The Road Back to You
Study Guide Andrews McMeel Publishing

The authors of the popular What's My Type? break through to a

dramatic new level of Enneagram work by exploring the Original -- or Hidden -- Wound and outlining the recovery of our Repressed Center -- the key to releasing our power to love ourselves, love others, and put our unique talents to work in the world. Reclaiming the Hidden Self or Repressed Center completes, heals, and integrates our personality. Through real-life examples and questions for personal or group use, the authors detail this soul-making process by which we become rounded, capable of love, and empowered to create and contribute. Hurley and Dobson explore the three centers of human intelligence -- the Intellectual, the Relational, and the Creative -- and how they operate in our lives. Each of the nine personality types prefers one center, relies on another for backup support, and represses one center altogether. The Enneagram challenge is to recover the lost resources of our personality's repressed center. Freed to be fully

intellectual, creative, and relational in our living, we become able to achieve harmony, joy, love, and creativity.

The Practical Guide to Personality Types She Writes Press

"An Outstanding book that offers precise steps to take to wake up to the self-limiting habits of your personality, get out of your own way, and give yourself the gift of accessing more of your higher - more authentic - self." —Ian Cron, author of *The Road Back to You: An Enneagram Journey to Self-Discovery* A fresh approach to the Enneagram that

encourages readers to embark on their own hero's journey for transformation. This is a personal transformation book rooted in the wisdom of the Enneagram system of personality types. It is a book about waking up and growing into the best version of yourself. It is a book that shows you how to discover who you are and what you can be. It is a book about finding your path, facing your shadow, and discovering your true self. It is a good news-bad news-good news story. The good news: you survived childhood. The bad news: in order to grow, you are going to experience some pain. The really good news: you can use your negative habits as a springboard to move beyond them. With a commitment to self-observation and reflection, you can develop greater self-awareness and open yourself up to a life filled with exciting choices and opportunities. Each of the nine chapters includes these features: The problematic perspective, the process of self-discovery, and the path forward for that type How the main issues for that type get played out in 3 different ways—the 3

distinct sub-types of the main type (necessary for pinpoint accuracy in describing your personality and your path of growth) Chestnut and Paes, two leading Enneagram teachers, frame this approach to personality types in a way that is accessible, practical, and filled with possibility.

The Enneagram Test Blurb
A groundbreaking exploration of the spiritual dimension of working with the enneagram by one of its earliest students and teachers in America. Here is one of the first books to explore in an authentic and comprehensive way the original spiritual dimension of the enneagram. Among the most knowledgeable teachers of the enneagram in America, Sandra Maitri shows how the enneagram not only reveals our personalities, but illuminates a basic essence within each of us. She shows how traversing the inner territory particular to our enneatype can bring us profound fulfillment and

meaning, as well as authentic spiritual development.

Villard
Buckle up, folks. It's time to jump in, embrace your inner self, and release the things that are holding you back from wholeness. Enter the Millenneagram. The Enneagram is an ancient personality typing system that has a sneaky way of revealing who we are and why we do the things we do. Using nine types, it gets to the root of our fears and motivations, unveiling our inner-most selves.

Millenneagram reinvents the Enneagram by putting a modern spin on the classic nine types.

Hannah Paasch, creator of the popular #millenneagram threads on Twitter, reveals how this system acts as a map toward our authentic selves. For Hannah, the Enneagram is not about changing who we are, but rather nurturing and loving our whole selves, even the pain in the ass qualities. "Only from this position of wholeness, rootedness in who we are, what we believe, and what kind of story we are writing, will we be able to act bravely for the sake of

justice and humanity - to approach our f*cked-up world with the grounded courage it asks of us."

With her trademark irreverent humor and empowering affirmations, Millenneagram reframes the classic Enneagram types with a fresh perspective and new names that cut right to the chase: #1 The Machine "I'm an Enneagram 1 and I Can Fix This!" #2 The Parent "I'm an Enneagram 2 and Can I Get You a Refill?" #3 The Winner "I'm an Enneagram 3 and All I Do Is Win." #4 The Tortured Artist "I'm an Enneagram 4 and I'm Deeper Than You." #5 The Detective "I'm an Enneagram 5 and I Read an Article About That." #6 The Oracle "I'm an Enneagram 6 and I'm Loyal as Fuck." #7 The Party "I'm an Enneagram 7 so This Might Be Vodka In My Mug." #8 The Dragon "I'm an Enneagram 8 so Nice Try, Bitch." #9 The Wallflower "I'm an Enneagram 9 so Let's Just All Chill Out, Dude." A powerful tool for self-discovery (that doesn't take itself too seriously), Millenneagram is an invitation for introspection and growth. Hannah's revamped Enneagram goes beyond simply identifying with a

type: it gives us permission to be our truest, enough-as-is, bad-ass selves.

Gadd shows how knowing how each type reacts around food will make it easier for us to alter our subconscious programming and become not only physically, but emotionally healthier. Understanding the Nine Personality Types for Personal Growth and Strengthened Relationships Simon and Schuster

How the mysterious nine-pointed symbol of the enneagram illuminates the worst pitfalls and highest virtues of our psyches. The Enneagram of Passions and Virtues elucidates human experience beyond the personality structure. In the tradition of the enneagram, the Virtues are said to be the affective atmosphere that replaces the compulsive and reactive emotional patterns-called the Passions-as one becomes freer of the ego. Sandra Maitri shows how the shift in our consciousness, or soul, from being informed by the Passions to being

informed by the Virtues, is one of the hallmarks of inner development. In this book, Maitri explores how our awareness of the Passions, in turn, leads to the manifestation of the Virtues. This shift supports growth on the level of personality as well as on the level of what is beyond-Being, or True Nature. Maitri is widely known as one of the most literate and in-depth writers and teachers on the uses of the enneagram as a tool of inner development. In this book she provides what can be for some an entry into inner work, and for others, who have been engaged in the journey for a longer time, a uniquely incisive explication of concepts they may have missed.
