Introduction To New Media - SlideShare An Introduction To New Media Packed with case studies drawn from around the world, The Internet presents a clear and up-to-date introduction to the social, cultural, technological and political worlds this new

media form is creating. The Internet: An Introduction to New Media (Berg New Media ... This chapter mainly discusses the concept, features, advantages and social influence of new media. The author points out that new media are the carriers that communicate information by means of computers and analyzes the inevitable expectation that print media are withering away. This is a preview of subscription

content, log in to check access. An Introduction to New Media | SpringerLink Digital Arts presents an introduction to new media art through key debates and theories. The volume begins with the historical contexts of the digital arts, discusses contemporary forms, and concludes with current and future trends in distribution and archival processes. Considering the imperative of artists to adopt new

technologies, the chapters of the book progressively present a study of the impact of the digital on art, as well as the exhibition, distribution and archiving of artworks. Digital Arts: An Introduction to New Media (Bloomsbury New ...Understanding new media, in this sense, means understanding how they interact with a series of social, economic, political, cultural and psychological processes, giving rise to a new kind of world. As we shall see, this world may not

resemble very closely the one in McLuhan's vision, but it can nevertheless be thought of as a new media world. What is meant, however, by the term 'new media'? UNDERSTANDING NEW MEDIA Welcome to the companion text for NMIX 2020: Introduction to New Media, a class taught in the New Media Institute in the College of Journalism and Mass Communication at the University of Georgia. If you're a student in this course, you should absolutely begin by
