**Altered Carbon: Download Blues** Penguin From the award-winning author of *Altered Carbon* and *Broken Angels*—a turbocharged new thriller set in a world where killers are stars, media is mass entertainment, and freedom is a dangerous proposition . . . A coup in Cambodia. Guns to Guatemala. For the men and women of Shorn Associates, opportunity is calling. In the superheated global village

of the near future, big money is made by finding the right little war and supporting one side against the other—in exchange for a share of the spoils. To succeed, Shorn uses a new kind of corporate gladiator: sharp-suited, hard-driving gunslingers who operate armored vehicles and follow a Samurai code. And Chris Faulkner is just the man for the job. He fought his way out of London's zone of destitution. And his kills are making him famous. But unlike his best friend

and competitor at Shorn, Faulkner has a side that outsiders cannot see: the side his wife is trying to salvage, that another woman—a porn star turned TV news reporter—is trying to exploit. Steeped in blood, eyed by common criminals looking for a shot at fame, Faulkner is living on borrowed time. Until he's given one last shot at getting out alive. .

**Woken Furies** Del Rey  
Can human consciousness exist within the framework of an electronic "brain" and still

maintain its humanity? In DEUS X, a dying priest's consciousness is uploaded into the most advanced computer of the day - and what ensues is a thought-provoking, entertaining and overly intriguing clash between the various characters surrounding the experiment, a female Pope and a computer guru who'd rather be sailing and smoking pot, for example.

Thin Air Marvel  
In the distant future, the human body is atemporary and interchangeable

commodity - if you can pay. For the interstellar elite, bodies are swapped out and reused without a second thought. You never grow old; you never die. However, some bodies are more temporary than others ... Takeshi Kovacs was once a member of the Envoy Corps, stormtroopers for the Interstellar Earth Protectorate, ultra-lethal adepts in switching bodies across the stars. While he served, he was known by a variety of names--Mamba Lev, One

Hand Rending, the Icepick--all testament to his capacity for rapid response and extreme violence in whatever flesh he wore. Now he's out of the service and trying to live a different life. But the Protectorate hasn't changed its spots, no matter what world Kovacs drifts to, and with that old combat rage still burning deep inside him, will he ever really be able to walk away? Created by Richard K. Morgan, *Altered Carbon* was previously adapted as a Netflix television series. This

original graphic novel, written by Rik Hoskin (Brandon Sanderson's *White Sand*/Pierce Brown's *Red Rising*), expands upon the *Altered Carbon* universe. **365 Life-Altering Thoughts on Self-Control, Mental Resilience, and Success** HarperCollins UK Takeshi Kovacs battles against biomachines gone wild, searches for a centuries-old missing weapons system, and endures the betrayal of people he once trusted. **Woken Furies** Brian

McClellan Science fiction. Takeshi Kovacs is an Envoy, a soldier trained to withstand transfer from one body to the next. He is employed (resleeved) by a Meth (as in Methuselah) billionaire who was killed (and subsequently resleeved) and who wants to know how and why [The Dark Defiles](#) Ballantine Books In a twenty-fifth century world in which death is nearly obsolete, former UN envoy Takeshi Kovacs, re-sleeved into a new

body after a brutal death, finds himself caught in the middle of a deadly far-reaching conspiracy.

*A Night Tales Novel*

Dynamite Entertainment  
One hundred years from now, and against all the odds, Earth has found a new stability; the political order has reached some sort of balance, and the new colony on Mars is growing. But the fraught years of the 21st century have left an uneasy legacy ... Genetically engineered alpha males, designed to fight the century's wars have no

wars to fight and are surplus to requirements.

And a man bred and designed to fight is a dangerous man to have around in peacetime.

Many of them have left for Mars but now one has come back and killed everyone else on the shuttle he returned in.

Only one man, a genengineered ex-soldier himself, can hunt him down and so begins a frenetic man-hunt and a battle survival. And a search for the truth about what was really done with the world's last soldiers.

BLACK MAN is an unstoppable SF thriller but it is also a novel about prejudice, about the ramifications of playing with our genetic blueprint. It is about our capacity for violence but more worrying, our capacity for deceit and corruption. This is another landmark of modern SF from one of its most exciting and commercial authors.

Game of Thrones in the final novel in Richard K. Morgan's epic A Land Fit for Heroes trilogy, which burst onto the fantasy scene with The Steel Remains and The Cold Commands. Ringil Eskiath, a reluctant hero viewed as a corrupt degenerate by the very people who demand his help, has traveled far in search of the Illwrack Changeling, a deathless human sorcerer-warrior raised by the bloodthirsty Aldrain, former rulers of the world. Separated from his companions—Egar the

Dragonbane and Archeth—Ringil risks his soul to master a deadly magic that alone can challenge the might of the Changeling. While Archeth and the Dragonbane embark on a trail of blood and tears that ends up exposing long-buried secrets, Ringil finds himself tested as never before, with his life and all existence hanging in the balance. Praise for The Dark Defiles "A finale that displays all the purposefully hard edges and grim magnificence that made the first two

volumes stand out."—Kirkus Reviews "Morgan brings his mammoth A Land Fit for Heroes fantasy trilogy to a rousing conclusion. . . . Expect surprises and suspense, along with the usual derring-do and entertaining characters."—Booklist Praise for Richard K. Morgan and his acclaimed series, A Land Fit for Heroes "Bold, brutal, and making no compromises—Richard K. Morgan doesn't so much twist the clichés of fantasy as take an axe to

them. Then set fire to them.”—Joe Abercrombie  
“Morgan has taken traditional sword and sorcery tropes and given them a hard, contemporary kick. The anitithesis of the cosy fairytale, this one is for big boys.”—The Times (London)  
“A crisp stylist who demonstrates equal facility with action scenes and angst.”—The New York Times Book Review  
“A full-immersion experience, uncompromising and bleakly magnificent.”—Kirkus

Alek Fitz is a reaper, a collection agent who works for the supernatural

elements of the world, tracking down debtors and solving problems for clients as diverse as the Lords of Hell, vampires, Haitian loa, and goblins. He's even worked for the Tooth Fairy on occasion. Based out of Cleveland, Ohio, Alek is the best in the game. As a literal slave to his job, he doesn't have a choice. When Death comes looking for someone to track down a thief, Alek is flung into a mess of vengeful undead, supernatural bureaucracy, and a fledgling imp war.

As the consequences of failure become dire, he has few leads, and the clock is ticking. Only with the help of his friend Maggie—an ancient djinn with a complex past—can he hope to recover the stolen property, save the world, and just maybe wring a favor out of the Great Constant himself. It's a hell of a job, but somebody's got to do it . . .

She stares at her mother's clumsy lettering on the envelope. Nine years.

Nine years since she stepped over her mother's drunken body and into a cold Alaska night running south, lost to her mother forever. How did she find me? She hesitates, not wanting to open the envelope, knowing the letter inside will drag her home; back into the bleakness of a life with no exit. Kris Gabriel, twenty-four, Alaska Native, and fierce like a wolverine, returns to Alaska-to find her mother murdered; shot in the face by the double-barreled blast of a shotgun. Angry her

mother is pushed around even in death, guilty she abandoned her in life, Kris only knows to fight. Relentlessly, she tracks a trail of pain, of lost love, of lives ripped apart by the frozen North's unyielding law of survival, never suspecting it's not what her mother would have wanted. Never suspecting that she has far more at stake than finding her mother's killer. Broken Angels is fast-paced Alaskan noir filled with richly drawn characters struggling to survive in a hostile

country where there are no second chances.

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Kirkus Reviews • Fantasy Book Critic "Pulpy and hard-core, but with a heart of gold."—io9 The otherworldly Kiriath once

used their advanced technology to save the world from the dark magic of the Aldrain, only to depart as mysteriously as they arrived. Now one of the Kiriath's uncanny machines has fallen from orbit, with a message that humanity once more faces a grave danger: the Ilwrack Changeling, a boy raised to manhood in the ghostly realm of the Gray Places. Wrapped in sorcerous slumber on an island that drifts between this world and the Gray Places, the Ilwrack Changeling is stirring.

When he wakes, the Aldrain will rally to him and return in force. But with the Kiriath long gone, humankind's fate now depends on warrior Ringil Eskiath and his few, trusted allies. Undertaking a perilous journey to strike first against the Ilwrack Changeling, each of them seeks to outrun a haunted past and find redemption in the future. But redemption won't come cheap. Nor, for that matter, will survival. *Deus X Storyjitsu*  
In outer space you can never feel sure that your

adversary is altogether human. The runcible buffers on Samarkand have been mysteriously sabotaged, killing many thousands and destroying a terraforming project. Agent Cormac must reach it by ship to begin an investigation. But Cormac has incurred the wrath of a vicious psychopath called Pelter, who is prepared to follow him across the galaxy with a terrifying android in tow. Despite the sub-zero temperature of Samarkand, Cormac discovers signs of life:

they are two 'dracomen', alien beasts contrived by an extra-galactic entity calling itself 'Dragon', which is a huge creature consisting of four conjoined spheres of flesh each a kilometre in diameter. Caught between the byzantine wiles of the Dragon and the lethal fury of Pelter, Cormac needs to skip very nimbly indeed to rescue the Samarkand project and protect his own life. Gridlinked is the first sci-fi thriller in Neal Asher's compelling Agent Cormac series.

*365 Days With Self-Discipline* Baen Books  
How to Build Self-Discipline and Become More Successful (365 Powerful Thoughts From the World's Brightest Minds) Its lack makes you unable to achieve your goals. Without it, you'll struggle to lose weight, become fit, wake up early, work productively and save money. Not embracing it in your everyday life means that you'll never realize your full potential. Ignoring it inevitably leads to regret and feeling sad about how

more successful and incredible your life could have been if you had only decided to develop it. What is this powerful thing? Self-discipline. And if there's one thing that self-discipline is not, it's instant. It takes months (if not years) to develop powerful self-control that will protect you from impulsive decisions, laziness, procrastination, and inaction. You need to exhibit self-discipline day in, day out, 365 days in a year. What if you had a companion who would remind you daily to stay

disciplined and persevere, even when the going gets tough? 365 Days With Self-Discipline is a practical, accessible guidebook for embracing more self-discipline in your everyday life. You'll learn how to do this through 365 brief, daily insights from the world's brightest minds, expanded and commented upon by bestselling personal development author Martin Meadows. This isn't just an inspirational book; most of the entries deliver practical suggestions that

you can immediately apply in your life to become more disciplined. Here are just some of the things you'll learn: - why living your life the hard way makes it easy (and other suggestions from a successful entrepreneur and longevity scientist); - how to overcome your initial resistance and procrastination based on the remark made by one of the most renowned Renaissance men; - why, according to an influential neurosurgeon, it's key to see problems as hurdles instead of obstacles (and

how to do that); - how to embrace an experimental mindset to overcome a fear of failure (a technique recommended by a successful entrepreneur and musician); - how to quit in a smart way, according to a world-famous marketing expert; - how to improve your productivity at work by implementing the advice from one of the most successful detective fiction writers; - how a trick used by screenwriters can help you figure out the first step needed to get closer

to your goals; - how to maintain self-discipline in the long-term by paying attention to what a bestselling non-fiction author calls necessary to survive and thrive; - how your most common thoughts can sabotage your efforts (and other valuable insights from one of the most respected Roman Stoics); and - how to overcome temporary discouragement and look at your problems from the proper perspective, as suggested by a well-known public speaker and author. If you're ready to

finally change your life and embrace self-discipline — not only for the next 365 days, but for the rest of your life — buy this book now and together, let's work on your success! Keywords: self-discipline handbook, self-control book, willpower book, success journal, mental resilience, become successful, achieve your goals [Altered Carbon : The Art and Making of the Series](#) Random House Digital, Inc. Superheroes are big business. Imagine not

being able to afford them. Kit Baldwin just wants to make rent. The only work she can find in the ruins of her devastated city is scavenging for alien technology. When she finds a powerful alien weapon, her discovery pays off more than she could have hoped: it draws the attention of the most powerful of the superhuman Empowered, Valene. Valene hears everything, everywhere. She suffers for it, and as they begin a precipitous romance, Kit believes she

can use the weapon she's scavenged to mitigate Valene's pain. If she can't, Valene will retreat to the soundlessness of space. Without Valene's compassion, the stricken city is left to the mercy of Valene's ruthless father, who denies the assistance the city needs unless it can pay for it. As Valene's condition worsens, Kit becomes more desperate and unleashes the full power of the alien weapon. In an instant, she is transformed into a

being of cosmic power. She can acquire the knowledge and energy of anything - or anyone - she touches.
