Unequal Childhoods: Class, Race, and Family Life is a 2003 non-fiction

book by American sociologist Annette Lareau based upon a study of 88 African American, and white families (of which only 12 were discussed) to understand the impact of how social class makes a difference in family life, more specifically in children's lives. The book argues that regardless of race, social economic class will determine how children cultivate skills they will use in the future.
