Designed as a contribution to contrastive linguistics, the present volume brings up-to-date the comparison of German with its closest neighbour, Dutch, and other Germanic relatives like English, Afrikaans, and the Scandinavian languages. It takes its inspiration from the idea of a "Germanic Sandwich", i.e. the hypothesis that sets of genetically related languages diverge in systematic ways in diverse domains of the linguistic system. Its contributions set out to test this approach against new phenomena or data from synchronic, diachronic and, for the first time in a Sandwich-related volume, psycholinguistic perspectives. With topics ranging from nickname formation to the IPP (aka 'Ersatzinfinitiv'), from the grammaticalisation of the definite article to /s/-retraction, and from the role of verb-second order in the acquisition of L2 English to the psycholinguistics of gender, the volume appeals to students and specialists in modern and historical linguistics, psycholinguistics, translation studies, language pedagogy and cognitive science, providing a wealth of fresh insights into the relationships of German with its closest relatives while highlighting the potential inherent in the integration of different methodological traditions.

This second book in a trilogy of high adventure and alternate history combines rousing pulp action with steampunk style, bringing epic political themes to life within a story of heartbreaking romance, sacrifice, and heroism. Princess Adele struggles with a life of marriage and obligation as her Equatorian Empire and their American Republic allies stand on the brink of war

against the vampire clans of the north. However, the alliance's horrific strategy for total victory drives Adele to abandon her duty and embark on a desperate quest to keep her nation from staining its hands with genocide. Reunited with her great love, the mysterious adventurer known to the world as the Greyfriar, Adele is pursued by her own people as well as her vengeful husband, Senator Clark. With the human alliance in disarray, Prince Cesare, lord of the British vampire clan, seizes the initiative and strikes at the very heart of Equatoria. As Adele labors to bring order to her world, she learns more about the strange powers she exhibited in the north. Her teacher, Mamoru, leads a secret cabal of geomancers who believe Adele is the one who can touch the vast power of the Earth that surges through ley lines and wells up at the rifts where the lines meet. These energies are the key to defeating the enemy of mankind. If Princess Adele could ever bring this power under her command, she could be death to vampires. But such a victory would also cost the life of Adele's beloved Greyfriar. From the Trade Paperback edition.

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make

the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller  *Guitar Zero*  At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.
