This fascinating visual account of firearms shows everything from the

earliest cannons to modern weapons of war. It also highlights how gun technology and military tactics developed in tandem over time. Centuries ago, the Chinese discovered that if they put gunpowder and a projectile into a metal tube and ignited it, they could fire the projectile with enormous force. The first guns were born. *Firearms: An Illustrated History* showcases over 300 firearms including pistols, revolvers, rifles, shotguns, machine-guns, and artillery, each with annotated close-up photographs and details of their origins, barrel, and caliber. It details the use of the firearms, not just in the military but for sport, hunting, and law enforcement. This comprehensive volume traces the history of firearms, highlighting "turning

points" such as the rifle with its parallel spiraled grooves that could impart a spin to bullets making them fly straighter. It also showcases iconic firearms such as the Walther PPK self-loading pistol popularised in James Bond films. With information on the great gunsmiths including Beretta and Kalashnikov and a detailed guide to how guns work, *Firearms: An Illustrated History* is an essential purchase for everyone interested in guns and military history. *Field & Stream* Paul Feist

Exploding onto the eschatological scene with a deafening roar, Endgame shatters the status quo with respect to endtime Bible prophecy, detonating centuries' worth of assumption and subjective "fact." By providing the Bible space to interpret itself, the key which unlocks the mysteries of Revelation is revealed to have been within the possession of mankind all along, hidden for millennia in "plain sight." Although Man has long preferred to lean upon his own understanding, the logic of mortals is not equal to the task of assembling the pieces of a Divinely-constructed image, a fact which accounts for the numerous conflicting views and failed predictions

of establishment experts. The true account has been set down in God's own hand, scattered throughout His Word which the prophets were inspired to utter, and which holy men of old were moved to record. Includes a bonus Tribulation Survival Guide

The sheer number of products on the market today staggers the mind and bewilders even experienced hunters. Boddington presents his information in clearly explained, bite-size pieces that we can digest, and in the process he gives us a solid understanding of what works and what doesn't.
