Stories of the East

Wentworth Press
Set in the days of the
Empire, with the British
ruling in Burma,
Burmese Days
describes both
indigenous corruption
and Imperial bigotry,
when 'after all, natives

were natives -
interesting, no doubt,
but finally only a
"subject" people, an
inferior people with
black faces'. Against
the prevailing
orthodoxy, Flory, a
white timber merchant,
befriends Dr
Veraswami, a black
enthusiast for Empire.
The doctor needs help.
U Po Kyin, Sub-
divisional Magistrate of

Kyauktada, is plotting his downfall. The only thing that can save him is European patronage: membership of the hitherto all-white Club. While Flory prevaricates, beautiful Elizabeth Lackersteen arrives in Upper Burma from Paris. At last, after years of 'solitary hell', romance and marriage appear to offer Flory an escape from the 'lie' of the 'pukka sahib pose'.

The Village in the Jungle Castrovilli Giuseppe

Do you know that the mountain, called 'KILMANJARO' was once a woman? Do you know why and how she changed from an old

woman to a towering mountain? Also, do you know who really changed her from a woman to a beast, and from a monstrous beast to a towering mountain? And have you ever thought about the time all these things happened in our great world? Do you know the name of the village that was once the very center of her universe? Have you ever thought about the unique currency of the jungle village? And do you know that the same jungle village was on the very verge of self-sufficiency? Do you know why MONEY is now so hard to get across the world? The book, VILLAGE OF THE JUNGLE will give you the epic answers, so deeply rooted in the historical saga. Once upon a time, there was

a small village hidden by the GODS in the very middle of an untouchable jungle. The people of the jungle village led a simple and even an honorable life. For example, they ruled themselves through their holy Priests, their honorable Chiefs and their sacred Oracles. The life in the village was so unique in that all the rampant vices of the outside world had no place in the lives of the poor villagers.

Leonard Woolf's The Village in the Jungle (1913). Simon and Schuster

Leonard Woolf was born in London in 1880 and spent five years at Trinity College, Cambridge where he began lasting friendships with men such as Lytton Strachey, E. M. Forster and John Maynard Keynes. In 1904 Woolf applied to join the home civil service but failed the exam. Instead, he was sent to Ceylon (now Sri Lanka) as a cadet in the Ceylon civil service, joining the small group of white administrators who ruled the colony. He remained there for nearly seven years. In Woolf in Ceylon Christopher Ondaatje, who was himself born and brought up on the island, follows in the footsteps of Woolf. Drawing on his personal experience of Ceylon and empire, he

compares the way of life during imperial days with that of the post-colonial era. We learn as much about the country, its people and their transformation of the country during the past century as we do about the man who used his colonial career to become one of the leading English men of letters of the twentieth century. Ondaatje's sensitive descriptions, illustrated with period and modern photographs, tell the compelling story of Woolf's sojourn in Ceylon and his developing disillusionment with the British colonial system. The result is a unique evocation of both a vanished imperial world and a colonial servant's enduring legacy in the

contemporary culture of an enchanted but troubled island.

The Jungle Books The Village in the Jungle (Classic Reprint) Sidelined by Leonard Woolf's involvement in

politics after he left the Civil Service, overshadowed by Virginia Woolf's continuous and brilliant achievement as a novelist, *The Village in the Jungle* (1913) fell from notice in Britain until, by the time its author died in 1969, it was almost forgotten. In Sri Lanka and southeast Asia, however, scholars recognize this classic novel as part of a distinguished literary line extending from Kipling through Conrad and Forster, to Paul Scott and Ruth Jhabvala. The value to scholarship of Professor Yasmine Gooneratne's edition is enhanced by perceptive comparisons, now made for the first time, of the novel's various editions with Woolf's

original manuscript. Highlighting substantial amendments made by the author prior to publication, she shows in detailed notes how they reflect his passion for accuracy, his wish to maintain objectivity while writing of another culture, and his humane sympathy for the people among whom he had worked for seven years as a civil servant in Sri Lanka. explained, Sinhala words glossed, the novel's themes related to the politics of colonialism, and the entire work brought within the ambit of the 21st century.

The Village in the Jungle is a novel by Leonard Woolf, published in 1913, based on his experiences as a colonial civil servant in British-controlled Ceylon in the early years of the 20th century.

jungle book Simon and Schuster

The Jungle is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878–1968).

Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle

Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, Appeal to Reason, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.

The story of a man on a quest to find his identity, his purpose

and the meaning of life. Book One is an autobiographically themed account of a man, born in a place, in a circumstance, and in a condition, in a third world village. His future led him to the big city of New York where he met and overcame challenges, as he succeeded to become a pilot instructor, an engineer and a corporate professional. He opens the window to the world of Aviation for his reader, with valuable educational information. He explains how his professional and personal experiences became the platform for learning about human beings and human behavior, including his conflict between science and doctrine. In Book Two

he explains how he found himself, then he found everyone else, all swimming in this fishbowl from which there is no escape. He found what life on this planet is all about, from a factual and scientific perspective; who we are, where we came from, and where we are headed. He includes several disciplines in the analysis including, doctrine, science, anthropology, history, psychology, spirituality, consciousness and others. The author encourages the reader to decide what is, and what is not, as he shares information. He firmly believes that knowledge is power, to understand. He uses his faculties as an engineer, a pilot instructor and a

researcher in other disciplines, to derive the philosophy of life and existence.

The Village in the Jungle Giunti Editore

In this “hypnotic, violent, unsparing” (A.J. Banner, USA TODAY bestselling author) thriller from the author of the “haunting, twisting thrill ride” (Megan Miranda, New York Times bestselling author) *The River at Night*, a young woman leaves behind everything she knows to take on the Bolivian jungle, but her excursion abroad quickly turns into a fight for her life. Lily Bushwold thought she’d found the antidote to endless foster care and group homes: a gig teaching English in Cochabamba, Bolivia. As soon as she could steal enough cash for the plane, she was on it. But the program was

a scam. And bonding with other broke, rudderless girls in the local youth hostel wasn't the answer. Falling crazy in love with Omar, a savvy, handsome local who'd left his life as a hunter in Ayachero—a remote jungle village—to try city life: this was the last thing Lily could have imagined. When Omar learns that a jaguar had killed his four-year-old nephew in Ayachero, he gives Lily a choice: stay alone in the unforgiving city, or travel to the last in the ever-more-isolated string of river towns in the jungles of Bolivia. Thirty-foot anacondas?

Puppy-sized spiders? Vengeful shamans with unspeakable powers? None of it matters to love-struck Lily. She follows Omar to a ruthless new world of lawless poachers, bullheaded missionaries, and desperate indigenous tribes driven to the brink of extinction. To survive, Lily must navigate the jungle—and all its residents—using only her wits and resilience. “Gripping, breathtaking, and exquisitely told—Into the Jungle pulls you into another world, returning you forever transformed” (Wendy Walker, USA TODAY bestselling author).
