JOHN OLSON

The Weird Sisters Penguin
From the New York Times
bestselling author of
California Girls comes an
all new original Blackberry
Island novel told with
Susan Mallery's
trademark humor and
charm. Sisters by Choice

is a heartfelt tale of love,
family and the friendships
that see us through.
Cousins by chance, sisters
by choice... After her cat
toy empire goes up in
flames, Sophie Lane
returns to Blackberry
Island, determined to
rebuild. Until small-town
life reveals a big problem:
she can't grow unless she
learns to let go. If Sophie
relaxes her grip even a

little, she might lose
everything. Or she might
finally be free to reach for
the happiness and love
that have eluded her for
so long. Kristine has
become defined by her
relationship to others.
She's a wife, a mom. As
much as she adores her
husband and sons, she
wants something for
herself—a sweet little
bakery just off the

waterfront. She knew changing the rules wouldn't be easy, but she never imagined she might have to choose between her marriage and her dreams. Like the mainland on the horizon, Heather's goals seem beyond her grasp. Every time she manages to save for college, her mother has another crisis. Can she break free, or will she be trapped in this tiny life forever? Want more of Heather's story? Don't miss *The Happiness Plan*, a new novel coming from #1 New York Times

bestselling author Susan Mallery where three women experience hope, heartache, and the power of friendship as they search for true happiness!

"This is a big-hearted belly-laugh of a book, told with wit and poignancy. Family secrets, laughter and tears, shocking

reveals, and an uplifting ending make this a story to savor--and share."-- Susan Wiggs, New York Times bestselling author of *The Lost and Found Bookshop* An accomplished storyteller returns with her biggest, boldest, most entertaining novel yet—a hilarious, heartfelt story about books, love, sisterhood, and the surprises we discover in our DNA. Maggie, Eliza, and Tricia Sweeney grew up as a happy threesome in the idyllic seaside town of Southport, Connecticut.

But their mother's death from cancer fifteen years ago tarnished their golden-hued memories, and the sisters drifted apart. Their one touchstone is their father, Bill Sweeney, an internationally famous literary lion and college professor universally adored by critics, publishers, and book lovers. When Bill dies unexpectedly one cool June night, his shell-shocked daughters return to their childhood home. They aren't quite sure what the future holds

without their larger-than-life father, but they do know how to throw an Irish wake to honor a man of his stature. But as guests pay their respects and reminisce, one stranger, emboldened by whiskey, has crashed the party. It turns out that she too is a Sweeney sister. When Washington, DC based journalist Serena Tucker had her DNA tested on a whim a few weeks earlier, she learned she had a 50% genetic match with a childhood neighbor—Maggie Sweeney of Southport,

Connecticut. It seems Serena's chilly WASP mother, Birdie, had a history with Bill Sweeney—one that has remained totally secret until now. Once the shock wears off, questions abound. What does this mean for William's literary legacy? Where is the unfinished memoir he's stashed away, and what will it reveal? And how will a fourth Sweeney sister—a blond among redheads—fit into their story? By turns revealing, insightful, and uproarious, *The Sweeney Sisters* is

equal parts cautionary tale and celebration—a festive and heartfelt look at what truly makes a family. "Dolan uses her experience in podcasting with her own sisters to craft believable women characters who worry about real problems and use wry humor to push through dark moments . . . A warmhearted portrait of love embracing true hearts."—Kirkus

 The Sisters of Reckoning is the blockbuster sequel to Charlotte Nicole Davis's alternate Old West-set

fantasy adventure. The Good Luck Girls are free. Aster's sister and friends have new lives across the border in Ferron, while Aster remains in Arketta, helping more girls escape. Along the way, friendships will be forged, lives will be lost, and love will take root even in the harshest of circumstances, between the most unexpected of lovers. But will Arketta's dustbloods finally come into power and freedom, or will the resistance just open them up to a new sort of danger? At the

 Unwillingly brought together to care for their

ailing mother, three sisters who were named after famous Shakespearean characters discover that everything they have been avoiding may prove more worthwhile than expected. *The Sister Tor Teen* “It does what readers ask of a Storyteller: keeps things fast-moving and entertaining. It’s a breezy joy.” — Publishers Weekly “Together, the Sisters Sputnik are the badassest kickass duo since Tank Girl and Jet Girl. If you like your speculative fiction sardonic, weird, sprightly

and intelligent, you will love this splendid book.” — Candas Jane Dorsey, author of *Black Wine and Ice and Other Stories* An odyssey wrapped in a love story, set in a near-future of artificial people The Sisters Sputnik are a time-traveling trio of storytellers-for-hire who are much in demand throughout the multiverse of 2,052 alternate worlds. Each world was created by the detonation of a nuclear bomb in Earth Standard Time, home of the Sisters’ leader, aging comic book creator

Debbie Reynolds Biondi, her 20-something apprentice Unicorn Girl, and their pop culture-loving AI, Cassandra. Tales of Earth Standard Time-That-Was, from World Wars to the space race to Hollywood celebrities, have turned the Sisters into storytelling rock stars. In a distant reality where books and music have disappeared, Debbie finds herself in bed with an old Earth Standard Time lover who begs her to tell him a story. Over one long, eventful night, she spins

the epic of the Sisters' adventures in alternate realities, starting with the theft of a book of evil comic strips in a post-pandemic Toronto full of ghost kitchens and robot-worshipping lost children known as junksters, to a disco-era purgatory where synthetic people are sending humans into the past through a reverse-engineered Statue of Liberty, to a version of the 1950s where the Sisters meet a rising star named Frank Sinatra and his girlfriend, the once-and-future Queen of England.
