Warren Buffett and the Interpretation of Financial Statements

Harper Collins

It takes 20 years to build a reputation and five minutes to ruin it. If you think about that, you'll do things differently. Losers leave the field after failing. Winners keep failing until they achieve success. Warren Buffet keeps looking for persons who are self motivated. He says, "Even if I don't get any money, I and Charlie would be quite happy with our wonderful job".

[Buffett](#) Random House

Since the 1950s, Warren Buffett and his partners have backed some of the twentieth century's most profitable, trendsetting companies. But how did they know they were making the right investments? What did Buffet and his partners look for in an up-and-coming company, and how can others replicate their approach? A gift to Buffett followers who have long sought a pattern to the investor's success, *Inside the Investments of Warren Buffett* presents the most detailed analysis to date of Buffet's long-term investment portfolio. Yefei Lu, an experienced investor, starts with Buffett's interest in the Sanborn Map Company in 1958 and tracks nineteen more of his major investments in companies like See's Candies, the Washington Post, GEICO, Coca-Cola, US Air, Wells Fargo, and IBM. Accessing partnership letters, company documents, annual reports, third-party references, and other original sources, Lu pinpoints what is unique about Buffett's timing, instinct, use of outside knowledge, and postinvestment actions, and he identifies what could work well for all investors in companies big and small, domestic and global. His substantial chronology accounts for broader world events and fluctuations in the U.S. stock market, suggesting Buffett's most important trait may be the breadth of his expertise. *Timeless Indian Wisdom for Business Leaders* Incorporated Original

Warren Buffett is the most famous investor of all time and one of today's most admired business leaders. He became a billionaire and investment sage by looking at companies as businesses rather than prices on a stock screen. The first two editions of *The Warren Buffett Way* gave investors their first in-depth look at the innovative investment and business strategies behind Buffett's spectacular success. The new edition updates readers on the latest investments by Buffett. And, more importantly, it draws on the new field of behavioral finance to explain how investors can overcome the common obstacles that prevent them from investing like Buffett. New material includes: How to think like a long-term investor - just like Buffett Why "loss aversion", the tendency of most investors to overweight the pain of losing

money, is one of the biggest obstacles that investors must overcome. Why behaving rationally in the face of the ups and downs of the market has been the key to Buffett's investing success Analysis of Buffett's recent acquisition of H.J. Heinz and his investment in IBM stock The greatest challenge to emulating Buffett is not in the selection of the right stocks, Hagstrom writes, but in having the fortitude to stick with sound investments in the face of economic and market uncertainty. The new edition explains the psychological foundations of Buffett's approach, thus giving readers the best roadmap yet for mastering both the principles and behaviors that have made Buffett the greatest investor of our generation.

[Warren Buffett Book of Investing Wisdom](#) John Wiley & Sons Applied Psychology: Making Your Own World author: Warren Hilton The other aspect of the Sense-Perceptive Process has to do with the mental interpretation of environment. Both these aspects are distinctly practical. You should know something of the weaknesses and deficiencies of the sense-perceptive organs, because all your efforts at influencing other men are directed at their organs of sense. You should understand the relationship between your mind and your environment, since they are the two principal factors in your working life. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

In the past eighteen months, investors have seen rapid, often intimidating changes in the stock market-tech stocks have soared and crashed and assets that shifted away from traditional blue chip companies have quickly shifted back again. In spite of this volatility however, there has been one constant: Warren Buffet's value investing strategies make money. In *BUFFETOLOGY*, Mary Buffet and David Clark unveiled the analysis techniques that made Warren Buffet the billionaire and investment icon he is today. Now in this companion workbook, the authors explain Buffet's system of business perspective investing, focusing on specific mathematical ratios and calculations. Written in clear, easy-to-understand language, *THE BUFFETTOLOGY WORKBOOK*

offers everyone with or without an Internet connection the tools they'll need to apply the same kind of value analysis to readily available financial data that Warren Buffet does.

The Making of an American Capitalist Gardner Books From composer, musician, philanthropist--and son of Warren Buffett--comes a warm, wise, and inspirational book that expounds on the strong set of values given to him by his trusting and broadminded mother, his industrious and talented father, and the many life teachers he has met along the way.

A collection of the inspiring words and wisdom from America's favorite businessman that reveal his secrets of success from the bestselling authors of *Buffettology* and *The New Buffettology*. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In *The Tao of Warren Buffett*, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." *The Tao of Warren Buffett* inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic.

Warren Buffett's Words of Wisdom: Quotations and Interpretations to Help Guide You to Billionaire Wealth and Enlightened Business Management Prabhat Prakashan

Social Value Investing presents a new way to approach some of society's most difficult and intractable challenges. Although many of our world's problems may seem too great and too complex to

solve — inequality, climate change, affordable housing, corruption, healthcare, food insecurity — solutions to these challenges do exist, and will be found through new partnerships bringing together leaders from the public, private, and philanthropic sectors. In their new book, Howard W. Buffett and William B. Eimicke present a five-point management framework for developing and measuring the success of such partnerships. Inspired by value investing — one of history's most successful investment paradigms — this framework provides tools to maximize collaborative efficiency and positive social impact, so that major public programs can deliver innovative, inclusive, and long-lasting solutions. It also offers practical insights for any private sector CEO, public sector administrator, or nonprofit manager hoping to build successful cross-sector collaborations. Social Value Investing tells the compelling stories of cross-sector partnerships from around the world — Central Park and the High Line in New York City, community-led economic development in Afghanistan, and improved public services in cities across Brazil. Drawing on lessons and observations from a broad selection of collaborations, this book combines real life stories with detailed analysis, resulting in a blueprint for effective, sustainable partnerships that serve the public interest. Readers also gain access to original, academic case material and professionally produced video documentaries for every major partnership profiled — bringing to life the people and stories in a way that few other business or management books have done.

A Management Framework for Effective Partnerships Business Plus

In Warren Buffett: Inside the Ultimate Money Mind, Hagstrom breaks new ground with a deep analysis of Buffett's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. Warren Buffett: Inside the Ultimate Money Mind explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind — sportsman, teacher, and artist. In short, Warren Buffett: Inside the Ultimate Money Mind helps readers understand the building blocks that go into making a Money Mind so they can begin to incorporate its principles in the service to a life of value. Testimonials "An erudite masterpiece..." -Lawrence A. Cunningham, author; professor and director, Quality Shareholders Initiative, George Washington University "It's another must-read..." -Bethany McLean, journalist and Contributing Editor, Vanity Fair, author, Saudi America and co-author The Smartest Guys in the Room "Pure Genius! This is a game changer in investment books..." -Robert P. Miles, author; Executive in Residence, University of Nebraska at Omaha, Executive MBA Program, "The Genius of Warren Buffett" "Effervescence and thoughtful analysis of Buffett's life and work..." -Tom Gayner, Co-chief Executive Officer, Markel Corporation "Hagstrom's books always enable readers to think about the world in new ways..." -Tren Griffin, author, Charlie Munger: The Complete Investor

The Snowball Wiley

Warren Buffett built Berkshire Hathaway into something remarkable— and Fortune journalist Carol Loomis had a front-row seat for it all. When Carol Loomis first mentioned a little-known

Omaha hedge fund manager in a 1966 Fortune article, she didn't dream that Warren Buffett would one day be considered the world's greatest investor—nor that she and Buffett would quickly become close personal friends. As Buffett's fortune and reputation grew over time, Loomis used her unique insight into Buffett's thinking to chronicle his work for Fortune, writing and proposing scores of stories that tracked his many accomplishments—and also his occasional mistakes. Now Loomis has collected and updated the best Buffett articles Fortune published between 1966 and 2012, including thirteen cover stories and a dozen pieces authored by Buffett himself. Loomis has provided commentary about each major article that supplies context and her own informed point of view. Readers will gain fresh insights into Buffett's investment strategies and his thinking on management, philanthropy, public policy, and even parenting. Some of the highlights include: The 1966 A. W. Jones story in which Fortune first mentioned Buffett. The first piece Buffett wrote for the magazine, 1977's "How Inflation Swindles the Equity Investor." Andrew Tobias's 1983 article "Letters from Chairman Buffett," the first review of his Berkshire Hathaway shareholder letters. Buffett's stunningly prescient 2003 piece about derivatives, "Avoiding a Mega-Catastrophe." His unconventional thoughts on inheritance and philanthropy, including his intention to leave his kids "enough money so they would feel they could do anything, but not so much that they could do nothing." Bill Gates's 1996 article describing his early impressions of Buffett as they struck up their close friendship. Scores of Buffett books have been written, but none can claim this work's combination of trust between two friends, the writer's deep understanding of Buffett's world, and a very long-term perspective.

Applied Psychology HarperCollins

Praise for *Damn Right!* From the author of the bestselling WARREN BUFFETT SPEAKS. . . "Charlie Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that others don't. There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the iconoclastic genius and subtle charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE CUNNINGHAM, Cardozo Law School, Author of *The Essays of Warren Buffett: Lessons for Corporate America* "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger." -ROBERT G. HAGSTROM, Author of *The Warren Buffett Way* "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." -RONALD L. OLSON, Munger, Tolles & Olson LLP "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that investors, academics, and CEOs will find entertaining and highly useful." -TIMOTHY P. VICK, Money Manager and Author of *How to Pick Stocks Like Warren Buffett*

The Search for the Company with a Durable Competitive Advantage Penguin

In an anticipated book on business management for our time, Jack Welch surveys the landscape of his career running General Electric, one of the world's largest and most successful corporations. Here he reveals his philosophy and management style.

Confessions of a Street Addict John Wiley & Sons

Two investing titans, their lives closely intertwined. Now, this ground-breaking book seeks to pull back the curtain on their lesser known early years and give a powerful view of why these men grew to be the influential powerhouses they are today. Inside

this detailed account of the greatest investing duo who ever lived, you'll discover everything from their upbringings and family lives to the investing deals that mark their careers. From Warren's rocky start in life and his rise to financial fame, to the key partnerships which formed the duo that shook the world, you'll learn about their key roles in company wars, the partnerships that let businesses rise to glory, and how their investments shaped the corporate world. But aside from the success stories, you'll also get a chance to read about the mistakes and troubles that impacted their careers - along with how they overcame them all. From ill health and the 2008 housing crash to the countless ups and downs of their careers, this incredible account of Warren and Charlie's lives is a testament to how these men persevered against all hardship to cement their places in financial history, along with the life lessons they learned along the way. Covering the lives of Warren's forefathers and the events which shaped the family, buy now and discover the secrets of why these men are known as the greatest investing duo ever!

Life Is What You Make It John Wiley & Sons

The Making of an American Capitalist Random House

One Thousand Ways to Make \$1000 A&C Black

Describes the investment strategies of the world's most famous stock investor, recounting how he made a fortune by purchasing pieces of outstanding companies since the early 1980s

Warren Buffett Simon and Schuster

Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 *The Snowball* is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, *The Snowball* is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. *The Snowball* provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.

Investment Strategies of the World's Greatest Investor Penguin

A tour of Wall Street in the tradition of *Liar's Poker* also traces the life and career of the author, the co-founder of *TheStreet.com* and *Smart Money* magazine, from his Philadelphia childhood through his exploits as a financial journalist. Reprint. 60,000 first printing. *Secrets from the Berkshire Hathaway Managers* Rupa Publication

A portrait of the life and career of investment guru Warren Buffett sheds new light on the man, as well as on the work, ideas, business principles, strategies, and no-nonsense insights that have guided his phenomenally successful business endeavors.

THE MAKING OF THE GREATEST Bantam

The Higher Reality of Business The health of business is inextricably linked with the health of humanity and nature. But our current approaches to leadership treat business as entirely separate—and the result has been recurring economic, environmental, and human crises. In this extraordinary book, Ram Nidumolu uses evocative parables and stories from the ancient Indian wisdom texts, the Upanishads, to introduce Being-centered leadership. This new kind of leadership is anchored in the concept of Being, the fundamental reality that underlies all phenomena. Being-centered leaders are guided by an innate sense of interconnection—the good of the whole becomes an integral part of their decisions and actions. Using the experiences of over twenty trailblazing CEOs, as well as those from his own life, Nidumolu describes a four-stage road map every aspiring leader can use to reconnect business to the wider world—to the benefit of all.
