Introduction to Health and Safety at Work

EDUCatt - Ente per il diritto allo studio universitario dell'Università Cattolica
 Carol Trehorne’s only child, Max, is in ICU with severe burns. Max, a performance artist, has set himself alight. He recovers but it becomes clear that he is planning

further performances that will put him at risk of serious injury or death. Carol, a single parent and a GP in a busy suburban practice, is worried that her son is not the genius his friends think he is, but might be on drugs or going psychotic. As she discusses her concerns with her son's psychiatrist, she wonders if her past behaviour, in particular her relationship with the adventurous and anti-social Jack, has influenced Max's determination to use his body as a site of violent

art in the pursuit of revelation. Carol cannot accept that Max's self-harm will have any effect other than to add to the meaningless violence in the world. Accident raises questions about what kind of life is worth living and what death is worth dying. It explores the different responses artists and scientists can have to violence and self-destructive behaviour, and throws into sharp relief the difficulties parents face when their children make decisions that appear incomprehensible.

'My name is Laddy Merridew. I'm a cry-baby. I'm sorry.' 'And my name is Ianto Jenkins. I am a coward. And that's worse.' Nine-year old Laddy Merridew, sent to live with the grandmother he barely knows, stumbles off the bus into a small Welsh mining town, where he begins an unlikely friendship with Ianto 'Passchendaele' Jenkins,

the town beggar. Through lanto, Laddy learns of the collapse decades earlier of the coal mine of Kindly Light: a disaster whose legacy has echoed down through the generations and shaped the lives of all who live in the shadow of the colliery, especially lanto, the keeper of all their stories. Thaddeus 'Icarus' Evans strives in vain to carve wooden feathers that will float; 'Half' Harris and Matty Harris have the same mother and yet have spent a lifetime ignoring each other; 'Baker' Bowen

- despite carrying the name of his forebears - has never learned to bake, and James Little, the gas-meter emptier, digs in his allotment by moonlight, his pockets filled with the treasures of his neighbours. Along with the other men of the town and the women who mothered them, married them and mourned them, they are bound together by the shared tragedy of Kindly Light and by the mysterious figure of lanto Jenkins.

Objective General Knowledge Brian Rowlands

This book is for students who want to excel academically. The guideposts and principles contained in this book will

show you why and how you will become a high-flying student. I managed the local library of Our Lady of Fatima Cathedral Catholic Church Kano for over four years as an unqualified librarian and I see different students preparing for different exams in a mediocre way. What is most shocking here is that; most of these students are mediocre students due to the fact that they lack the right approach to learning, studying and preparations required for academic excellence rather than the

mere exertion of studies. The principles in this book are no respecter of persons, age, gender, race, background or your location. The results are the same to whoever would apply them. It contains the distilled essence of all that you need to know and do in your academic journey to excellence. This 21---Days course has SIX stages. Each Days message/material is divided into different sub-sections dealing with one central topic literally and in a juxtapositions

context. Consequently, the reader is allowed to exercise his/her power of

association and observation of ideas presented in connection to the other sub-sections

and signposts illustrated in the book with the application exercises.
