The Apartment Building, also known as the Rockefeller Building, is one of three extant buildings that were constructed as part of the U.S. Naval Radio Station, Winter Harbor, Maine, in 1934. The current project is focused on the Apartment Building and immediate adjacent landscape as identified in Project Management Information System (PMIS) 134906. The U.S. Naval Radio Station - Apartment Building (Bldg 1), Historic Structure Report (HSR) identifies significant historic features of the building and provides guidance for the treatment of the building. The project included archival research at the local and regional level, along

This Country Profile on Uzbekistan☐s housing and land management sectors, prepared at the request of the Government of Uzbekistan, is the 18th in the series. The Country Profile programme continues to focus on specific challenges or achievements in the housing and land management sectors that are particularly relevant to the country under review. In the case of Uzbekistan, these issues include housing policies and Government support measures for the construction of housing in rural areas; increased demand for housing of the fast-growing population; and depleted urban infrastructure inherited from the Soviet times.
