Goodheart-Willcox Pub
Beginning with the
fundamentals of carpentry
work within a domestic
construction setting, this
book outlines which tools
are required, and
examines their care and

proper use before
covering the
interpretation of technical
drawings It goes on to
explain a wide range of
first-fixing operations
prior to plastering, and
second-fixing operations
after plastering. Each
chapter covers the
subject in great detail,
with step-by-step
illustrations and text to
provide the reader with a
complete picture of the

sequence of work
required to carry out each
job. Goring's Manual of
First and Second Fixing
Carpentry has been
updated to take recent
developments in the
building trades into
account, and is also fully
up to date with current
industry best practice.
Printed in full colour
throughout, new chapter
has been incorporated to
address the sharpening of

traditional saws. The breadth of coverage and easily accessible 'how-to' approach makes this book an ideal resource for apprentices taking NVQs and those following Construction Awards within the Wood Occupations from City & Guilds/Construction Skills. The technical detail and practical focus ensures that this book will be a vital purchase for all students, and an essential reference for any experienced carpenter or joiner.
