BALLARD HARPER

Jewish Daily Life in Germany, 1618-1945
Jessica Kingsley Publishers

Reveals nostalgia as a new way of maintaining Jewish continuity In 2007, the Museum at Eldridge Street opened at the site of a restored nineteenth-century synagogue originally built by some of the first Eastern European Jewish immigrants in New York City. Visitors to the museum are invited to stand along indentations on the floor where footprints of congregants past have worn down the soft pinewood.

Here, many feel a palpable connection to the history surrounding them. Beyond the Synagogue argues that nostalgic activities such as visiting the Museum at Eldridge Street or eating traditional Jewish foods should be understood as American Jewish religious practices. In making the case that these practices are not just cultural, but are actually religious, Rachel B. Gross asserts that many prominent sociologists

and historians have mistakenly concluded that American Judaism is in decline, and she contends that they are looking in the wrong places for Jewish religious activity. If they looked outside of traditional institutions and practices, such as attendance at synagogue or membership in Jewish Community Centers, they would see that the embrace of nostalgia provides evidence of an alternative, under-appreciated way of being Jewish and of maintaining Jewish continuity. Tracing American Jews' involvement in a broad array of ostensibly nonreligious activities, including conducting Jewish genealogical research, visiting Jewish historic sites, purchasing books and toys that teach Jewish nostalgia to children, and seeking out traditional Jewish foods, Gross argues that these practices illuminate how many American Jews are finding and making meaning within American Judaism today. [A Meeting of Civilizations](#) Rowman & Littlefield
Fackenheim's Jewish Philosophy explores the most important themes of Fackenheim's philosophical and religious thought and how these remained central, if not always in immutable ways, over his

entire career.

How Changing World Demographics Affects Your Investments and Careers

University of Toronto Press

This book is the first in-depth ethnography to investigate why some Charismatic Evangelical groups are gradually embracing Orthodox Jewish rituals and lifestyles while still preserving Christian symbols and practices. Drawing upon extensive fieldwork in Brazil, the book theorizes the reasons behind this emerging Judaizing trend in World Christianity. The book also considers broader questions regarding contemporary women's attraction to gender-traditional religions.

In this ebook download of *Walking in the Dust of Rabbi Jesus*, Lois Tverberg challenges readers to follow their Rabbi more closely by re-examining his words in the light of their Jewish context. Doing so will provide a richer, deeper understanding of his ministry, compelling us to live differently, to become more Christ-like. We'll begin to understand why his first Jewish disciples abandoned everything to follow him, to live out his commands. Our

modern society, with its individualism and materialism, is very different than the tight-knit, family-oriented setting Jesus lived and taught in. What wisdom can we glean from his Eastern, biblical attitude toward life? How can knowing Jesus within this context shed light on his teachings for us today? In *Walking in the Dust of Rabbi Jesus* we'll journey back in time to eavesdrop on the conversations that arose among the rabbis of Jesus' day, and consider how hearing Rabbi Jesus with the ears of a first-century disciple can bring new meaning to our faith. And we'll listen to Jewish thinkers through the ages, discovering how ideas that germinated in Jesus' time have borne fruit over time. Doing so will yield fresh, practical insights for following our Rabbi's teachings from a Jewish point of view.

Winner of the 2017 American Jewish Historical Society's Saul Viener Book Prize Although fewer American Jews today describe themselves as religious, they overwhelmingly report a strong sense of belonging to the Jewish people. Indeed, Jewish peoplehood has eclipsed religion—as well as ethnicity and nationality—as the essence of what binds Jews around the globe to one another. In *Jewish Peoplehood*, Noam Pianko highlights the current significance and future relevance of “peoplehood” by tracing the rise, transformation, and return of this novel term. The book tells the surprising story of peoplehood. Though it evokes a sense of timelessness, the term actually emerged in the United States in the 1930s, where it was introduced by

American Jewish leaders, most notably Rabbi Stephen Wise and Rabbi Mordecai Kaplan, with close ties to the Zionist movement. It engendered a sense of unity that transcended religious differences, cultural practices, geographic distance, economic disparity, and political divides, fostering solidarity with other Jews facing common existential threats, including the Holocaust, and establishing a closer connection to the Jewish homeland. But today, Pianko points out, as globalization erodes the dominance of nationalism in shaping collective identity, Jewish peoplehood risks becoming an outdated paradigm. He explains why popular models of peoplehood fail to address emerging conceptions of ethnicity, nationalism, and race, and he concludes with a much-needed roadmap for a radical reconfiguration of Jewish collectivity in an increasingly global era. Innovative and provocative, *Jewish Peoplehood* provides fascinating insight into a term that assumes an increasingly important position at the heart of American Jewish and Israeli life. WINNER OF THE 2016 JEWISH BOOK COUNCIL AWARD FOR CONTEMPORARY JEWISH LIFE AND PRACTICE An inspiring and accessible guide, drawn from Jewish wisdom, for building the inner qualities necessary to work effectively for social justice. The world needs changing—and you're just the person to do it! It's a matter of cultivating the inner resources you already have. If you are serious about working for social justice and change, this book will help you bring your most compassionate, wise, and courageous self to the job. Bringing positive social change to any system takes deep self-awareness, caring, determination, and long-term commitment. But polarization, the slow pace of change, and internal conflicts among activists and organizations often leads to burnout and discouragement among the very people needed to make a difference. Changing the World from the Inside Out distills centuries of Jewish wisdom about cultivating and refining the inner life into an accessible program for building the qualities necessary to accomplish sustainable change. Through explorations of deep motivation, inner-drive, and traits like trust and anger, this

book engages the reader in a journey of self-development and transformation, demonstrating that sustainable activism is indeed a spiritual practice. Jaffe offers accessible and meaningful guidance for this journey—with exercises, contemplations, and discussion points that can be used individually or in a group. I AM: A Journey in Jewish Faith KTAV Publishing House, Inc. "Magisterial. . . . A learned, brilliant and enjoyable study."—Géza Vermès, Times Literary Supplement In this exciting book, Paula Fredriksen explains the variety of New Testament images of Jesus by exploring the ways that the new Christian communities interpreted his mission and message in light of the delay of the Kingdom he had preached. This edition includes an introduction reviews the most recent scholarship on Jesus and its implications for both history and theology. "Brilliant and lucidly written, full of original and fascinating insights."—Reginald H. Fuller, Journal of the American Academy of Religion "This is a first-rate work of a first-rate historian."—James D. Tabor, Journal of Religion "Fredriksen confronts her documents—principally the writings of the

New Testament—as an archaeologist would an especially rich complex site. With great care she distinguishes the literary images from historical fact. As she does so, she explains the images of Jesus in terms of the strategies and purposes of the writers Paul, Matthew, Mark, Luke, and John."—Thomas D'Evelyn, Christian Science Monitor The Jewish World in the Modern Age Maggid In Jewish Faith and Modern Science, renowned Jewish philosopher and rabbi Norbert Samuelson argues that modern Jewish philosophy has died—that it has failed to address the challenges to traditional beliefs posed by scientific advances, and is therefore no longer relevant to Jews today. Samuelson confronts these challenges head-on, critically reflecting on how all of the forms of contemporary Judaism, from orthodox to liberal to secular to new age, can address questions raised by the latest scientific advances. Considering questions ranging from the existence of the soul, to the relationship between God and particle physics, to the debate over when life begins and ends, Samuelson paves the

way for a rebirth of Jewish philosophy applicable to life in the modern world.

Discover A Life Filled With Purpose And Joy Through The Secrets Of Jewish Wisdom Fairleigh Dickinson Univ Press

A comprehensive, interdisciplinary account of the major thinkers and movements in modern Jewish thought, in the context of general philosophy and Jewish social-political historical developments. Volume 1 (of 5) covers the period from Spinoza through the Enlightenment.

One of the best-kept religious secrets has been the revolution that has been quietly taking place within Judaism over the last two decades, as it has sought to grapple with contemporary issues. These include mixed-faith marriages, gay relationships, women's empowerment, declining numbers, atheism and being trans. It has involved a willingness to abandon biblical laws that conflict with modern values. Most ground-breaking of all, it has meant re-defining what it means to be Jewish in the 21st century. Inclusive Judaism not only uncovers this religion revolution, but presents a challenge to all people of faith

on how best to marry tradition and modernity. The book also reflects the soul-searching that has prompted rabbis to chart a new course, both out of principle and as a practical way of rescuing British Jewry from possible collapse if it did not adapt to the new social trends that affect us all.

The Jewish Chinese Nexus explores through a collection of articles the nexus between two of the oldest, intact, starkly contrasting and most interesting civilizations on earth; Jews and Chinese. This volume studies how they are interacting in modernity; how they view each other and what areas of cooperation are evolving between their scholars, activists and politicians and what talents, qualities and social assets are being recognized on each side for the purpose of cooperation and exchange. Featuring contributions from some of the most important scholars and activists from China and from around the Jewish Diaspora, the essays purview China related themes including the fascination of

Chinese with Jews and Judaism and its potential value in Chinese national and religious reconstruction; religious and ethnic identity; East - West interactions. It deals with the growing Jewish community in China and its impact as well as the development of Jewish studies in China and the translation of Jewish texts into Chinese and their impact. The work is a first of its kind, identifying an emerging meeting point between these two people and arguing that despite the giant contrasts in their national constructs they have nonetheless other important patterns and themes in common which pave the way for fruitful cooperation and mutual respect.

[Jewish Faith in America](#) Oxford University Press

"Modern Jewish thought" is often defined as a German affair, with interventions from Eastern European, American, and Israeli philosophers. The story of France's development of its own schools of thought has not been substantially treated outside the French milieu. This anthology of modern French Jewish writing offers the first look at how this significant and diverse body of work developed within the

historical and intellectual contexts of France and Europe. Translated into English, these documents speak to two critical axes--the first between Jewish universalism and particularism, and the second between the identification and disidentification of French Jews with France as a nation. Offering key works from Simone Weil, Vladimir Jankélévitch, Emmanuel Levinas, Albert Memmi, Hélène Cixous, Jacques Derrida, and many others, this volume is organized in roughly chronological order, to highlight the connections linking religion, politics, and history, as they coalesce around a Judaism that is unique to France.

The Jewish-Chinese Nexus KTAV Publishing House, Inc.

Jewish society in the Ottoman Empire has not been the subject of systematic research. The seventeenth century is the main object of this study, since it was a formative era. For Ottoman Jews, the 'Ottoman century' constituted an era of gradual acculturation to changing reality, parallel to the changing character of the Ottoman state. Continuous changes and developments shaped anew the character of this Jewry, the core of what would later

become known as 'Sephardi Jewry'. Yaron Ben-Naeh draws from primary and secondary Hebrew, Ottoman, and European sources, the image of Jewish society in the Ottoman Empire. In the chapters he leads the reader from the overall urban framework to individual aspects. Beginning with the physical environment, he moves on to discuss their relationships with the majority society, followed by a description and analysis of the congregation, its organization and structure, and from there to the character of Ottoman Jewish society and its nuclear cell - the family. Special emphasis is placed throughout the work on the interaction with Muslim society and the resulting acculturation that affected all aspects and all levels of Jewish life in the Empire. In this, the author challenges the widespread view that sees this community as being stagnant and self-segregated, as well as the accepted concept of a traditional Jewish society under Islam.

Twenty-one writers document the diverse representations and roles of Jewish women in American literature and culture.

An Introduction Jerry Stokes

I AM: A Journey in Jewish Faith is a spiritual/theological meditation on the Shema, the biblical statement of God's oneness that rests in the heart of the Jewish people. Through poetry and prose, Rabbi Eron uses the words of the Shema—"Listen carefully all you people of Israel, the Eternal is our God, the Eternal alone!"—and the three biblical passages that follow it in the Jewish worship service to explore and express a contemporary understanding of the ties that bind each of us and God together. The two fundamental themes of the Shema—declaration of the oneness of God and proclamation that people and God are in a relationship—anchor Eron's presentation of a deeply spiritual expression of monotheistic faith from a modern Jewish perspective. As we discover ourselves as unique individuals, we open our hearts

and minds to the God who, like ourselves,
is unique. This powerful symmetry

provides the foundation upon which we
can build the lasting and sustaining
relationships that connect us not only to

God but also to each other and to all
creation.
