In the November 2009 edition of the newsletter we cover the topic of Forgiveness. Also are our Spell of the Month Club Music Contest winners, a discussion on Dream Stones, rituals and spells, poems and recipes and so much more!

*The Lapidary Oasis* Simon and Schuster  
Experience the open skies of the Badlands, the rolling prairies of the West, and one of America's most famous monuments with Moon Mount Rushmore & The Black Hills. Inside you'll find:  
Flexible Itineraries: Unique and adventure-packed ideas for day trips, a week on the road, families with kids, wildlife enthusiasts, and more  
The Best Hikes Near Mount Rushmore: Individual trail maps, mileage and elevation gains, and trailheads  
Experience the Outdoors: Find ideas for horseback riding, rock climbing, backpacking, kayaking, biking, and more. Say hello to the carved granite faces of the presidents and hike red rock canyons and hills covered in ponderosa pine. Spot bison, elk, and mountain goats and see wild horses roaming the grassy flatlands. Climb the tallest peak east of the Rockies or navigate the underground passages of Wind Cave National Park  
Respectfully connect with Native American culture: Visit historic sites, galleries, and museums to learn about Lakota history, see the Crazy Horse Memorial, or attend a powwow ceremony to watch traditional dances and sample authentic cuisine  
How to Get There: Up-to-date information on gateway towns, park entrances, park fees, and tours  
Where to Stay: Campgrounds, resorts, hotels, and more  
Planning Tips: When to go, what to

pack, safety information, and how to avoid the crowds, with full-color photos and detailed maps throughout  
Expertise and Know-How: Experience the best of this stunning region with Laural A. Bidwell, a local of South Dakota's Black Hills  
Get to know Mount Rushmore and the Black Hills your way with Moon. Craving more of the great outdoors? Check out Moon USA National Parks, Moon Zion & Bryce, or Moon Yellowstone & Grand Teton.

### **The Metaphysical Book of Gems and Crystals** Collins Reference

Details the powerful effects of gems as an alternative therapy for physical, psychological, and spiritual healing • Reveals the physical, healing, and astrological properties of over 70 minerals, along with instructions for maintaining and recharging their powers • Examines the "life" energy of stones, their basic vibratory patterns, and how this energy is used therapeutically to treat various disorders • Shows how to use gems in color therapy and to harmonize the chakras  
Gemstones have been used for both therapeutic and spiritual purposes since the beginning of time and in all traditions. Used properly, they can contribute to and accelerate healing through the practice of lithotherapy, which uses gems and minerals to restore enzymatic functions, and they can energize spiritual development. Alternative medicines such as homeopathy have given prominence to the therapeutic character of certain minerals, but the use of gemstones in expanding awareness or establishing a holistic, energetic connection with the stone itself have scarcely been brought forward. In this reclaiming of ancient wisdom, Florence Mégemont explores the many potent and beneficial dimensions of the mineral

world. Over 70 precious and semiprecious stones are inventoried as to their principal deposits, therapeutic applications, and zodiac correspondences. Readers will discover which physical and emotional disorders can be relieved by using which minerals and--with the application of chakra therapy--which gemstones are indispensable to their spiritual health. While not proposing that lithotherapy is a substitute for traditional allopathic treatment, Mégemont shows that it can be a powerful complement to it. Additionally, stones can act preventively, energizing both our health and spiritual resources to a state of balance and attunement.

**Happy Feet** Simon and Schuster  
A Scottish historian provides an original, fascinating, and comprehensive account of the Isle of Arran from the prehistoric era to the 20th-century. Arran is an archaeological and geological treasure trove of stunning scenic beauty. Its history stretches back more than five thousand years to the great stone circles, whose remnants still decorate the plains of Machrie. Runic inscriptions tell of a Viking occupation lasting centuries. Later, in 1307, King Robert the Bruce began his triumphant comeback from Arran. Subsequently, the island was repeatedly caught up and devastated in the savage dynastic struggles of medieval Scotland. After the 1707 Parliamentary Union, came a new and strange upheaval: Arran became a testing ground for the Industrial Revolution. The ancient 'runrig' style of farming gave way to enclosed fields and labor-saving methods, which eventually lead to the socially disastrous Highland Clearances. The misfortune of the times was culminated by the Great Irish Potato Famine of 1845. At last, the area settled

into a stable mixture of agriculture and tourism in the 19th and 20th centuries.

**Crystal Wands** HarperCollins UK

An innovative and holistic approach that combines the healing powers of gemstones with reflexology therapy • Presents a synergistic therapy that can help numerous mental and physical disorders • Includes illustrated instructions for determining the specific needs of a disorder and how to apply the therapy Combining the healing energy of crystals and reflexology therapy, Gemstone Reflexology offers a holistic approach to triggering the body's self-healing energies to deal with a large number of mental and physical disorders, ranging from heartache to heart disease. The treatment is based on using eight gemstone wands--agate, amethyst, fluorite, heliotrope, rock crystal, rose quartz, rutilated quartz, and sodalite--that allow users to direct the healing power of the crystals to activate designated pressure points. Every gemstone has specific healing properties. When crafted into wands, these gems enable the patient to apply the perfect amount of pressure on the appropriate acupuncture point. The energies of the crystal combine with the energies released by the pressure on the reflexology point to produce a powerful force for healing. Readers are provided a system of kinetic analysis to determine the appropriate stone and pressure point for their specific condition. Sodalite, for example, has a beneficial effect on mental health, which is increased when applied to the pressure points corresponding to the head; agate helps in the treatment of skin disorders; and amethyst restores vigor. The book contains illustrated instructions that show the treatment areas for a wide range of conditions, including earaches,

headaches and migraines, back and joint pain, colds and flu, low blood pressure, intestinal cramps, cardiovascular disease, and depression.

*Stop Smoking! (Collins Gem)* Simon and Schuster

*Gemstones: A Thai Love Story* presents an essential reference guide to the world of Thai gems, for every level of interest. In four beautifully illustrated sections, the book furnishes buyers with all they need to know about buying gems in Thailand, in an easy-to-read format, set in a context of Thai history and culture. The buyer's guide is designed to cut through the complex process of gem identification and authentication. Each gem is described precisely, highlighting its distinguishing characteristics and variations, as well as its man-made imitators. The guide also acquaints readers with the history and origin of each gem and provides useful tips on how to make a good purchase, and look after the gem subsequent to purchase. An introduction to the Thai gem manufacturing process and key markets gives the layman some insight into the gem industry in Thailand, and the intricacies of gem trading, equipping the reader with the knowledge he requires when he visits one of the most exciting gem markets of the world. Finally, a concise glossary gives understanding of the technical terms used within the book.

Teach Yourself Hand Reflexology is a complete, step-by-step guide to the therapeutic approach of restoring and sustaining good health through the manipulation of pressure points in the hands. You will learn about the anatomy of the hands and how hands relate to common problems arising throughout the body. With the help of more than 70 illustrations, the book walks you through the full range of established techniques and sequences for addressing an array of conditions, including headaches, digestive problems, back problems, depression and more.

Jonathan Gems: Three Plays Simon and Schuster

By connecting Reiki and gemstones therapy, the powers of self-healing are activated in a natural manner.

Awakening Your Crystals Casemate Publishers

Written in accessible language Light Touch Reflextherapy is a wonderfully illustrated practical workbook for reflexologists and physical therapists who work with the body's reflexes. This pioneering book gives reflexology a complete makeover from the standard approaches of using moderate to heavy massage on the reflexes. This new approach is one of working with the client or patient by utilizing their own built in self healing properties. The book discusses how both acute and chronic conditions may be treated. Treatment of

acute pain syndromes uses foot reflexes with acupoints (the author sees no discernible difference between reflexes and acupoints). Treatment of chronic conditions utilizes the reflections of the chakra energy system on the feet, hands, arms and legs. By using the chakras, the author shows how the the aetiology of imbalance may be addressed. A large full colour A1 size poster is available to accompany this book - full details on

Joya® Simon and Schuster  
Adele Pillitteri aims to ensure that today's students have a technical understanding, without losing the importance of compassion in their role

as a nurse. The text presents pediatrics and maternity as a continuum of knowledge, taking a holistic approach and viewing maternity and pediatric content as a family event. The text links theory closely with application that helps students gain a deeper understanding of content and be better prepared to practice in their careers."--Provided by publisher.

**Healing with the Chakra Energy System** Light Technology Publishing  
Susan's Breasts "Gems's piece is a bitter dissection of the heroin generation, where bright young things attempt to maintain their rigid codes of personal freedom and loveless sex ... Sparky, sexy, sterile Susan is the object of Gems's despair, and the object of desire for her predatory he-admirers - a loutish intellectual, a wise-cracking, good-time restaurateur, and a film-maker with acute semiotics-disease. It is only the old-fashioned romantic love professed by Lemon, a Romeo-cum-seer, which makes the eponymous breasts swell with maternity. Sharply observed and often carrying a charge of rich comic irony." - Time Out Naked Robots "An extremely well-written evocation of life in the style-conscious world of popular music." - The Sunday Times The Paranormalist "The climax of The Paranormalist has Denholm Elliott in spotlit levitation above a bickering family in a suburban living room. Dishevelled in baggy cardy and slippers, Elliott gives an affectionate and authoritative portrayal as an English eccentric. It's a brilliant performance in an exhilarating new play which interweaves drawing-room farce with a witty use of the paranormal." - Time Out

Teach Yourself Hand Reflexology  
Findhorn Press  
The book talks about gemstones, their history and importance, and how to

benefit from them in all ways, even in treating common diseases. The book covers many aspects of gemstones, with the book's pages totaling 554 pages.

**Crystal Wands** Author House

Written in accessible language for bodyworkers and hands-on therapists, *Healing with the Chakra Energy System* describes the use of very simple nonsuppressive and nonsymptomatic techniques in which the cause of the disease process may be halted and disharmony within the body may be changed into harmony. Each chapter contains case histories and descriptions of how to treat many conditions, including muscular, joint, spinal, organic, and emotional. Based on the author's decades of clinical and teaching experience, this book represents a fresh approach to healing by tapping chakra energy.

*Gemstone Reflexology* Health Harmony

A comprehensive manual for using crystals, gems, and stones to address physical, emotional, and spiritual health conditions • Includes an extensive *Materia Medica* detailing the healing and spiritual properties of 200 crystals and stones based on Classical Chinese Medicine • Explores the role played by the color of each stone, its Yin and Yang qualities, crystalline structure, chemical composition, and topical and internal applications • Explains how to make stone and crystal elixirs, wear stones as healing jewelry, use them in massage and energy work, and cleanse and recharge them • Based on the oral teachings of Dr. Jeffrey C. Yuen, a Taoist priest from the ancient lineage of the Jade Purity School (88th generation) masters In addition to herbalism and acupuncture, Chinese Medicine has a rich tradition of using stones as medicine, passed from generation to

generation for thousands of years. In this comprehensive guide and extensive *Materia Medica*, Leslie J. Franks presents the Stone Medicine teachings of Dr. Jeffrey C. Yuen, an 88th generation Taoist priest from the ancient lineage of the Jade Purity School, which dates to the Han dynasty, 206 BCE. Detailing the therapeutic properties of 200 gems, stones, minerals, and crystals, Franks begins with an extensive look at 15 different forms of quartz, followed by chapters on transformative stones, protective stones, nourishing stones, source energy stones, and alchemical stones. She explains the physical, emotional, and spiritual conditions each stone can treat and how their color, form, hardness, and energetic qualities affect us according to Chinese Medicine. She discusses how to make stone and crystal elixirs for internal and topical use, how to charge quartz with the healing properties of other stones, how to cleanse and recharge a stone after use, and how to combine stones to create healing formulas for individual conditions. She explains different techniques of wearing stones as healing jewelry and how to use them in massage and energy work. She examines the chemistry and sacred geometry of crystal structure, revealing how the minerals contained in the stones affect our physiology by supporting our Jing (Essence); by nourishing Qi (energy), blood, and fluids; and by clearing Wind, Cold, Damp, and Heat conditions that can lead to disease. Including a thorough primer on Traditional Chinese Medicine and backed by modern scientific research, this book explains how stones access our deepest layers, vibrating ever so slowly, to initiate deep lasting change.
