics, taking us inside his exclusive clubs, luxury hotels, overseas partnerships, commercial properties, and personal mansions. Alexander tracks hundreds of millions of dollars flowing freely between big businesses and President Trump. He explains, in plain language, how Trump tried to translate power into profit, from the 2016 campaign to the ramp-up to the 2020 campaign. Just because you turn the presidency into a business doesn't necessarily mean you turn it into a good business. After Trump won the White House, profits plunged at certain properties, like the Doral golf resort in Miami. But the presidency also opened up new opportunities. Trump's commercial and residential property portfolio morphed into a one-of-a-kind marketplace, through

which anyone, anywhere, could pay the president of the United States. Hundreds of customers—including foreign governments, big businesses, and individual investors—obliged. The president's disregard for norms sparked a trickle-down ethics crisis with no precedent in modern American history. Trump appointed an inner circle of centimillionaires and billionaires—including Ivanka Trump, Jared Kushner, Wilbur Ross, and Carl Icahn—who came with their own conflict-ridden portfolios. Following the president's lead, they trampled barriers meant to separate their financial holdings from their government roles. White House, Inc. is a page-turning, hair-raising investigation into Trump and his team, who corrupted the U.S. presidency and managed to avoid accountability. Until now.

A tax-smart guide to keeping more of the wealth you build Three obstacles to wealth-lawsuits, income taxes, and estate taxes-can and will destroy the financial achievements of those who fail to

properly safeguard their assets. In this book, attorney and tax strategist J.J. Childers lays out a plan for combating these forces so that anyone willing to learn and apply the secrets of the wealthy can do so in a smart, simple, and effective way. J.J. Childers (Little Rock, AR) is a licensed attorney specializing in wealth structures that reduce taxes and shield assets. He speaks on these topics to thousands of individuals, investors, and small business owners each year. His unique ability to explain complicated strategies in simple terms has made him one of the nation's most sought-after speakers and practitioners on asset-protecting legal structures.

101 Indisputable Facts Proving Donald Trump Is An Idiot John Wiley & Sons

First published in 1971, [Rules for Radicals](#) is Saul Alinsky's impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." Written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

[Crippled America](#) by Donald Trump | Key Takeaways & Analysis Preview: Much has been written about Donald Trump and his campaign for the 2016 Republican nomination for president. But what does the billionaire builder and media personality himself have to say about what America's greatest problems are? And just as important, what solutions does he offer to address these issues? [Crippled America: How to Make America Great Again](#) offers a revealing look at his thinking... PLEASE NOTE: This is key takeaways and analysis of the book and NOT the original book. Inside this [Instaread of Crippled America](#): · Overview of the book · Important People · Key Takeaways · Analysis of Key Takeaways

Trump University Commercial Real Estate 101 Penguin

In [Never Give Up](#), Donald Trump tells the dramatic stories of his biggest challenges, lowest moments, and worst mistakes—and how he uses tenacity and creativity to turn defeat into victory. Each chapter includes an inspiring story from Trump's career and concludes with expert commentary and coaching from adversity researcher and author Paul Stoltz. Inspirational and intelligent, [Never Give Up](#) will help you deal with your own personal challenges, failures, and weaknesses.

[Crippled America](#) Crossroad Press

One of Donald Trump's trusted advisers shares her hard-won wisdom and business advice for young professional women, explaining how to get ahead in the cutthroat world of modern-day business, how to deal with a difficult boss, how to maintain a healthy balance between work and one's personal life, and more.

101 Provactive Donald Trump Outbursts Open Road Media

"An impressive combination of diligence and verve, deploying Ackerman's deep stores of knowledge as a national security journalist to full effect. The result is a narrative of the last 20 years that is upsetting, discerning and brilliantly argued." —The New York Times "One of the most illuminating books to come out of the Trump era." —New York Magazine An examination of the profound impact that the War on Terror had in pushing American politics and society in an authoritarian direction For an entire generation, at home and abroad, the United States has waged

an endless conflict known as the War on Terror. In addition to multiple ground wars, it has pioneered drone strikes and industrial-scale digital surveillance, as well as detaining people indefinitely and torturing them. These conflicts have yielded neither peace nor victory, but they have transformed America. What began as the persecution of Muslims and immigrants has become a normalized, paranoid feature of American politics and security, expanding the possibilities for applying similar or worse measures against other targets at home. A politically divided country turned the War on Terror into a cultural and then tribal struggle, first on the ideological fringes and ultimately expanding to conquer the Republican Party, often with the timid acquiescence of the Democratic Party. Today's nativist resurgence walked through a door opened by the 9/11 era. [Reign of Terror](#) will show how these policies created a foundation for American authoritarianism and, though it is not a book about Donald Trump, it will provide a critical explanation of his rise to power and the sources of his political strength. It will show that Barack Obama squandered an opportunity to dismantle the War on Terror after killing Osama bin Laden. That mistake turns out to have been portentous. By the end of his tenure, the war metastasized into a broader and bitter culture struggle in search of a demagogue like Trump to lead it. A union of journalism and intellectual history, [Reign of Terror](#) will be a pathbreaking and definitive book with the power to transform how America understands its national security policies and their catastrophic impact on its civic life.

[The Deep Rig](#) Random House

[The Twitter Presidency](#) explores the rhetorical style of President Donald J. Trump, attending to both his general manner of speaking as well as to his preferred modality. Trump's manner, the authors argue, reflects an aesthetics of white rage, and it is rooted in authoritarianism, narcissism, and demagoguery. His preferred modality of speaking, namely through Twitter, effectively channels and transmits the affective dimensions of white rage by taking advantage of the platform's defining characteristics, which include simplicity, impulsivity, and incivility. There is, then, a structural homology between Trump's general communication practices and the specific platform (Twitter) he uses to communicate with his base. This commonality between communication practices and communication platform (manner and modality) struck a powerful emotive chord with his followers, who feel aggrieved at the decentering of white masculinity. In addition to charting the defining characteristics of Trump's discourse, [The Twitter Presidency](#) exposes how Trump's rhetorical style threatens democratic norms, principles, and institutions.

This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

[How to Build the Most Valuable Asset of Any Business](#) John Wiley & Sons

"The election of Donald Trump as the 45th President of the United States was a disruptive political event the likes of which the country has not seen in decades. From his campaign through the four years of Trump's time in office, this presidency has been one of the most unorthodox in American history. As such, it provides an excellent opportunity to look at electoral politics, the institutions of American government, and US public policy through the lens of disruption. The Unorthodox Presidency of Donald J. Trump, edited by Paul Rutledge and Chapman Rackaway, brings together fourteen other contributors to provide a comprehensive midterm assessment of the Trump presidency organized by the heterodoxy of his electoral, governing, and policy approaches"--[\(The J. Stands for Genius\)](#) John Wiley & Sons

The presidency of Donald J. Trump is rather ordinary. Trump himself may be the most unusual, unorthodox and unconventional president the US has ever had. Yet, even with his extraordinary

personality and approach to the job, his presidency is proving quite ordinary in its accomplishments and outcomes, both at home and abroad. Like most modern US presidents, the number and scope of Trump's achievements are rather meager. Despite dramatic claims to a revolution in US politics, Trump simply has not achieved very much. Trump's few policy achievements are also mostly mainstream Republican ones rather than the radical, anti-establishment, swamp-draining changes promised on the campaign trail. The populist insurgent who ran against Washington has followed a policy agenda largely in tune with conservative Republican traditions. [The Ordinary Presidency of Donald J. Trump](#) provides a detailed explanation for the discrepancy between Trump's extraordinary approach and the relative mediocrity of his achievements. Ironically, it is precisely Trump's extraordinariness as president that has helped render his presidency ordinary.

[Trump Never Give Up](#) Createspace Independent Publishing Platform

Byrne is a libertarian who did not vote for Trump and has publicly criticized him: that said, he believes Election 2020 was rigged, and that should be objectionable to every person who believes, "just government derives its power from the consent of the governed." In this book he explains what caused him in August 2020 to study election fraud, and what really happened during the 2020 election. He describes how his team of "cyber-ninjas" unraveled it while they worked against the clock of Constitutional processes, all against the background of being a lifetime entrepreneur trying to interact with Washington, DC. This book takes you behind the headlines to backroom scenes that determined whether or not the fraud would be exposed in time, and paints a portrait of Washington that will leave the reader asking, "Is this the end of our constitutional republic?".

Above the Law HarperCollins

In this revelatory, authoritative portrait of Donald J. Trump and the toxic family that made him, Mary L. Trump, a trained clinical psychologist and Donald's only niece, shines a bright light on the dark history of their family in order to explain how her uncle became the man who now threatens the world's health, economic security, and social fabric. Mary Trump spent much of her childhood in her grandparents' large, imposing house in the heart of Queens, New York, where Donald and his four siblings grew up. She describes a nightmare of traumas, destructive relationships, and a tragic combination of neglect and abuse. She explains how specific events and general family patterns created the damaged man who currently occupies the Oval Office, including the strange and harmful relationship between Fred Trump and his two oldest sons, Fred Jr. and Donald. A firsthand witness to countless holiday meals and interactions, Mary brings an incisive wit and unexpected humor to sometimes grim, often confounding family events. She recounts in unsparing detail everything from her uncle Donald's place in the family spotlight and Ivana's penchant for regifting to her grandmother's frequent injuries and illnesses and the appalling way Donald, Fred Trump's favorite son, dismissed and derided him when he began to succumb to Alzheimer's. Numerous pundits, armchair psychologists, and journalists have sought to parse Donald J. Trump's lethal flaws. Mary L. Trump has the education, insight, and intimate familiarity needed to reveal what makes Donald, and the rest of her clan, tick. She alone can recount this fascinating, unnerving saga, not just because of her insider's perspective but also because she is the only Trump willing to tell the truth about one of the world's most powerful and dysfunctional families. [How the 9/11 Era Destabilized America and Produced Trump](#) Trump 101The Way to Success ON TOP OF THE WORLD ... IN A HOUSE OF CARDS The tabloids tracked his every move. The business magazines predicted his demise. And the public couldn't get enough. But the only people privy to Donald Trump's real story were the members of his inner circle—men such as Jack O'Donnell, a top executive at Atlantic City's Trump Plaza Casino until April, 1990. For three years O'Donnell witnessed the goings-on in the House of Trump that the people only guessed at. Now he reveals what he saw. Here's the inside story of Trump's legendary tirades, his convenient forgetfulness, and the infamous Donald Trump ego. O'Donnell tells how the Plaza staff catered to Trump's personal whims, and to those of his mistress—and how the man who built the largest gambling hall in the world knew little about running a casino. From the hypocrisy, bad deals, and the monumental debt to the untold tales of Marla and Ivana, Trumped! rips the mask off the mighty Trump facade—revealing a man whose castle is about to collapse.

[Trump Politically Incorrect](#) Springer

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he

meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for *Trump: The Art of the Deal* “Trump

makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post
The Art of Being the Donald Vanguard Press
What if Donald Trump wrote a book about himself—and did it all by himself? It would probably look

a little something like this. Exclusively using hundreds of verified quotes and tweets from the man who improbably became the 45th president of the United States, *My Amazing Book About Tremendous Me* sees Trump's own words answering kid-friendly prompts such as, “My house is...” and “My five best ideas are...” Now, we finally have a medium where his bragging, rambling, outrageous and occasionally incoherent thoughts make sense. Sort of. Packed from page to page with clear evidence of ego-fueled, adolescent impulses gone wild, this scrapbook parody perfectly showcases exactly how off the rails our commander-in-chief really is.
