GRANT HULL

The Illustrated History of Methodism in Great Britain, America, and Australia
 Oxford University Press
 THE CLASSIC HISTORY OF BRITAIN, FULLY UPDATED Roy Strong has written an exemplary introduction to the history of Britain, as first designated by the Romans. It is a brilliant and balanced account of successive ages bound together by a compelling narrative which answers the questions: 'Where do we come from?' and 'Where are we going?' Beginning with the earliest recorded Celtic times, and ending with the present day of Brexit Britain, it is a remarkable achievement. With his passion, enthusiasm and wide-ranging knowledge, he is the ideal narrator. His book should be read by anyone, anywhere,

who cares about Britain's national past, national identity and national prospects. *Black and British: A short, essential history*
 Pan Macmillan
 This book provides a boldly original account of Middle English literature from the Norman Conquest to the beginning of the sixteenth century. It argues that these centuries are, in fundamental ways, the momentous period in our literary history, for they are the long moment in which the category of literature itself emerged as English writing began to insist, for the first time, that it floated free of any social reality or function. This book also charts the complex mechanisms by which English writing acquired this power in a series of linked close readings of both canonical and more obscure texts. It encloses those readings in five compelling accounts of much broader cultural areas, describing, in particular, the productive relationship of

Middle English writing to medieval technology, insurgency, statecraft and cultural place, concluding with an in depth account of the particular arguments, emphases and techniques English writers used to claim a wholly new jurisdiction for their work. Both this history and its readings are everywhere informed by the most exciting developments in recent Middle English scholarship as well as literary and cultural theory. It serves as an introduction to all these areas as well as a contribution, in its own right, to each of them.
An Illustrated History Oxford Illustrated History
 This text is a comprehensive, authoritative, and illustrated history of the Royal Navy from its earliest times to the present day. This edition is updated to include recent operations in the first and second Gulf wars.

The Cambridge Illustrated History of the British Empire Amberley Publishing Limited

A superbly illustrated and richly informative history of the British empire. *From the Romans to the Present* Anova Books

Winner of the Book of the Year, Children's Illustrated and Non-Fiction at The British Book Awards, 2021 Shortlisted for Waterstones Book of the Year 2020 A short, essential introduction to Black British history for readers of 12+ by award-winning historian and broadcaster David Olusoga. When did Africans first come to Britain? Who are the well-dressed black children in Georgian paintings? Why did the American Civil War disrupt the Industrial Revolution? These and many other questions are answered in this essential introduction to 1800 years of the Black British history: from the Roman Africans who guarded Hadrian's Wall right up to the present day. This children's version of the bestseller *Black and British: A Forgotten History* is illustrated with maps, photos and portraits. Macmillan Children's Books will donate 50p from every copy sold to The Black Curriculum. [Middle English Literature](#) Oxford University Press, USA

[The Illustrated History of Britain](#) Penguin Commando tells the story of the development of the Commandos from the courage and tragedy of Dieppe in 1942 to the biggest amphibious landings in history at Normandy on 6 June 1944, as well as the post-war conflicts in Palestine, Suez, Malaya, Cyprus, Borneo, the Falklands, Northern Iraq and Ulster. A final chapter brings the account fully up-to-date, as it discusses the role of the Commandos in Afghanistan following the terrible events of September 11th. David Reynolds documents the development in the twenty-first century of Britain's Royal Marine Commandos as a key element of the UK's rapid deployment force. Equipped with new assault ships and a purpose-built helicopter carrier, the green berets are on permanent readiness for operations anywhere in the world. They are, in essence, Britain's 'masters of flexible response'.

From the Days of the Wesleys to the Present Time Oxford University Press, USA All ten books in the 'Usborne History of Britain' series, beautifully presented in an attractive, sturdy slip case.

Georgian Britain experienced a cultural renaissance in the form of the Enlightenment, the establishment of an empire & the beginning of the first industrial revolution.

The Penguin Illustrated History of Britain & Ireland Oxford University Press

Simon Schama brings Britain to life through its portraits, as seen in the five-part BBC series *The Face of Britain* and the major National Portrait Gallery exhibition *Churchill and his painter* locked in a struggle of stares and glares;

Gainsborough watching his daughters run after a butterfly; a black Othello in the nineteenth century, the poet-artist

Rossetti trying to capture on canvas what he couldn't possess in life, a surgeon-artist

making studies of wounded faces brought in from the Battle of the Somme; a naked

John Lennon five hours before his death. In the age of the hasty glance and the selfie,

Simon Schama has written a tour de force about the long exchange of looks from

which British portraits have been made over the centuries: images of the modest

and the mighty; of friends and lovers; heroes and working people. Each of them -

the image-maker, the subject, and the rest of us who get to look at them - are brought

unforgettably to life. Together they build into a collective picture of Britain, our past

and our present, a look into the mirror of our identity at a moment when we are

wondering just who we are. Combining his two great passions, British history and art

history, for the first time, Schama's extraordinary storytelling reveals the truth

behind the nation's most famous portrayals of power, love, fame, the self,

and the people. Mesmerising in its breadth and its panache, and beautifully

illustrated, with more than 150 images from the National Portrait Gallery, *The Face of Britain* will change the way we see

our past - and ourselves.

Offers profiles of Britain's royalty of the past and present, and traces changes in the role of the British monarchy

An Illustrated History of Britain Oxford Illustrated Histories

Numerous illustrations, maps, and genealogies illuminate the often murky period ranging from the fall of Rome to the dawn of the Renaissance, with discussions of religious, political, economic, and social movements.

An Illustrated History of British Theatre and Performance Penguin Global

With a mix of serious research and family jokes old union rep, Joe, and his granddaughter, Arushi, go into the complicated history, the ideological battles, the class conflict, a consideration of what unions are for, and what the future of unions may be. Starting way back with the 14th-century Peasants' Revolt, taking in the Levellers and the Luddites, the expansion of the unions in the 19th century, the height of their power in the '70s, and the great conflicts and decline of the '80s.

The Sword in Britain Pan Macmillan

This beautiful hardback gift book is a stunning visual journey through Black British history for younger readers by award-winning historian and broadcaster David Olusoga and illustrated by Jake Alexander and Melleny Taylor. The essential starting place for anyone who wants to learn about Black British History. David Olusoga's thought provoking text charts the forgotten histories of Black people in Britain from Roman times right through to the present day. From Roman Africans guarding Hadrian's Wall, to an African trumpeter in the court of Henry the Eighth, Black Georgians fighting for the abolition of slavery, Black soldiers fighting for Britain in the First World War, Windrush and right up today. These are the stories that brought us all together in this country. When did Africans first come to Britain? Who are the well-dressed black children in Georgian paintings? Why did the American Civil War disrupt the Industrial Revolution? These and many other questions are answered in this essential introduction to 1800 years of the Black British history. This children's edition of the bestseller *Black and British: A Forgotten History* is beautifully illustrated in full-colour with maps, portrait galleries, timelines, photos and portraits.

The Face of Britain Routledge

Examines political, economic, social, and culture changes in Great Britain from Roman times to the present.

[The Definitive Visual Guide](#) Sutton Pub Limited

An introduction to medieval England surveying the years from the departure of the Roman legions to the Battle of Bosworth covers England's social, cultural, political, and religious life during the Middle Ages.

An Illustrated History of Britain Shaped by the People British Heritage Press

The United Kingdom has not yet lasted as long as the Kingdom of Wessex, and may not do so. Conventional histories of Britain, though, tell the story of the origins of the UK as if that was the natural endpoint of political development on the island. Here, Michael Braddick sets out to do something else—to ask how people in the past used political power to get things done. Offering

a concise thematic overview, it shows how history can speak directly to current political debates. Many people feel that national governments are irrelevant to their lives and that the problems we now face are beyond our control—climate change, disease and global economic regulation for example. But much of this is not new. The ideas and challenges driving political life have always affected larger parts of the globe: British experience has always been part of a shared and parallel global history, often directly linked by institutions reaching well beyond the island. On the other hand, throughout the last 6000 years people have acted at smaller scales too. What we really have in common with previous inhabitants of this

island is the ambition to use political power to get things done, not a shared destiny culminating in government based in Westminster. This book sets out to learn more broadly from their experience, giving us a much fuller perspective on where we are now. Just as importantly, it gives us more resources for thinking about what we might do next.

History of Britain and Ireland Workable Books

This book provides an easy to understand overview of British History in 50 Events. Inside you will learn about... - The Foundation of London - The Great Viking Invasion - The Battle of Hastings - The Black Death - The Battle of Waterloo - The Last Public Hanging And much more!
