Roma Downey--best known as the beloved angel on the TV show *Touched by an Angel*--has created a beautiful book filled with encouragement and hope, assuring us of God's comforting presence in our lives. Ever since she was a little girl, Roma has seen butterflies as a reminder of God's presence. They have appeared to her in moments when she needed encouragement and reminded her she is not alone. In this deeply personal book, Roma shares stories from her life, alongside quotes, poems, scripture, and artwork that she prays will uplift you as they have her. Each grace-filled chapter of this beautiful full-color book covers topics such as courage, strength, gratitude, love, and kindness.

Reminiscent of the message of her popular television series, *Touched*

by an Angel, this book's central theme is that there is a God, He loves you, and that even in your most difficult moments, He is by your side. That though you may feel alone, you are never truly alone. The subtle butterfly theme reminds us that the wonder of God's love and kindness is sometimes reflected in the gentle whispers of his creation and that we all have the power to transform from simple caterpillars into exquisite butterflies. Written in a way that encourages you to 'dip in and out' of its flowing content, this inspiring book invites you to return to its pages again and again, as life brings new challenges or you find yourself in need of new inspiration.

Ten Magic Butterflies

"An absurdist blending of ancient and contemporary details . . . in the kvetching style of Joseph Heller." —Sam Sacks, *The Wall Street Journal* In a Jerusalem both ancient and modern, where the First Temple squats over the populace like a Trump casino, where the streets are literally crawling with prophets and heathen helicopters buzz over Old Testament sovereigns, two young poets are

about to have their lives turned upside down. Struggling Jeremiah is worried that he is wasting his time trying to be a writer; the great critic Broch just beat him over the head with his own computer keyboard. Mattaniah, on the other hand, is a real up-and-comer—but he has a secret he wouldn't want anyone in the literary world to know: his late father was king of Judah. Then Jeremiah has a vision: that Jerusalem is doomed, and that Mattaniah will be forced to ascend to the throne only to witness his people slaughtered and exiled. But what does it mean to tell a friend and rival that his future is bleak? What sort of grudges and biases turn true vision into false prophecy? Can the very act of speaking a prediction aloud make it come true? And, if so, does that make you a seer, or just a schmuck? Dror Burstein's *Muck* is a brilliant and subversive modern-dress retelling of the book of Jeremiah: a comedy with apocalyptic stakes by a star of Israeli fiction. "Influenced by such masterworks as Philip Roth's scabrous *Sabbath's Theater*, Joseph Heller's satirical *Catch-22*, and the modernist works

of Thomas Pynchon, [Muck] is alternately hilarious . . . and gripping.” —Kirkus Reviews, starred review

"I love that story," said Ruby. "Did you love it too?" "Robot is just a machine. Robot cannot feel love." Robot paused for a moment and said, "What does love feel like?" When Ruby asks Robot if he loved the story as much as she did, he tells her that he doesn't know what love is. If it's not something he can see, then what could it be? Ruby describes emotions to her Robot. She teaches him what each feels like ("love feels like a box of butterflies!") and when she feels them ("I sometimes feel that way when I'm told no more TV!"). With colorful metaphors and vibrant imagery, A Box of Butterflies takes the reader on a journey of self-discovery and emotional reflection,

identifying not just love, but jealousy, anger, worry, and a host of other emotions. Included is a Note to Parents and Caregivers by Elizabeth McCallum, PhD, that further explores the importance of learning about emotions.

What happens when the love of your life dies after a quarter of a century of an ever-growing, ever-expanding, ever-changing life together? Instead of plunging into the big black hole everybody talks about, Cathérine Denys experienced something totally unexpected that showed her how to live with the grief. Cathérine, whose greatest desire has been to live the most conscious life possible, shares that principle in an inspiring teaching memoir. After revealing how she nearly bypassed the encounter that turned her life around, she shares insight into the unfolding of a relationship as she traveled between Antwerp and Amsterdam, experienced life in a kundalini yoga ashram, and finally moved to Texas. When her husband was diagnosed with an aggressive cancer that eventually took his life, Cathérine details how she navigated amid her grief

and used it as the perfect circumstance to take the next step for personal growth and change, while at the same time actualizing a joyful existence. Included are exercises and tools to help others handle their own story of loss and mourning. In this poignant narrative, a woman explores a conscious way of grieving the death of a loved one while sharing wisdom and practical tips to help anyone on the same journey.

Announcing the biggest, best, most innovative book ever on paper craft. Even better, this is not about how to use costly, artsy paper, but how to turn stuff around the house—magazines and shopping bags, candy wrappers and paint sample cards, wrapping paper, old maps, and paper towel tubes—into stunning jewelry, gifts, home decor, party favors, and much more. Chances are you've seen the author's cutting-edge work in the windows of Anthropologie, where she is the chain's merchandising manager. An inveterate crafter who creates projects and styles photo shoots for magazines like Parents and Vogue Knitting, Kayte Terry takes the most versatile of materials and the most basic of crafts (remember snipping valentines out of construction paper?), and creates something completely transformative. Turn a sheaf of

any white or graph paper into an amazing Scrap Happy Globe Lantern for the dining room. Fashion colored tissue paper into Songbird Votives, leftover raffle tickets into a Prizewinning Bowl, that out-dated pile of holiday catalogs into a picture frame. There's a necklace made of playing cards, a gum wrapper bracelet, and barrettes made by quilling—a paper technique that goes back to the Renaissance. Every project is photographed in full color, and includes step-by-step illustrations and instructions. Truly a book that shows how to think outside the (cardboard) box. *Butterfly Moon* University of Arizona Press

The influence of the plastic arts, especially painting and sculpture, upon the Hispanic literary movement known as Modernismo is well-documented. Although numerous studies have referred to gems, *Beyond the Glitter* focuses upon the significance of gems and jewels in elaborating Modernismo's complex aesthetics. The role of gems and jewelry is discussed in the poetics of three prominent Modernista writers: Ruben Dario, Ramon del Valle-Inclan, and Jose Asuncion

Silva. The conclusion underscores how the rich and varied symbolism associated with jewelry and precious gems enriched the poetics of Modernista writers because it enabled them to articulate their quest for ideal beauty, expressive of a sublime state of mind and spirit. *Spirit of Butterflies* Grosset & Dunlap
