SANTOS KATELYN

Collins Educational
 Building on the success of the second edition, this truly accessible textbook comprehensively covers the 2008 AS and A2 level Chemistry specifications for all the main UK exam boards. The book also has a companion website which is free to book users providing extra resources.

AQA GCSE Biology for Combined Science: Trilogy 9-1 Student Book (GCSE Science 9-1) HarperCollins UK

This suite of resources provide a clear two-year framework to help you and your students meet and exceed AQA's mastery goals using content matched to AQA's big ideas and enquiry processes. This title is AQA approved.

AQA GCSE 9-1 Combined Science Higher Workbook Collins Educational

Exam Board: AQA Level: GCSE Grade 9-1 Subject: Combined Science: Trilogy First Teaching: September 2016, First Exams: June 2018 Suitable for the 2021 exams

Science - For Specification Modules B1-B3, C1-C3 and P1-P3 HarperCollins UK

Exam Board: AQA Level & Subject: GCSE Combined Science: Trilogy First teaching: September 2016 First exams: June 2018 AQA approved

AQA GCSE (9-1) Physics Grade 5 HarperCollins UK

This Workbook will support and motivate students to reach their full potential with targeted questions and support. * Provides plenty of practice opportunities for short- and long-answer questions on every topic * Builds confidence with worked examples demonstrating how to answer different types of questions * Further support from hints and tips explaining command words, advising how to approach questions and more The questions begin with confidence-building, lower demand questions and they are ramped throughout each topic. The workbook provides coverage of maths and practical skills as well as offering synoptic questions. The range of questions available encourages students to develop their skills in applying and analysing as well as recall. Frequent support notes provide hints and tips on strategies for decoding questions (for example by identifying key words in the question), key terminology, and how to write explanations and give the right amount of detail.

Additional Science - For Specification Units B2, C2 and P2 - AQA Collins Educational

This book has been accepted onto the AQA approval process. This book covers Unit 1 of the new 2016 GCSE Combined Science: Synergy course. The grouping of content follows that in the specification. Topic openers set the scene by providing a short overview of the links between the different chapters in a Topic. Linking questions between spreads and from chapter to chapter also help explain the narrative thread that links a Synergy topic together. Working Scientifically objectives linked to the AQA Combined Science: Synergy specification are identified, and questions addressing Working Scientifically skills embedded throughout. * Each spread is divided into three sections - starting with language, ideas and questions that are accessible to all and increasing in complexity to develop and practise ideas further. * Key concept spreads highlight core ideas that students must grasp before they can move on, and which will develop their understanding of the whole topic. * A dedicated spread for every required practical helps students analyse the practical, reflect on the science skills and knowledge they have developed and apply these skills to different contexts. * Maths skills spreads focus on the maths requirements of the AQA Combined Science specification, explaining concepts and providing opportunities to practise and apply maths in a relevant scientific context. * Throughout the book the questions become increasingly synoptic, helping students to draw together ideas from any part of Unit 1 in preparation for the terminal exams. * Higher-only content is clearly flagged so students can move seamlessly between tiers

depending on their performance during the course. * End of chapter questions allow students to check that they have understood the ideas in the chapter and can apply these to new contexts. The questions are levelled in four sections of **Science B student book. AQA.** Collins Educational
 This online resource is designed to support the OCR Environmental and Land-Based Science GCSE. This licence gives one year of use by students and teachers at home only.

Prepare students with complete coverage of the new Edexcel International GCSE specification for Physics. Collins Edexcel International GCSE Teacher Packs are full of lesson ideas, practical instructions, technician s notes, planning support and more. Ensure complete and comprehensive coverage of the new Edexcel International GCSE Physics specification Access effective lesson plan ideas with split into flexible learning episodes with all answers to student book questions provided Be prepared with lists of resources, clear objectives and outcomes and notes on common misconceptions to help you get the most out of every lesson Support learning with a range of activity sheets Make practicals easy with clear instructions for students and technicians fully checked for safety and effectiveness by CLEAPSS Help medium- and long-term planning with a clear overview of each topic and links to other topics highlighted One of a range of new books supporting the Edexcel International GCSE science specifications, approved for use for Edexcel Level 2 Certificates in UK state schools"

AQA GCSE 9-1 Combined Science Revision Guide: For mocks and 2021 exams (Collins GCSE Grade 9-1 Revision) Collins

Three sets of ocean liners, each destined to be of three vessels, dominated the Atlantic in the Edwardian era. The race to build the biggest and the best began with Mauretania and Lusitania in

1906, followed by the White Star Line's Olympic and Titanic in 1911-12. Each of these pairs was to see a larger sister, developed as a result of changes needed or desired as a result of operating the two earlier vessels, with Cunard's being Aquitania and White Star's, the ill-fated Britannic. Germany's answer to these British behemoths was the Albert-Ballin designed trio of Imperator, Vaterland and Bismarck. Through misfortune or war, two of these vessels would sink but the others led useful lives, with Aquitania surviving two world wars before being scrapped. Designed to be the absolute engineering achievements of their time, these nine vessels dominated the Atlantic. J. Kent Layton tells the story of the Edwardian Superliners in this fabulously illustrated volume, showcasing many images previously unpublished and never before seen. Rarely can one describe a book as definitive, but this volume truly deserves the accolade.

AQA GCSE Chemistry 9-1 Grade 8/9 Booster Workbook Collins

This student book contains the extension material that follows on from the GCSE science (modules 1 and 2) and GCSE additional science (modules 3 and 4) textbooks. It provides material to prepare students for GCSE biology, chemistry and physics with complete coverage of the OCR GCSE science specification for B5, B6, C5, C6, P5, P6.

Life and Environmental for Combined Science Secure Science Covering the whole of the new 2016 GCSE Combined course, this book is structured around a brand new innovative assessment framework that uses regular check points and tailored intervention to help all students make progress. Written by a team of expert authors for the 2016 specification, this book provides a "go-to" guide to support teachers throughout the course. Teach with confidence using an introduction to the new

specification, schemes of work, plans for co-teaching the different courses, and a comprehensive set of editable lesson plans and worksheets. Track students progress in the new linear GCSE course through a brand new, innovative assessment framework. Teaching is organized into four semesters that function as review checkpoints. Tailor your teaching to suit your students needs using the flexible teaching order within each semester. Assess students across topics and also by assessment objective using the end of chapter questions and the end of semester tests. Help all students make progress with consolidation worksheets to support those at Foundation level and extension activities to challenge those at Higher level. Equip students with the skills they need for working scientifically, using math, and carrying out practicals. Prepare students for the demands of the new specification with differentiated questions and practice opportunities embedded in each lesson. Co-teach both Foundation and Higher tier with a single book (the Higher-only content is clearly flagged). Easily plan your teaching with Schemes of Work for 2, 3, or 5 years, for each tier available free from Collins website from September 2015. All resources also provided on CD-ROM."

Secure Science - Secure Science for GCSE Teacher Resource Pack HarperCollins UK

This student book contains the extension material that follows on from the GCSE Science (Unit 1) and GCSE Additional Science (Unit 2) textbooks. It provides material to teach and prepare students for GCSE Biology, Chemistry and Physics with complete coverage of the new Edexcel GCSE Science specification for B3, C3 and P3.

For Specification Modules B5, B6, C5, C6, P5 and P6 Collins Prepare for GCSE science with complete coverage of the new AQA GCSE science specification for biology unit two, chemistry unit two, and physics unit two, divided into sections to allow easy preparation for unit five and unit six.
