### **1001 TV Series** Pier 9

Sure, everyone's seen The Rocky Horror Picture Show, The Texas Chain Saw Massacre, and Attack of the Killer Tomatoes. But as you'll learn in this shockingly tasteless collection of great awful movies, there's so much more to the

world of truly bad film. You'll dive into the steaming swamp of such disastrously delicious movies as: Young Hannah, Queen of the Vampires Puppet Master versus Demonic Toys Creature with the Atom Brain Cannibal Holocaust Jesus Christ, Vampire Hunter For each movie, film buff and reviewer Steve Miller includes a list of principal cast, director, producer, a plot overview, why the movie sucked, a rating, choice quotes, interesting trivia, and a quiz. For anyone who's ever enjoyed awful

movies, this is the book to have on the couch, along with the popcorn, as the opening credits flash on the screen for Gingerdead Men 2: The Passion of the Crust.

**501 Must-see Movies** NewSouth Books  
Whether it be internal demons, real-life vampires, anonymous serial killers, crazed spouses, vengeful ghosts or Satan himself, horror films have gripped audiences and filmmakers alike since the very beginnings of cinema. Prepare to be terrified,

fascinated and enthralled as you take this whirlwind tour of the 101 horror films you must see before you die. *101 Horror Films You Must See Before You Die* gives you a thorough appreciation of the genre, because it approaches the subject chronologically. You'll move through gothic classics like James Whale's *The Old Dark House* (1932) and Terence Fisher's *Dracula* (1958), to zombie movies like *Dawn of the Dead* (1978) and *28 Days Later* (2002). All the sub-genres are covered too, from *Eyes Without a Face* (mad scientist) and *The Howling* (werewolf) to *Nightmare on Elm Street* (slasher) and *The Silence of the Lambs* (serial killer). And you'll learn that it's not just American teenagers who are horror-film fodder. There are classic horror films from Japan (*Onibaba*), Russia (*Vij*), Italy (*Suspiria*), France (*Les Diaboliques*), Belgium (*Man Bites Dog*), Germany (*M*), and the Netherlands (*The Vanishing*). Immerse yourself in the most compelling of movie genres. Prepare to be possessed - and whatever you do, don't answer the phone...

A powerful score can make a movie truly extraordinary. The alchemy between composer and director creates pure cinematic magic, with songs and melodies that are recognizable and memorable. So what is their secret? *Saturday Night at the Movies* goes behind the scenes to reveal 12 remarkable partnerships, and how they have created the music that has moved millions. Discover how these collaborations began and what makes them so effective:

the dynamic personalities, the creative chemistry, the flashes of genius. The best scores come from sound and image working together to bring the director's vision to life, but many scores also stand alone as towering achievements of composition that have shaped the face of modern music. Featuring such luminaries as Alfred Hitchcock and Bernard Herrmann, Christopher Nolan and Hans Zimmer, and James Horner and James Cameron, this book explores the creation of film favorites such as *Back to the Future*, *Fargo*, *Edward Scissorhands* and many more.

The British colony of West Florida—which once stretched from the mighty Mississippi to the shallow bends of the Apalachicola and portions of what are now the states of

Florida, Alabama, Mississippi, and Louisiana—is the forgotten fourteenth colony of America's Revolutionary era. The colony's eventful years as a part of the British Empire form an important and compelling interlude in Gulf Coast history that has for too long been overlooked. For a host of reasons, including the fact that West Florida did not rebel against the British Government, the colony has long been dismissed as a loyal but inconsequential fringe outpost, if considered at all. But the colony's history showcases a tumultuous political scene featuring a halting attempt at instituting representative government; a host of bold and colorful characters; a compelling saga of struggle and perseverance in the pursuit of financial stability; and a dramatic series of battles on land and water which brought about the end of its days under the Union Jack. In *Fourteenth Colony*, historian Mike Bunn offers the first comprehensive history of the colony, introducing readers to the Gulf Coast's remarkable British period and putting West Florida back in its rightful place on the map of Colonial America.

### You Die Touchstone

The portrait of a very young Bob Dylan on the cover of 'The Times They Are a Changin' is probably one of the most recognizable and famous album covers of all time. Photographer Barry Feinstein took that photo, as well as many more of Dylan throughout his career. His images have been published throughout the world many times over, and have become synonymous with our perceptions of that place and time in rock and folk music history. Inspired by a series of photographs that Feinstein took in Hollywood during the 1950s and 60s, Bob Dylan wrote an extraordinary series of poems that have remained unpublished for decades. They are thought-provoking, witty and erudite observations of the world; through the lens of Feinstein's photographs, they speak volumes about the anonymous faces and places of Los Angeles, and offer wry commentary on images of stars and legends in the neighbourhood at the time. Photos of Frank Sinatra, Marlene Dietrich, Judy Garland float through the book, as do poignant images of starlets, casting couches, employment agencies and palm

tree'd boulevards. Feinstein was there with a camera to capture some world-famous events, such as Marilyn Monroe's memorial service, and he photographed the forgettable moments, preserving them perfectly and timelessly. Bob Dylan's unsettling and distinctly unique perspective informs and enlivens every page, an irresistible interpretive voice narrating the visual images from photo to photo.

The definitive behind-the-scenes history of one of Hollywood's most closely guarded cinematic secrets finally revealed—painted backdrops and the scenic artists who brought them to the big screen. In almost every feature film of Hollywood's golden age, from *The Wizard of Oz* to *North by Northwest* to *Cleopatra* to *The Sound of Music*, painted backings have convinced moviegoers that what they are seeing—whether the fantastic roads of Oz, the presidents of Mount Rushmore, or ancient Egyptian kingdoms—is absolutely real. These backings are at once intended to transport the audience and yet remain unseen for what they really are. *The Art of the Hollywood Backdrop* reveals the hidden world and creators of these masterpieces, long-guarded as a special effects secret by the major studios such as MGM, Warner Brothers, Universal, Columbia, 20th Century Fox, and Paramount. Despite the continued use of hand-painted backings in today's films,

including the big-budget *Interstellar* and Lemony Snicket's *A Series of Unfortunate Events* among many others, digital technology is beginning to supplant the art form. In an effort to preserve the irreplaceable knowledge of scenic masters, Karen Maness and Richard Isackes, in collaboration with the Art Directors Guild, have compiled a definitive history of the craft, complete with interviews of the surviving artists. This is a rich undiscovered history—a history replete with competing art departments, dynastic scenic families, and origins stretching back to the films of Méliès, Edison, Sennett, Chaplin, and Fairbanks. Filled cover to cover with over 300 images, *The Art of the Hollywood Backdrop* is beautifully packaged as a hardcover book with slipcase.
