## **NADIA ARMSTRONG**

---

Sacred Darkness University Press of Colorado

From one of Scandinavia's most innovative writers, a shimmering journey into the absurd phenomenality of family life - and the human microbiome Adorable is a haunting, transmudane portrait of a young family told in four parts, in Copenhagen and London. The love between B and Q is tender but worn. When their daughter Æ is born, the everyday lights up in a new way. In its second part, the dead are animated in B's brain. When B's father dies, the news is delivered to her by phone and an essayistic, collagist meditation on death and transmission ensues. And then, it's finally Friday. B and Q descend below the living room floor and wander through a cracked and skittish underworld. In Ida Marie Hede's porous world, which is our world too, grime, bacteria, and even death are intimately bound up with health and renewal. Fusing the commonplace and the profound, the material and the spiritual, the elegiac and the conceptual, Adorable powerfully insists that it is impossible to tell where death and life begin or end. Praise for Adorable Ida Marie Hede's Adorable is this incredible, tiny, undead person you can possess and make mouth subconscious astonishments. The transubstantiation of book to wet undead joy comes from Hede's use of words for feelings and experiences fantastically resistant to representation. In its vivid wrangle, Hede's language blooms into dazzling gratuity by anaphoric increments, as it laps hungrily at death and toddlers and shit and grief

and slime and herself. The whole thing glistens and then spontaneously incorporates - Ed Atkins A teeming, fluid book wet with leaking bodies, influences, concerns, memories, moods. Hede's defamiliarising creation brims over with love and broaches our consciousness, making our own world hot and sticky. Viscerally apt reading for the fraught era we find ourselves in: obsessed with contagion and encroachment, yet besotted with connection and touch - Jen Calleja Adorable pulls us between wanting to live and having to die, between child found and parent lost, feeling from inside Hede's brain-womb all that hide and seek within the concaves of living rooms, telephone calls, and other skins. An urgent, brutally tactile novel that grows boundless in the mind, Adorable achieves life - Mara Coson The reality of bodily fluids is so incisive that what first seems shocking becomes part of the narrative arc, the language of a strange other world. Is the setting of the book B's belly or her brain? Only a fool would separate the two in Hede's prose - Full Stop Adorable is the story of B, Q and their daughter Æ -- one that transcends countries, genres, and is drawn with charm and poetry. Hede's analyses are profound and intellectual. She is unafraid to unpick the grotesqueness of humanity, coupling her descriptions with delicate observations on love and family. A fascinating and gripping read - Lunate Adorable is a lovely, creative take on both life and death - strikingly and effectively earthy, but also beautiful in its spun-out fantasies. It impresses particularly in its descriptions of young(est) childhood (and parenthood). The presentation is not straightforward, but there is a coherence to the whole, and certainly sufficient story, too, making for an

engaging and stimulating work - Michael Orthofer, *The Complete Review* IDA MARIE HEDE (b. 1980) is the author of seven books and numerous plays. She holds an MA in Art History from the University of Copenhagen and Goldsmiths College and graduated from the School of Creative Writing in Copenhagen in 2008. Hede has taught at Gladiatorskolen, the Royal Danish Academy of Fine Arts, and is currently a c

Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—*The Washington Post* An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs

are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships. *This Day* Lanier Travelguides Hammock camping--one of the most comfortable ways to enjoy a long-distance thru-hike, a weekend backpacking trip, or just an overnight in the woods. With more than 200 illustrations to guide you, this book helps you get off the ground to discover the freedom, comfort, and convenience of hammock camping. Learn how to set up and use a hammock to stay dry, warm, and bug free in a Leave No Trace-friendly way. This book covers hammock camping basics such as how to get a perfect hang and how to stay dry, warm, and bug free. Plus, it illustrates techniques and tips to get the most out of a hammock shelter, whether you have purchased an all-in-one kit or you've assembled your own customized system. *Negro Women War Workers* London,

New York [etc.] Hodder and Stoughton  
 If we're lucky, parents only get about 15 chances to create lifelong family vacation memories with their kids. You want to give your kids the world but overwhelmed Moms and Dads need help sifting through the millions of vacation options for families. You worry about everything when it comes to your kids.  A gripping portrait of life in a Montauk summer house--a debut memoir of first love, identity and self-discovery among a group of friends who became family. They call Montauk the end of the world, a spit of land jutting into the Atlantic. The house was a ramshackle split-level set on a hill, and each summer thirty one people would sleep between its thin walls and shag carpets. Against the moonlight the house's octagonal roof resembled a bee's nest. It was dubbed The Hive. In 2013, John Glynn joined the share house. Packing his duffel for that first Memorial Day Weekend, he prayed for clarity. At

27, he was crippled by an all-encompassing loneliness, a feeling he had carried in his heart for as long as he could remember. John didn't understand the loneliness. He just knew it was there. Like the moon gone dark. *OUT EAST* is the portrait of a summer, of the Hive and the people who lived in it, and John's own reckoning with a half-formed sense of self. From Memorial Day to Labor Day, The Hive was a center of gravity, a port of call, a home. Friendships, conflicts, secrets and epiphanies blossomed within this tightly woven friend group and came to define how they would live out the rest of their twenties and beyond. Blending the sand-strewn milieu of George Howe Colt's *The Big House*, the radiant aching of Olivia Liang's *The Lonely City*, *OUT EAST* is a keenly wrought story of love and transformation, longing and escape in our own contemporary moment. "An unforgettable story told with feeling and humor and above all with the razor-sharp skill of a delicate and highly gifted writer." --Andre Aciman, New York Times bestselling author of *Call Me by Your Name* "Out East is full of intimacy and hope and frustration and joy, an extraordinary tale of emotional awakening and lacerating ambivalence, a confession of self-doubt that becomes self-knowledge." --Andrew Solomon, National Book Award winner

**The Other End of the Leash** NYU Press

Caves have been used in various ways across human society but despite the persistence within popular culture of the iconic caveman, deep caves were never used primarily as habitation sites for early humans. Rather, in both ancient and contemporary contexts, caves have served primarily as ritual spaces. In *Sacred Darkness*, contributors use

archaeological evidence as well as ethnographic studies of modern ritual practices to envision the cave as place of spiritual and ideological power and a potent venue for ritual practice.

Covering the ritual use of caves in Europe, Asia, Australia, Africa, Mesoamerica, and the US Southwest and Eastern woodlands, this book brings together case studies by prominent scholars whose research spans from the Paleolithic period to the present day. These contributions demonstrate that cave sites are as fruitful as surface contexts in promoting the understanding of both ancient and modern religious beliefs and practices. This state-of-the-art survey of ritual cave use will be one of the most valuable resources for understanding the role of caves in studies of religion, sacred landscape, or cosmology and a must-read for any archaeologist interested in caves.

In this acclaimed memoir, Bliss Broyard, daughter of the literary critic Anatole Broyard, examines her father's choice to hide his racial identity, and the impact of this revelation on her own life. Two months before he died, renowned literary critic Anatole Broyard called his grown son and daughter to his side to impart a secret he had kept all their lives and most of his own: he was black. Born in the French Quarter in 1920, Anatole

had begun to conceal his racial identity after his family moved to Brooklyn and his parents resorted to "passing" in order to get work. As he grew older and entered the ranks of the New York literary elite, he maintained the façade. Now his daughter Bliss tries to make sense of his choices. Seeking out unknown relatives in New York, Los Angeles, and New Orleans, Bliss uncovers the 250-year history of her family in America and chronicles her own evolution from privileged WASP to a woman of mixed-race ancestry.

Amnesia of June Bugs is an ambitious, infatuated, and furious book about the time we lost and the people we could have loved.

The Big Picture Algonquin Books

Roads: Book One Don't look back. Don't you ever look back... Shy tattoo artist Ash has a troubled past. Years of neglect, drug abuse, and life on the

streets have taken their toll, and sometimes it seems the deep, unspoken bond with his lover is the only balm for wounds he doesn't quite understand. Chicago paramedic Pete is warmth, love, and strength—things Ash never knew he could have, and never even knew he wanted until Pete showed him. But fate is a cruel, cruel mistress, and when nightmares collide with the present, their tentatively built world comes crashing down. Traumatic events in Pete's work life distance him from home, and he doesn't realize until it's too late that Ash has slipped away. Betrayal, secrets, and lies unfold, and when a devastating coincidence takes hold, Pete must fight with all he has to save the love of his life.

The Transparency of Things GrassRoutes

The purpose of Rupert's book is to look clearly and simply at the nature of experience, without any attempt to change it. A series of contemplations lead us gently but directly to see that our essential nature is neither a body nor a mind. It is the conscious Presence that is aware of this current experience. As such it is nothing that can be experienced as an object and yet it is undeniably present. However, these contemplations go much further than this. As we take our stand knowingly as this conscious Presence that we always already are, and reconsider the objects of the body, mind and world, we find that they do not simply appear to this Presence, they appear within it. And further exploration reveals that they do not simply appear within this Presence but as this Presence. Finally we are led to see that it is in fact this very Presence itself that takes the shape of our experience from moment to moment whilst always remaining only itself. We see that our experience is and has only

ever been one seamless totality with no separate entities or objects anywhere to be found.

Letters of John Wesley Sterling Mystery Series

Enter New York Times bestselling author Nalini Singh's breathtakingly passionate Guild Hunter world with the story of a woman who isn't a vampire or an angel...or human... Once a broken girl known as Sorrow, Holly Chang now prowls the shadowy gray underground of the city for the angels. But it's not her winged allies who make her a wanted woman—it's the unknown power coursing through her veins. Brutalized by an insane archangel, she was left with the bloodlust of a vampire, the ability to mesmerize her prey, and a poisonous bite. Now, someone has put a bounty on her head... Venom is one of the Seven, Archangel Raphael's private guard, and he's as infuriating as he is seductive. A centuries-old vampire, his fangs dispense a poison deadlier than Holly's. But even if Venom can protect Holly from those hunting her, he might not be able to save himself—because the strange, violent power inside Holly is awakening... No one is safe.

*Life and Death of the Wicked Lady* Skelton Scholastic Inc.

This book "Movement Of Stillness" reveals the New Mayan Calendar post 2012 as channeled by Jacqui Derbecker from Edgar Cayce. Cayce was a well-known mystic philosopher, seer, channeler, and author. He lived from 1877-1945. Jacqui felt honored and privileged to channel/streamline, through automatic writing, about 100 prophecies which are revealed in complete detail. By channeling Cayce she was able to clearly visualize the authentic and exciting New Mayan Calendar which she states, "it's not exactly what some perceive it to be." Jacqui explains, "there are only positive high vibrational messages represented by the Mayan's predictions and not ones of mass destruction." She advises that now is the time to make "living in Spirit" a reality as we move into a higher realm of truth and a natural original way of being. These prophecies are called the "All Truths" or "Crystal Messages of Truth". Each touch upon the daily living aspects of: career, relationships, financial, emotional, physical, mind, spirit and our sense of community. They speak directly to each and everyone of us regarding the releasing of old barriers and awakening to your authentic self. Thus creating a sense of stillness and peace.

#### **The Circle of Ceridwen** Ballantine Books

Since its U.S. debut a quarter-century ago, this brilliant text has set a new standard for historical scholarship of Latin America. It is also an outstanding political economy, a social and cultural narrative of the highest quality, and perhaps the finest description of primitive capital accumulation since Marx. Rather than chronology, geography, or political successions, Eduardo Galeano has organized the

various facets of Latin American history according to the patterns of five centuries of exploitation. Thus he is concerned with gold and silver, cacao and cotton, rubber and coffee, fruit, hides and wool, petroleum, iron, nickel, manganese, copper, aluminum ore, nitrates, and tin. These are the veins which he traces through the body of the entire continent, up to the Rio Grande and throughout the Caribbean, and all the way to their open ends where they empty into the coffers of wealth in the United States and Europe. Weaving fact and imagery into a rich tapestry, Galeano fuses scientific analysis with the passions of a plundered and suffering people. An immense gathering of materials is framed with a vigorous style that never falters in its command of themes. All readers interested in great historical, economic, political, and social writing will find a singular analytical achievement, and an overwhelming narrative that makes history speak, unforgettably. This classic is now further honored by Isabel Allende's inspiring introduction. Universally recognized as one of the most important writers of our time, Allende once again contributes her talents to literature, to political principles, and to enlightenment.

Amnesia of June Bugs Pyewacket Press

Si eres un joven que anhela abrir un negocio, un emprendedor, empresario o presidente de una compañía que quiere encontrar la forma de crecer y revolucionar el mercado, *Disrupción es para ti*. Con este libro: - Aprenderás qué estrategia han usado los grandes emprendedores para crecer y cambiar el mundo. - Conocerás a detalle los secretos que hay detrás de una **DISRUPCIÓN** y las herramientas que necesitas aplicar. - Identificarás por qué las nuevas empresas crecen a través de

la disrupción y las grandes sólo crecen comprando más empresas por el mundo. - Comprenderás el rol que tiene la tecnología digital para el crecimiento en productos y en tu diseño de negocio. - Verás que cuando integras tecnología y resuelves un problema del consumidor, evolucionas. - Descubrirás por qué los disruptores transforman sus negocios en empresas millonarias en pocos años. - Podrás ver tu negocio y las oportunidades del mercado desde una perspectiva como nunca antes la habías

visto. - Recibirás consejos para pensar como LÍDER DISRUPTOR y transformar tu empresa. - Aprenderás el algoritmo que debes construir para obtener una DISRUPCIÓN y cómo aplicarlo en tu empresa. Durante los próximos años habrá un mercado más complejo y difícil de conquistar, por eso este libro no es para aquellos que quieren mejorar, es para aquellos que quieren cambiar y reinventarse. ¡Atrévete a cambiar las reglas del juego! Por el autor del bestseller El arte de hacer preguntas.
