The Deadly Rise of Injury and Disaster—Who Profits and Who Pays the Price White Star Editions
 When a formidable killer she brought down years earlier escapes, New York homicide cop Eve Dallas begins a race against time to prevent him from resuming his attacks on child victims and exacting revenge on Eve herself. By the best-selling author of *Treachery in Death*. Reprint. 750,000 first printing.
Popular Science Rough Guides
 This keepsake album is the freshest collection of images published in many years savoring the many facets of New York. Some intimate and detailed, others wide-angled, these photographs explore the grand chaotic serendipity that makes New York so vibrant. Tourists and visitors often comment on this remarkable energy—people feel more alive in New York, especially when they are new to it—and this is the perfect keepsake album that captures (and re-captures) that initial dumbstruck awe and rush of adrenaline that everyone has felt here. The photographs also explore the contrasts that define New York—the highs and the lows, the grand and the ordinary. From penthouses to piers and from bucolic Central Park to carnivalesque Coney Island, the book explores New York's amazing contradictions that somehow come together in a unique masterpiece. From the heights of the Empire State to the nether realms of the subway, from the burlesque zaniness of *Gay Pride*

to the busting Chinatown streets beneath the bridge, from luxury boutiques to colorful bodegas, and from Lincoln Center to the street corner chanteuse—the contrasts of the city are captured in this album to form a coherent picture of the genius and excitement that is the city.

Dark Matter Simon and Schuster

A mindbending, relentlessly surprising thriller from the author of the bestselling *Wayward Pines* trilogy. "Are you happy with your life?" Those are the last words Jason Dessen hears before the masked abductor knocks him unconscious. Before he awakens to find himself strapped to a gurney, surrounded by strangers in hazmat suits. Before a man Jason's never met smiles down at him and says, "Welcome back, my friend." In this world he's woken up to, Jason's life is not the one he knows. His wife is not his wife. His son was never born. And Jason is not an ordinary college physics professor, but a celebrated genius who has achieved something remarkable. Something impossible. Is it this world or the other that's the dream? And even if the home he remembers is real, how can Jason possibly make it back to the family he loves? The answers lie in a journey more wondrous and horrifying than anything he could've imagined—one that will force him to confront the darkest parts of himself even as he battles a terrifying, seemingly unbeatable foe. *Dark Matter* is a brilliantly plotted tale that is at once sweeping and intimate, mind-bendingly strange and profoundly human—a relentlessly surprising science-fiction thriller about choices, paths not taken, and how far we'll go to claim the lives we dream of.

How to Survive the Quirks, Quandaries, and Quagmires of Today Dial Press

This long awaited book captures Nierenberg's many years of skill and experience in networking. Here she reveals her easy-to-use strategies for linking up with people in order to achieve mutual personal and professional goals.

What makes a place? Rebecca Solnit reinvents the traditional atlas, searching for layers of meaning & connections of experience across San Francisco.

On the Des Moines Simon and Schuster

One of The New York Times Book Review's "10 Best Books of 2021" Shortlisted for the 2021 International Booker Prize A fictional examination of the lives of real-life scientists and thinkers whose discoveries resulted in moral consequences beyond their imagining. *When We Cease to Understand the World* is a book about the complicated links between scientific and mathematical discovery, madness, and destruction. Fritz Haber, Alexander Grothendieck, Werner Heisenberg, Erwin Schrödinger—these are some of luminaries into whose troubled lives Benjamín Labatut thrusts the reader, showing us how they grappled with the most profound questions of existence. They have strokes of

unparalleled genius, alienate friends and lovers, descend into isolation and insanity. Some of their discoveries reshape human life for the better; others pave the way to chaos and unimaginable suffering. The lines are never clear. At a breakneck pace and with a wealth of disturbing detail, Labatut uses the imaginative resources of fiction to tell the stories of the scientists and mathematicians who expanded our notions of the possible.

Civil Aeronautics Board Reports New York Review of Books
 Fall in love with New York for the first time or all over again with this breathtaking photographic celebration of the world's greatest city. Join "adopted" New Yorker Alessandra Mattanza as she details her passionate love affair with the Big Apple through 350 stunning images of striking panoramas, cultural icons, glamorous hotspots, Christmas magic, street life, and more. This is New York captured in the midst of a vital rebirth: colorful, multifaceted, and teeming with life.

A Novel Simon and Schuster

Winner of the 2021 Brooklyn Public Library Literary Prize A symphony of contemporary New York through the magnificent words of its people—from the best-selling author of *Londoners*. In the first twenty years of the twenty-first century, New York City has been convulsed by terrorist attack, blackout, hurricane, recession, social injustice, and pandemic. New Yorkers weaves the voices of some of the city's best talkers into an indelible portrait of New York in our time—and a powerful hymn to the vitality and resilience of its people. Best-selling author Craig Taylor has been hailed as "a peerless journalist and a beautiful craftsman" (David Rakoff), acclaimed for the way he "fuses the mundane truth of conversation with the higher truth of art" (Michel Faber). In the wake of his celebrated book *Londoners*, Taylor moved to New York and spent years meeting regularly with hundreds of New Yorkers as diverse as the city itself. *New Yorkers* features 75 of the most remarkable of them, their fascinating true tales arranged in thematic sections that follow Taylor's growing engagement with the city. Here are the uncelebrated people who propel New York each day—bodega cashier, hospital nurse, elevator repairman, emergency dispatcher. Here are those who wire the lights at the top of the Empire State Building, clean the windows of Rockefeller Center, and keep the subway running. Here are people whose experiences reflect the city's fractured realities: the mother of a Latino teenager jailed at Rikers, a BLM activist in the wake of police shootings. And here are those who capture the ineffable feeling of New York, such as a balloon handler in the Macy's Thanksgiving Day Parade or a security guard at the Statue of Liberty. Vibrant and bursting with life, *New Yorkers* explores the nonstop hustle to make it; the pressures on new immigrants, people of color, and the poor; the constant battle between loving the city and wanting to leave it; and the question of who gets to be considered a "New Yorker." It captures

the strength of an irrepressible city that—no matter what it goes through—dares call itself the greatest in the world.

A San Francisco Atlas Rizzoli Publications

The analysis of UNESCO's audio-visual archives for their digitization has brought to light a forgotten album of 38 contact sheets and accompanying texts by Magnum photographer, David "Chim" Seymour – a reportage made in 1950 for UNESCO on the fight against illiteracy in Italy's southern region of Calabria. A number of his photographs appeared in the March 1952 issue of UNESCO Courier in an article written by Carlo Levi, who had gained worldwide fame with his novel *Christ Stopped at Eboli* (1945). L'analyse des archives audio-visuelles de l'UNESCO en vue de leur numérisation a permis de découvrir un album oublié comprenant 38 planches-contact et des textes d'accompagnement du photographe de Magnum David « Chim » Seymour – un reportage réalisé en 1950 pour l'UNESCO sur la bataille contre l'analphabétisme en Calabre, une région du sud de l'Italie. Un certain nombre de ses photographies ont été publiées dans le numéro de mars 1952 du Courier de l'UNESCO avec un article de Carlo Levi, dont le roman *Le Christ s'est arrêté à Eboli* (1945) lui avait valu une renommée internationale

The Rough Guide to Portugal W. W. Norton & Company

A perfect keepsake of the city in a fresh collection of New York photos that explore the vibrant, chaotic, joyous, gritty day-to-day life in the city. This memorable collection of photographs is a virtual love letter to the world's favorite city. It presents diverse images taken by various contributors that capture the quirky heart and frenetic life of the city and how it is experienced. From subway scenes to park life, from culinary delights to impressive works of street art, these evocative, thought-provoking, and sometimes humorous images show that beauty and inspiration can be found around every corner. Pieced together from a variety of people's experiences, the resulting album of snapshots is an irresistible keepsake that will appeal to natives and visitors alike. Looking through the details, angles, and Instagram-era photos collected here reveals a New York that is at once familiar yet also like a new discovery. To view these images is to see the city anew, refreshing the desire to experience it.

Nonstop Networking Crown

A New York Times bestseller! "Lively and absorbing. . ." — The New York Times Book Review "Engrossing." —Wall Street Journal "Entertaining and well-researched . . ." —Houston Chronicle Three noted Texan writers combine forces to tell the real story of the Alamo, dispelling the myths, exploring why they had their day for so long, and explaining why the ugly fight about its meaning is now coming to a head. Every nation needs its creation myth, and since Texas was a nation before it was a state, it's no surprise that its myths bite deep. There's no piece of history more important to Texans than the Battle of the Alamo, when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from Mexico, losing the battle but setting Texas up to win the war. However, that version of events, as *Forget the Alamo* definitively shows, owes more to fantasy than reality. Just as the site of the Alamo was left in ruins for decades, its story was forgotten and twisted over time, with the contributions of Tejanos--Texans of Mexican origin, who fought alongside the Anglo rebels--scrubbed from the record, and the origin of the conflict over Mexico's push to abolish slavery papered over. *Forget the Alamo* provocatively explains the true story of the battle against the backdrop of Texas's struggle for independence, then shows how the sausage of myth got made in the Jim Crow South of the late nineteenth and early twentieth century. As uncomfortable as it may be to hear for some, celebrating the Alamo has long had an echo of celebrating

whiteness. In the past forty-some years, waves of revisionists have come at this topic, and at times have made real progress toward a more nuanced and inclusive story that doesn't alienate anyone. But we are not living in one of those times; the fight over the Alamo's meaning has become more pitched than ever in the past few years, even violent, as Texas's future begins to look more and more different from its past. It's the perfect time for a wise and generous-spirited book that shines the bright light of the truth into a place that's gotten awfully dark.

Capital Books

Un manuale per corsi di Diritto dei trasporti dell'Unione Europea, una branca di crescente complessità segnata da una fortissima inter-relazione fra concorrenza, aiuti di Stato, servizi di interesse economico generale, tutela dei consumatori. Il volume, dopo una introduzione sulle principali disposizioni comunitarie, è diviso in cinque moduli: I. Trasporto aereo. II. Trasporto ferroviario. III. Servizi portuali. IV. Trasporto locale e piattaforme digitali. V. Diritti dei passeggeri. Il volume comprende le più importanti decisioni delle Corti UE che hanno aperto e configurato il mercato per servizi di trasporto trans-europei.

American Crisis Penguin

A series of whimsical, briskly paced essays by the popular New York Times "Social Q's" columnist provides modern advice on navigating today's murky moral waters, sharing recommendations for such everyday situations as texting on the bus to splitting a dinner check. By the author of *Emma's Table*.

There Are No Accidents Rizzoli Publications

#1 NEW YORK TIMES BESTSELLER • Experience the book that started the Quiet Movement and revolutionized how the world sees introverts—and how introverts see themselves—by offering validation, inclusion, and inspiration “Superbly researched, deeply insightful, and a fascinating read, *Quiet* is an indispensable resource for anyone who wants to understand the gifts of the introverted half of the population.”—Gretchen Rubin, author of *The Happiness Project* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY People • O: The Oprah Magazine • Christian Science Monitor • Inc. • Library Journal • Kirkus Reviews At least one-third of the people we know are introverts. They are the ones who prefer listening to speaking; who innovate and create but dislike self-promotion; who favor working on their own over working in teams. It is to introverts—Rosa Parks, Chopin, Dr. Seuss, Steve Wozniak—that we owe many of the great contributions to society. In *Quiet*, Susan Cain argues that we dramatically undervalue introverts and shows how much we lose in doing so. She charts the rise of the Extrovert Ideal throughout the twentieth century and explores how deeply it has come to permeate our culture. She also introduces us to successful introverts—from a witty, high-octane public speaker who recharges in solitude after his talks, to a record-breaking salesman who quietly taps into the power of questions. Passionately argued, impeccably researched, and filled with indelible stories of real people, *Quiet* has the power to permanently change how we see introverts and, equally important, how they see themselves. Now with Extra Libris material, including a reader's guide and bonus content

The Power of Introverts in a World That Can't Stop Talking Simon and Schuster

NEW YORK TIMES BESTSELLER • “An unflinching examination of how our drinking culture hurts women and a gorgeous memoir of how one woman healed herself.”—Glennon Doyle, #1 New York Times bestselling author of *Untamed* “You don't know how much you need this book, or maybe you do. Either way, it will save your

life.”—Melissa Hartwig Urban, Whole30 co-founder and CEO The founder of the first female-focused recovery program offers a groundbreaking look at alcohol and a radical new path to sobriety. We live in a world obsessed with drinking. We drink at baby showers and work events, brunch and book club, graduations and funerals. Yet no one ever questions alcohol's ubiquity—in fact, the only thing ever questioned is why someone doesn't drink. It is a qualifier for belonging and if you don't imbibe, you are considered an anomaly. As a society, we are obsessed with health and wellness, yet we uphold alcohol as some kind of magic elixir, though it is anything but. When Holly Whitaker decided to seek help after one too many benders, she embarked on a journey that led not only to her own sobriety, but revealed the insidious role alcohol plays in our society and in the lives of women in particular. What's more, she could not ignore the ways that alcohol companies were targeting women, just as the tobacco industry had successfully done generations before. Fueled by her own emerging feminism, she also realized that the predominant systems of recovery are archaic, patriarchal, and ineffective for the unique needs of women and other historically oppressed people—who don't need to lose their egos and surrender to a male concept of God, as the tenets of Alcoholics Anonymous state, but who need to cultivate a deeper understanding of their own identities and take control of their lives. When Holly found an alternate way out of her own addiction, she felt a calling to create a sober community with resources for anyone questioning their relationship with drinking, so that they might find their way as well. Her resultant feminine-centric recovery program focuses on getting at the root causes that lead people to overindulge and provides the tools necessary to break the cycle of addiction, showing us what is possible when we remove alcohol and destroy our belief system around it. Written in a relatable voice that is honest and witty, *Quit Like a Woman* is at once a groundbreaking look at drinking culture and a road map to cutting out alcohol in order to live our best lives without the crutch of intoxication. You will never look at drinking the same way again.

Philip Roth Graphic Arts Books

A journalist recounts the surprising history of accidents and reveals how they've come to define all that's wrong with America. We hear it all the time: “Sorry, it was just an accident.” And we've been deeply conditioned to just accept that explanation and move on. But as Jessie Singer argues convincingly: There are no such things as accidents. The vast majority of mishaps are not random but predictable and preventable. Singer uncovers just how the term “accident” itself protects those in power and leaves the most vulnerable in harm's way, preventing investigations, pushing off debts, blaming the victims, diluting anger, and even sparking empathy for the perpetrators. As the rate of accidental death skyrockets in America, the poor and people of color end up bearing the brunt of the violence and blame, while the powerful use the excuse of the “accident” to avoid consequences for their actions. Born of the death of her best friend, and the killer who insisted it was an accident, this book is a moving investigation of the sort of tragedies that are all too common, and all too commonly ignored. In this revelatory book, Singer tracks accidental death in America from turn of the century factories and coal mines to today's urban highways, rural hospitals, and Superfund sites. Drawing connections between traffic accidents, accidental opioid overdoses, and accidental oil spills, Singer proves that what we call accidents are hardly random. Rather, who lives and dies by an accident in America is defined by money and power. She also presents a variety of actions we can take as individuals and as a society to stem the tide of “accidents”—saving lives and holding the guilty to account.
