platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends. Introduction to Probability Published to accompany the 1994 exhibition at The Museum of Modern Art, New York, this book constitutes the most extensive survey of modern illustrated books to be offered in many years. Work by artists from Pierre Bonnard to

Barbara Kruger and writers from Guillaume Apollinaire to Susan Sontag. An important reference for collectors and connoisseurs. Includes notable works by Marc Chagall, Henri Matisse, and Pablo Picasso.

The New York City Draft Riots of 1863
Hassell Street Press
During Cleveland's Great Depression, in an age of turmoil and time of upheaval, grew the first seeds of American Nazism. Complete with swastika flags, Hitler

Youth, armed fascists and alleged intricate Jewish/Communist conspiracies, Cleveland was caught in the tempest of the frightening rise of National Socialism. The city fostered an explicitly Nazi German-American Bund, a covert Silvershirt Legion detachment and prominent diplomatic agents from the Third Reich, furiously struggling to advance the cause of American fascism. These elements came crashing headlong into the stiff resistance of the press,

Jewish groups, and most prominently the city's German-American community. Festooned with photos, and meticulously documented, this book examines the fundamental, timeless questions of American allegiance, the responsibilities of democratic governance, the security threats of "Un-American" activities, and the passions, motivations and dreams of American immigrants. In the most unlikely of places, here is a case-study true story of the

fascinating, bewildering and terrifying rise of American Nazism.

Vietnam Studies

Arcadia Publishing

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright

on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping

this knowledge alive and relevant.

 Two times there was a wholesale destruction of Jacksonville's official records - in the War Between the States and

by the fire of May 3, 1901. The author's effort in this work was to collect all of the available authentic matter for permanent preservation in book form. The record closes as of December 31, 1924. The record is derived from many sources - long forgotten books and pamphlets; old letters and diaries that have been stored away as family memorials of the past; newspapers beginning with the St. Augustine Herald in 1822 (on file at the Congressional Library at Washington)

fragmentary for the early years, but extremely valuable for historical research; almost a complete file of local newspapers from 1875 to date; from the unpublished statements of old residents of conditions and outstanding events within the period of their clear recollection; and from a multitude of other sources of reliability. The search through the highways and the byways for local history was in the spare moments of the author stretching over a period of

a score of years, a pastime "hobby" with no idea of making money out of it. No attempt has been made to discuss the merits of any incident, but only to present the facts, just as they were and just as they are, from the records and sources indicated.

THE GREAT GATSBY

Jazzybee Verlag

A collection of essays by the art historian Aby Warburg, these essays look beyond iconography

to more psychological aspects of artistic creation: the conditions under which art was practised; its social and cultural contexts; and its conceivable historical meaning.

Sandwich

Tactical and Materiel

Innovations

Play is "an occasion of pure waste: waste of time, energy, ingenuity, skill, and often of money." It is also an essential element of human social and spiritual development. In this study, Roger Caillois defines play as a voluntary activity that occurs in a pure space, isolated and protected from the rest of life. Within limits set by rules that provide a level

playing field, players move toward an unpredictable outcome by responding to their opponents' actions. Caillois qualifies types of games and ways of playing, from the improvisation characteristic of children's play to the disciplined pursuit of solutions to gratuitously difficult puzzles. He also examines the means by which

games become part of daily life, ultimately giving cultures their most characteristic customs and institutions.

The Renewal of Pagan Antiquity

Based on hundreds of oral interviews and unclassified documents, this study offers a comprehensive chronological narrative of the first four years of Operation Enduring Freedom.
