 The Mahabharata, "What is found here, may be found elsewhere. What is not found here, will not be found elsewhere." The ancient story of the Mahabharata casts the reader's mind across spiritual and terrestrial vistas and battlefields. Through the experiences of divine incarnations and manifest demons, a great royal dynasty is fractured along fraternal lines, resulting in the greatest war of good and evil ever fought in ancient lands. This most venerable of epics remains profoundly timeless in its teachings of truth, righteousness and liberation. This second edition ebook of the Mahabharata is Kisari Mohan Ganguli's 1896 translation and is complete with all 18 parvas in a single ebook. It features a comprehensive table

of contents, book summaries and double linked footnotes.

SWASTIKA Routledge

An invaluable encyclopedia of Hinduism Hinduism is one of the world's oldest religions; an amalgam of diverse beliefs and schools, it originates in the Vedas and is rooted in Indian culture. Hinduism: An Alphabetical Guide illuminates complex philosophical concepts through lucid definitions, a historical perspective and incisive analyses. It examines various aspects of Hinduism, covering festivals and rituals, gods and goddesses, philosophers, memorials, aesthetics, and sacred plants and animals. The author also explores pivotal ideas, including moksha, karma, dharma and samsara, and details the diverse commentaries on the Bhagavad Gita and

other important texts. Citing extensively from the regional languages, the book describes Hinduism's innumerable myths and legends, and looks at the many versions of texts including the Ramayana and Mahabharata, placing each entry in its historical context and tracing its evolution to the present. • Outlines all eighteen major Puranas, the 108 Upanishads, and a selection of Vaishnava, Sahiva and Tantric texts • Provides quotations from rare original texts • A product of years of research, with a wide range of entries
The Mahabharata Secret Taylor & Francis

A History of Ancient and Early Medieval India is the most comprehensive textbook yet for undergraduate and postgraduate students. It introduces

students to original sources such as ancient texts, artefacts, inscriptions and coins, illustrating how historians construct history on their basis. Its clear and balanced explanation of concepts and historical debates enables students to independently evaluate evidence, arguments and theories. This remarkable textbook allows the reader to visualize and understand the rich and varied remains of India's ancient past, transforming the process of discovering that past into an exciting experience.

Death is a taboo in most societies in the world. But what if we have got this completely wrong? What if death was not the catastrophe it is made out to be but an essential aspect of life, rife with

spiritual possibilities for transcendence? For the first time, someone is saying just that. In this unique treatise-like exposition, Sadhguru dwells extensively upon his inner experience as he expounds on the more profound aspects of death that are rarely spoken about.

From a practical standpoint, he elaborates on what preparations one can make for one's death, how best we can assist someone who is dying and how we can continue to support their journey even after death. Whether a believer or not, a devotee or an agnostic, an accomplished seeker or a simpleton, this is truly a book for all those who shall die!

This book foregrounds practices and discourses of translation in several non-Western traditions. Translation Studies currently reflects the historiography and concerns of Anglo-American and European scholars, overlooking the full richness of translational activities and diverse discourses. The essays in this book, which generally have a historical slant, help push back the geographical and conceptual boundaries of the discipline. They illustrate how distinctive historical, social and philosophical contexts have shaped the ways in which translational acts are defined, performed, viewed, encouraged or suppressed in different linguistic communities. The volume has a particular focus on the multiple contexts

of translation in India, but also encompasses translation in Korea, Japan and South Africa, as well as representations of Sufism in different contexts."

Handbook of Twentieth-century Literatures of India Penguin Books India
Ancient India, like ancient Greece boasts of two great Epics. One of them, the Maha-bharata, relates to a great war in which all the warlike races of Northern India took a share, and may therefore be compared to the Iliad. The great war which is the subject of this Epic is believed to have been fought in the thirteenth or fourteenth century before Christ. The war thus became the centre of a cycle of legends, songs, and poems in ancient India, the vast mass of legends and poetry, accumulated during

centuries, was cast in a narrative form and formed the Epic of the Great Bharata nation, and therefore called the Maha-bharata. The real facts of the war had been obliterated by age, legendary heroes had become the principal actors, and, as is invariably the case in India, the thread of a high moral purpose, of the triumph of virtue and the subjugation of vice, was woven into the fabric of the great Epic.

Cheluva Kannada Nadu John Benjamins Publishing

No country in the world is blessed with a greater variety of forms in music, dance and theatre than ours. One of the theatre forms generally described as folk but possessing a strong classical connection is the Yakshagana. Although the name signifies the music of celestial

beings, Yakshagana is an amalgam of the sky with the earth. There is both mystery and robustness about this form in which singing and drumming merge with dancing, and words with gestural interpretation, and players clad in costumes of striking colour and contours. It is the cherished cultural possession of the coastal districts of Karnataka. Dr. K.S. Karanth is the foremost living authority on Yakshagana and has been working on all its aspects, namely "dance, music, and literature, since 1930. He has led the way to a deep and systematic study of this art form. He has spent decades travelling to remote villages within Karnataka to inspect and study every Yakshagana manuscript, the earliest going back to A.D. 1651. With his fine literary judgement and aesthetic

sensibility, he has traced the changing trends in the performance of Yakshagana. He has interacted with hundreds of Yakshagana artistes to find out what customs in training and interpretation had prevailed earlier and had fallen into disuse and deserved to be resuscitated. He has put together his findings in the shape of two standard books Yakshagana Bayalata (1958) in Kannada, and Yakshagana in Kannada and English (1975). The present volume is a revised edition of the earlier book, with additional material and illustrations. It is hoped that the book will provide valuable insights into one of the most attractive and dynamic art forms of our land, as well as into a penetrative mind. Valmiki's Ramayana Pearson Education India

Valmiki's Ramayana, composed as early as 500 BCE, remains a story that speaks to every generation and continues to enthral millions of people in the Subcontinent and beyond. The noble prince Rama is exiled from Ayodhya on his stepmother's whim, and his loyal brother Lakshmana and beautiful wife, Sita, follow him into the forest despite the many dangers it holds. But when Sita is kidnapped by Ravana, king of the rakshasas, Rama must go deep into himself to find the physical and emotional resources he needs to rescue her. Apart from exploring the fundamental human question of how to be good, the Ramayana is also the story of a god who comes to earth to establish righteousness. The tension between Rama's essentially divine nature and his

all too human trials makes this one of the most compelling epics in world literature.

Indian National Bibliography Penguin UK

This volume forms a part of the Critical Discourses in South Asia series which deals with schools, movements and discursive practices in major South Asian languages. It offers crucial insights into the making of Telugu literature and its critical tradition across over a century. The book brings together English translation of major writings of influential figures dealing with literary criticism and theory, aesthetic and performative traditions, re-interpretations of primary concepts, categories and interactions in Telugu. It presents 32 key texts in literary and cultural studies representing

thoughts, debates, signposts and interfaces on important trends in critical discourse in the Telugu region from the middle of the 19th to the end of the 20th century, with nearly all translated by experts for the first time into English. The volume covers a wide array of themes, ranging from a text by Kandukuri Veeresalingam on women's education to Challapalli Swaroopa Rani on new readings of the oral literature of the marginalised communities. These radical essays explore the interconnectedness of the socio-cultural and historical developments in the colonial and post-independence period in the Telugu region. They discuss themes such as integrative aesthetic visions; poetic and literary forms; modernism; imagination; power structures and social

struggles; ideological values; cultural renovations; and collaborations and subversions. Comprehensive and authoritative, this volume offers an overview of the history of critical thought in Telugu literature in South Asia. It will be essential for scholars and researchers of Telugu language and literature, literary criticism, literary theory, comparative literature, Indian literature, cultural studies, art and aesthetics, performance studies, history, sociology, regional studies and South Asian studies. It will also interest the Telugu-speaking diaspora and those working on the intellectual history of Telugu and conservation of languages and culture.

History of Ancient and Early Medieval India
From the Stone Age to the 12th

Century

How many names does Arjuna have?
Why was Yama cursed? What lesson did a little mongoose teach Yudhishthira? The Kurukshetra war, fought between the Kauravas and the Pandavas and which forced even the gods to take sides, may be well known, but there are innumerable stories set before, after and during the war that lend the Mahabharata its many varied shades and are largely unheard of. Award-winning author Sudha Murty reintroduces the fascinating world of India's greatest epic through the extraordinary tales in this collection, each of which is sure to fill you with a sense of wonder and bewilderment.

History of Indian Nation India, the cradle for one of the most ancient civilizations in the world, has a long and rich history, spanning thousands of years. In fact, the history of India begins with evidence of human activity millions of years ago. The Indus Valley Civilization was the first major civilization. Vedic Civilization witnessed the rise of major polities. Almost the whole country was controlled by Mauryan Empire and it was again united under Gupta Empire. Muslim rule in the subcontinent began when the Arabs conquered Sindh and Multan. Then, several invasions from Central Asia led to the formation of Muslim empires, such as the Delhi Sultanate and

the Mughal Empire. Mughals conquered most of northern India and finally controlled the entire sub-continent and Afghanistan. Mughal Empire declined in the 18th century. Then, East India Company gained ascendancy over South Asia. Dissatisfaction with Company rule led to an unsuccessful revolt in 1857, after which India was directly administered by the British Crown. In the 20th century, a nationwide struggle for independence was launched by Indian National Congress. The subcontinent gained independence from Great Britain in 1947, but the country was partitioned into two dominions of India and Pakistan. After Independence, a new era began. This comprehensive book, comprising four volumes covers the entire history of the Indian Nation in a very compact

manner. This book is an asset for historians, teachers, students and general readers, at par.

Ramadhanya Charitre incorporate metaphors taken from everyday life, which fascinate the commoners and offers them respite from mundane life-struggles. While such metaphorical expressions represent a remarkable trend in Bhakti poetry, in Kanakadasa's depiction of Nala and Damayanti's misfortunes, the toilsome life of common men and women stares forth. Hauled out of their palatial leisurely living, a curious turn of events compels them to survive

amidst endless suffering. On one hand Nala Charitre is a poignant story of love, and on the other, it thematizes human existence, humandivine relationship and simplifies poetry to reach the audience beyond the limited circle of literates. As the Bhakti Literature assimilates the

vernacular into devotional poetry, Kanakadasa's epic poem interweaves mythological themes from Mahabharata with struggles of medieval Indian society, thus overcoming the binaries of human and divine.
