MERCER**

Mary, the
Devil, and
Taro Harper
Collins
Transcribing
the journal
entries of a
victim of the

Salem witch
trials, Lauren
realizes that
the secrets of
Mercy's story
extend
beyond the
pages of her

diary, and forces her to take a startling new look at her own life. *The Devil: A Very Short Introduction* Columbia University Press Jennifer Traig's memoir *Devil in the Details* paints a portrait of a well-meaning Jewish girl and her good-natured parents, and takes a very funny, very sharp look back at growing up with obsessive-compulsive disorder.

Recalling the agony of growing up an obsessive-compulsive religious fanatic, Traig fearlessly confesses the most peculiar behavior like tirelessly scrubbing her hands for a full half hour before dinner, feeding her stuffed animals before herself, and washing everything she owned because she thought it was contaminated by pork fumes. Jennifer's childhood mania was the result of her

then undiagnosed OCD joining forces with her Hebrew studies-what psychiatrists call scrupulosity While preparing for her bat mitzvah, she was introduced to an entire set of arcane laws and quickly made it her mission to follow them perfectly. Her parents nipped her religious obsession in the bud early on, but as her teen years went by, her natural tendency

toward the extreme led her down different paths of adolescent agony and mortification. Years later, Jennifer remembers these scenes with candor and humor. In the bestselling tradition of *Running with Scissors* and *A Girl Named Zippy*, Jennifer Traig tells an unforgettable story of youthful obsession. *The Shape of Mercy* Cornell University Press
In exile after being ousted from the family castle,

recovering alcoholic Tristram St. Lawrence finds himself back in Dublin when an old acquaintance pitches a development project that his sponsor, a mysterious businessman, supports. *The Devil She Knows* Da Capo Press
"A fascinating and scholarly examination of the origins of the Jersey Devil, a mythical beast born in the colonial era and which lives on to this day. Written in a style suitable for

general readers. Good regional trade and course adoption potential. Really interesting. Heavily researched and written in a lively narrative, *The Secret History* explodes the many myths surrounding the Jersey Devil. Provocative and entertaining and unlike any book written before on the subject, it finds the origins of New Jersey's favorite monster not in the realm of

the occult, but in the bare-knuckled political and religious upheavals and fights of colonial America. The real story of the Jersey Devil's birth is far more interesting, complex, and important than anyone thinks. It is a product not of witchcraft, but innuendo, scandal, rumor mongering, and media hype. While a tale of early America, it could have been taken from the tabloids and

internet gossip of today"--
The Devil I Know Oxford University Press
Ms. Donna Haskins is an African American woman who wrestles with structural inequity in the streets of Boston by inhabiting an alternate dimension she refers to as the "spirit realm." In this other place, she is prepared by the Holy Spirit to challenge the restrictions placed upon Black female

bodies in the United States. Growing into her spiritual gifts of astral flight and time travel, Donna meets the spirits of enslaved Africans, conducts spiritual warfare against sexual predators, and tends to the souls of murdered Black children whose ghosts haunt the inner city. Take Back What the Devil Stole centers Donna's encounters with the supernatural to offer a powerful

narrative of how one woman seeks to reclaim her power from a lifetime of social violence. Both ethnographic and personal, Onaje X. O. Woodbine's portrait of her spiritual life sheds new light on the complexities of Black women's religious participation and the lived religion of the dispossessed. Woodbine explores Donna's religious creativity and her sense of multireligious belonging as

she blends together Catholic, Afro-Caribbean, and Black Baptist traditions. Through the gripping story of one local prophet, this book offers a deeply original account of the religious experiences of Black women in contemporary America: their bodies, their haunted landscapes, and their spiritual worlds. *Take Back What the Devil Stole* University of Texas Press Captain

Grayson Hunter knows the battle to complete the first worldwide telegraphic network will be fierce, and he intends to win it by any means necessary. When he hears about a reclusive genius who has figured out how to slash the cost of telegraphic transmissions, he vows to do whatever it takes to get the man in his employ. Except the reclusive genius is not a man, and she's not looking for

employment.

The first novel
by "master of
mystery" (The
New York
Times) Walter
Mosley,
featuring Easy
Rawlins, the
most iconic
African
American
detective in all
of fiction.
Named one of
the "best 100
mystery
novels of all
time" by the
Mystery
Writers of
America, this
special
thirtieth
anniversary
edition
features an all
new
introduction
from the
author. The
year is 1948,

the town is
Los Angeles.
Easy Rawlins,
a black war
veteran, has
just been fired
from his job at
a defense
factory plant.
Drinking in his
friend's bar,
he's
wondering
how he'll
manage to
make ends
meet, when a
white man in a
linen suit
approaches
him and offers
him good
money if Easy
will simply
locate Miss
Daphne
Money, a
missing
blonde beauty
known to
frequent black
jazz clubs.

Easy has no idea that by taking this job, his life is about to change forever. "More than simply a detective novel...[Mosley is] a talented author with something vital to say about the distance between the black and white worlds, and with a dramatic way to say it" (The New York Times).

The Devil in the Gallery

Corwin Press
In this work, Carol Karlsen reveals the social

construction of witchcraft in 17th century New England and illuminates the larger contours of gender relations in that society. "A pioneering work in . . . the sexual structuring of society. This is not just another book about witchcraft".-- Edmund S. Morgan, Yale University. [The Devil and His Advocates](#) Library of Alexandria
In 1996, Patterson Hood recruited friends and

fellow musicians in Athens, Georgia, to form his dream band: a group with no set lineup that specialized in rowdy rock and roll. The Drive-By Truckers, as they named themselves, grew into one of the best and most consequential rock bands of the twenty-first century, a great live act whose songs deliver the truth and nuance rarely bestowed on Southerners, so often reduced to stereotypes.

Where the Devil Don't Stay tells the band's unlikely story not chronologically but geographically. Seeing the Truckers' albums as roadmaps through a landscape that is half-real, half-imagined, their fellow Southerner Stephen Deusner travels to the places the band's members have lived in and written about. Tracking the band from Muscle Shoals, Alabama, to

Richmond, Virginia, to the author's hometown in McNairy County, Tennessee, Deusner explores the Truckers' complex relationship to the South and the issues of class, race, history, and religion that run through their music. Drawing on new interviews with past and present band members, including Jason Isbell, Where the Devil Don't Stay is more than the story of a great

American band; it's a reflection on the power of music and how it can frame and shape a larger culture. Lucifer University of Hawaii Press Written by the pioneering scientist, theorist and activist J. D. Bernal, this futuristic essay explores the radical changes to human bodies and intelligence that science may bring about, and suggests the impact of these

developments on society. Bernal presents a far-reaching vision of the future that encompasses space research and colonization, material sciences, genetic engineering, and the technological hive mind. In his view, it will be possible for the conditions of civilization to reach a state of materialist utopia. For all three realms—the world, the flesh, and the devil—Bernal attempted to

map out the utmost limit of technoscientific progress, and found that there are almost no limits. With a new introduction by McKenzie Wark.

Sympathy for the Devil

Random House "It's an in-depth look at varied time periods and artists, which readers interested in gossip, drama, or art history will enjoy." Library Journal, Starred Review Scandal, shock and

rivalry all have negative connotations, don't they? They can be catastrophic to businesses and individual careers. A whiff of scandal can turn a politician into a smoking ruin. But these potentially disastrous "negatives" can and have spurred the world of fine art to new heights. A look at the history of art tells us that rivalries have, in fact, not only benefited the course of art, from ancient times to the

present, but have also helped shape our narrative of art, lending it a sense of drama that it might otherwise lack, and therefore drawing the interest of a public who might not be drawn to the objects alone. There would be no Sistine Chapel by Michelangelo had rival Raphael not tricked the pope into assigning him the commission, certain that Michelangelo, who had never before worked

with frescoes, would botch the job and become a laughing stock. Scandal and shock have proven to be powerful weapons when harnessed and wielded willfully and well. That scandal is good for exposure has been so obviously the case that many artists have courted it intentionally, which we will define as shock: intentionally overturning expectations of the majority

in a way that traditionalist find dismaying or upsetting, but which a certain minority avant-garde find exciting. From Damien Hirst presenting the public with a shark embalmed in formaldehyde and entombed in a glass case to Marcel Duchamp trying to convince the art community that a urinal is a great sculpture shock has been a key promotional tool. The Devil in the Gallery is a guided

tour of the history of art through it scandals, rivalries, and shocking acts, each of which resulted in a positive step forward for art in general and, in most cases, for the careers of the artists in question. In addition to telling dozens of stories, lavishly illustrated in full color, of such dramatic moments and arguing how they not only affected the history of art but affected it for the better, we will also examine the

proactive role of the recipients of these intentionally dramatic actions: The art historians, the critics and even you, the general public. The Devil likes to lurk in dark corners of the art world, morphing into many forms. Let us shed light upon him.

Dancing with the Devil in the City of God

Washington Square Press
They call him the Devil Earl—a scoundrel and accused murderer who

grew up on the violent London streets. A proper young lady risks more than her reputation when consorting with the roguishly handsome Lucian Langdon, but Lady Catherine Mabry believes she has no choice. To protect those she loves, she would do anything—even strike a bargain with the devil himself. Lucian desires respectability and a wife

above all else, but the woman of his choosing lacks the social graces to be accepted by the aristocracy. Catherine can help Lucian gain everything he wants. But what she asks for in exchange will put their very lives in jeopardy. When danger closes in, Catherine discovers a man of immense passion and he discovers a woman of immeasurable courage. As secrets from

his dark past are revealed, Lucian begins to question everything he knows to be true, including the yearnings of his own heart. *The Devil Comes Courting* Harper Collins With The Devil She Knows, Bill Loehfelm has written a pitch-black thriller in a fresh, compulsively readable voice, with pages that turn themselves. This is the real deal: a breakout novel by a writer whom

Publishers Weekly has praised for his "superb prose and psychological insights." Life isn't panning out for Maureen Coughlin. At twenty-nine, the tough-skinned Staten Island native's only excitement comes from . . . well, not much. A fresh pack of American Spirits, maybe, or a discreet dash of coke before work. If something doesn't change soon, she'll end up a "lifer" at the

Narrows, the faux-swank bar where she works one long night after another. But just like the island, the Narrows has its seamy side. After work one night, Maureen walks in on a tryst between her co-worker Dennis and Frank Sebastian, a silver-haired politico. When Sebastian demands her silence, Maureen is more than happy to forget what she's seen—until Dennis turns

up dead on the train tracks the next morning. The murder sends Maureen careening out of her stultifying routine and into fast-deepening trouble. Soon she's on the run through the seedy underbelly of the borough, desperate to stop Sebastian before Dennis's fate becomes her own. **The World, the Flesh and the Devil** Routledge "highly entertaining

and informative... This is a book worth arguing with, written with verve, wit and passion. It is also lavishly illustrated. I enjoyed every minute of it."—The Spectator "as comprehensive a guide as anyone could wish to the appearances of the Evil One in art and literature throughout the age."—The Herald **The Devil in Britain and America** Cornell University Press Originally

written in 1938 but never published due to its controversial nature, an insightful guide reveals the seven principles of good that will allow anyone to triumph over the obstacles that must be faced in reaching personal goals. *Shame the Devil* Back Bay Books Animals, Animality, and Literature offers readers a one-volume survey of the field of literary animal studies in both its

theoretical and applied dimensions. Focusing on English literary history, with scrupulous attention to the interplay between English and foreign influences, this collection gathers together the work of nineteen internationally noted specialists in this growing discipline. Offering discussion of English literary works from Beowulf to Virginia Woolf and beyond, this

book explores the ways human/animal difference has been historically activated within the literary context: in devotional works, in philosophical and zoological treatises, in plays and poems and novels, and more recently within emerging narrative genres such as cinema and animation. With an introductory overview of the historical development of animal studies and

afterword looking to the field's future possibilities, *Animals, Animality, and Literature* provides a wide-ranging survey of where this discipline currently stands. [The Secret History of the Jersey Devil](#) W. W. Norton & Company This superb documentary collection illuminates the history of witchcraft and witch-hunting in seventeenth-century New England. The cases examined

begin in 1638, extend to the Salem outbreak in 1692, and document for the first time the extensive Stamford-Fairfield, Connecticut, witch-hunt of 1692-1693. Here one encounters witch-hunts through the eyes of those who participated in them: the accusers, the victims, the judges. The original texts tell in vivid detail a multi-dimensional story that conveys not only the process of

witch-hunting but also the complexity of culture and society in early America. The documents capture deep-rooted attitudes and expectations and reveal the tensions, anger, envy, and misfortune that underlay communal life and family relationships within New England's small towns and villages. Primary sources include court depositions as well as excerpts from the diaries

and letters of contemporaries. They cover trials for witchcraft, reports of diabolical possessions, suits of defamation, and reports of preternatural events. Each section is preceded by headnotes that describe the case and its background and refer the reader to important secondary interpretations. In his incisive introduction, David D. Hall addresses a wide range of important issues: witchcraft

lore, antagonistic social relationships, the vulnerability of women, religious ideologies, popular and learned understandings of witchcraft and the devil, and the role of the legal system. This volume is an extraordinarily significant resource for the study of gender, village politics, religion, and popular culture in seventeenth-century New England. Outwitting the

Devil Simon and Schuster Satan is not God's enemy in the Bible, and he's not always bad—much less evil. Through the lens of the Old and New Testaments, Erik Butler explores the Devil in literature, theology, visual art, and music from antiquity up to the present, discussing canonical authors (Dante, Milton, and Goethe among them) and a wealth of lesser-known sources. Since

his first appearance in the Book of Job, Satan has pursued a single objective: to test human beings, whose moral worth and piety leave plenty of room for doubt. Satan can be manipulative, but at worst he facilitates what mortals are inclined to do anyway. "The Devil made me do it" does not hold up in the court of cosmic law. With wit and surprising examples, this book explains why.

Guillermo del Toro's The Devil's Backbone
Little, Brown
"A must have for any film nut."—Details
Peter Bogdanovich, award-winning director, screenwriter, actor and critic, interviews 16 legendary directors over a 15-year period. Their richly illuminating conversations combine to make this a riveting chronicle of Hollywood and picture making. Join him in conversations
