The world's best-selling textbook on book-keeping and accounting, Business Accounting Volume 1 continues to provide an indispensable introduction for students and professionals across the globe. It is renowned for clarity, with easy-to-understand language and a plethora of examples to aid your understanding. The 12th edition is updated to be fully compliant with International Financial Reporting Standards (IFRS). Other updates include new coverage of professional ethics, disaster recovery, and over 70 new examples to test your understanding. 'A benchmark for all accounting books.' Sarah Knight, former Finance Courses Coordinator, Huntingdonshire Regional College 'The writing style of the book is "spot-on" and just the right tone - well done! I consider all chapters to be at the appropriate level, very practical and structured in manageable "bite-sized" chunks.' Alison Fox, Lecturer, University of Dundee This title can be supported by MyAccountingLab, an online homework and tutorial system designed to test and build your students understanding.

MyAccountingLab provides a personalised approach, with instant feedback and numerous additional resources to support their learning. For students · A personalised study plan · Worked solutions showing them how to solve difficult problems · An eText for quick reference · Case studies to help them apply what they've learned · Audio animations and videos Use the power of MyAccountingLab to accelerate your students learning.

Beyond the undergraduate and graduate levels, education has traditionally ceased when students enter the workforce as professionals in their respective fields. However, recent trends in education have found that adult students beyond the traditional university age often benefit greatly from returning to further their education. Adult and Continuing Education: Concepts, Methodologies, Tools, and Applications investigates some of the most promising trends in furthering education and professional development in a variety of settings and industries. With an extensive array of chapters on topics ranging from non-traditional students to online and distance education for adult learners, this multi-volume reference book will provide students, educators, and industry professionals with the tools necessary to make the most of their return to the classroom.

Now going into its 9th edition, the successful textbook Book-keeping and Accounts is a vital guide for students undertaking studies of book-keeping and accounting for the first time. Through its gradual introduction of topics, explanation of technical terminology in a clear, easy to understand way, this text provides an accessible and reliable guide for any student in their undergraduate career. New to this edition: · Fully compliant with International Financial Reporting Standards (IFRS), with current IFRS terminology. · Questions and exercises to test your understanding and help with revision. · Selected chapters amended and re-structured. · Full explanation of HMRC changes in VAT relating to cash discounts. · Illustrations and diagrams to help explain key concepts. · Updated 'learning objectives' and 'chapter summaries', to reflect developments in the financial environment · Easy to understand to double entry book-keeping using the 'IN' and 'OUT' approach. With its highly regarded authorship this text is used by lecturers for teaching students undertaking the following qualifications and examinations; Association of Accounting Technicians (AAT), International Association of Book-keepers (IAB), A Level Accounting, Oxford Cambridge and Royal Society of Arts (OCR), and as a general foundation text for personnel employed in the accountancy profession. Accompanying the text is a collection of resources to support both lecturers and students which can be found at [www.pearsoned.co.uk/wood](http://www.pearsoned.co.uk/wood) - For instructors : Solution's manual, and Powerpoint slides - For students : Opportunities to practise and additional support with our companion website
