In 1990,

in a drafty basement archive in Prague, two American historians made a startling discovery: a Nazi roster from 1945 that no Western investigator had ever seen. The long-forgotten document, containing more than 700 names, helped unravel the details behind the most lethal killing operation in World War Two. In the tiny Polish village of Trawniki, the SS set up a

school for mass murder and then recruited a roving army of foot soldiers, 5,000 men strong, to help annihilate the Jewish population of occupied Poland. After the war, some of these men vanished, making their way to the U.S. and blending into communities across America. Though they participated in some of the most unspeakable crimes of the Holocaust, "Trawniki Men" spent

years hiding in plain sight, their terrible secrets intact. In a story spanning seven decades, Citizen 865 chronicles the harrowing wartime journeys of two Jewish orphans from occupied Poland who outran the men of Trawniki and settled in the United States, only to learn that some of their one-time captors had followed. A tenacious team of prosecutors and historians pursued these

men and, up against the forces of time and political opposition, battled to the present day to remove them from U.S. soil. Through insider accounts and research in four countries, this urgent and powerful narrative provides a front row seat to the dramatic turn of events that allowed a small group of American Nazi hunters to hold murderous men accountable for their crimes

decades after the war's end. Fodor's Travel

As we explore the heavenly places, the Holy Spirit is always our guide or, in a sense, our spiritual travel agent. In this volume, our exotic destinations are the width, length, depth and height of which the

Apostle Paul wrote in the book of Ephesians. The enemy is adept at producing corrupt imitations of God's perfect creation and these realms are no exception, but the love of God in Christ Jesus our Lord always outweighs the worst destruction of evil. Therefore, we examine both the righteous and unrighteous versions, sharing revelatory insights from the Lord

regarding how to escape from the ungodly places and dwell in the righteous width, length, depth and height where we will enjoy the abundant blessings of God.

American Cowboy Living Stream Ministry John Chryssavgis explores the ascetic teaching and theology of St John Climacus, a classical and formative writer of the Christian medieval East, and the author of the seventh-century Ladder of Divine Ascent. This text proved to be the most widely used handbook of the spiritual life in the Christian East,

partly because of its unique and striking symbol of the ladder that binds together the whole book. It has caught the attention of numerous readers in East and West alike through the ages and is a veritable classic of medieval spirituality, whose popularity in the East equals that of The Imitation of Christ in the West. Chryssavgis follows the development and influence of earlier desert

literature, from Egypt through Palestine into Sinai, and includes a discussion of the theology of tears, the concept of unceasing prayer, as well as the monastic principles of hesychia (silence) and eros (love).
