Barriers to Riches Penguin

The powerful English debut of a rising young French star, *Our Riches* is a marvelous, surprising, hybrid novel about a beloved Algerian bookshop. Our Riches celebrates quixotic devotion and the love of books in the person of Edmond Charlot, who at the age of twenty founded Les Vraies Richesses (Our True Wealth), the famous Algerian bookstore/publishing house/lending library. He more than fulfilled its motto "by the young, for the young," discovering the twenty-four-year-old Albert Camus in 1937. His entire archive was twice destroyed by the French colonial forces, but despite financial difficulties (he was hopelessly generous) and the vicissitudes of wars and revolutions, Charlot (often compared to the legendary bookseller Sylvia Beach) carried forward Les Vraies Richesses as a cultural hub of Algiers. *Our Riches* interweaves Charlot's story with that of another twenty-year-old, Ryad (dispatched in 2017 to empty the old shop and repaint it). Ryad's no booklover, but old Abdallah, the bookshop's self-appointed, nearly illiterate guardian, opens the young man's

mind. Cutting brilliantly from Charlot to Ryad, from the 1930s to current times, from WWII to the bloody 1961 Free Algeria demonstrations in Paris, Adimi delicately packs a monumental history of intense political drama into her swift and poignant novel. But most of all, it's a hymn to the book and to the love of books.

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

NAMED A BEST BOOK OF 2018 BY NPR AND THE NEW YORK TIMES A PBS NEWSHOUR-NEW YORK TIMES BOOK CLUB PICK "Somehow Casey Gerald has pulled off the most urgently political, most deeply personal, and most engagingly spiritual statement of our time by just looking outside his window and inside himself. Extraordinary." —Marlon James "Staccato prose and peripatetic storytelling combine the cadences of the Bible with an urgency reminiscent of James Baldwin in this powerfully emotional memoir." —BookPage The testament of a boy and a generation who came of age as the world came apart—a generation searching for a new way to live. Casey Gerald comes to our fractured times as a uniquely visionary witness whose life has spanned seemingly unbridgeable divides. His story begins at the end of the world: Dallas, New Year's Eve 1999, when he gathers with the congregation of his grandfather's black evangelical church to see which of them will be carried off. His beautiful, fragile mother disappears frequently and mysteriously; for a brief idyll, he and his sister live like Boxcar Children on her disability checks. When Casey—following in the footsteps of his father, a gridiron legend who literally broke his back for the team—is recruited to play football at Yale, he enters a world he's never dreamed of, the anteroom to secret societies and success on Wall Street, in Washington, and beyond. But even as he attains the inner sanctums of power, Casey sees how the world crushes

those who live at its margins. He sees how the elite perpetuate the salvation stories that keep others from rising. And he sees, most painfully, how his own ascension is part of the scheme. *There Will Be No Miracles Here* has the arc of a classic rags-to-riches tale, but it stands the American Dream narrative on its head. If to live as we are is destroying us, it asks, what would it mean to truly live? Intense, incantatory, shot through with sly humor and quiet fury, *There Will Be No Miracles Here* inspires us to question—even shatter—and reimagine our most cherished myths.

As I listened to him, I heard something other than the words he spoke. I felt the substance—the wisdom—and the spirit of a man and his philosophy. Mr. Hill said 'the most powerful instrument we have in our hand is the power of the mind.' Napoleon Hill compiled this philosophy of American achievement for the benefit of all people. TONI MASCOLO was a happy one-year-old toddler in the sleepy Italian town of Scafati, near Pompeii, when, in September 1943, the Allied landings at Salerno brought war to his family's doorstep. More than seventy years later, he is the distinguished head of Toni & Guy, a Knight of the Italian Republic, an Officer of the Order of the British Empire, and a Papal Knight. What happened in the years between forms the core of his fascinating autobiography. The author became the head of his hard-working, yet often hard-up, Italian hairdressing family when his mother died, aged just forty-five, in December 1962. Toni's father, who had brought the whole family to live in London in the 1950s, was devastated by his wife's death, and it was left to Toni and his brother Guy to feed and care for their younger brothers. The first Toni & Guy salon opened in London's Clapham Park Road in 1963 and now, after over half a century of extraordinary expansion, there are more than 500 salons all over the globe. Yet it remains at heart a family business, infused with the spirit of family closeness and strength that permeates every part of this book. In this lively, informative, sometimes tragic and often moving memoir, Toni Mascolo explains how he became 'Hairdresser to the World', and Chairman and Chief Executive of the largest hairdressing chain on the planet, one of the most famous and recognisable brands in countless countries.

Bloody Commas Open Road Media

A vivid character-driven narrative, fused with important new economic and political reporting and research, that busts the myths about middle class decline and points the way to its revival. For over a decade, Jim Tankersley has been on a journey to understand what the hell happened to the world's greatest middle-class success story -- the post-World-War-II boom that faded into decades of stagnation and frustration for American workers. In *The Riches of This Land*, Tankersley fuses the story of forgotten Americans-- struggling women and men who he met on his journey into the travails of the middle class-- with important new economic and political research, providing fresh

understanding how to create a more widespread prosperity. He begins by unraveling the real mystery of the American economy since the 1970s - not where did the jobs go, but why haven't new and better ones been created to replace them. His analysis begins with the revelation that women and minorities played a far more crucial role in building the post-war middle class than today's politicians typically acknowledge, and policies that have done nothing to address the structural shifts of the American economy have enabled a privileged few to capture nearly all the benefits of America's growing prosperity. Meanwhile, the "angry white men of Ohio" have been sold by Trump and his ilk a theory of the economy that is dangerously backward, one that pits them against immigrants, minorities, and women who should be their allies. At the culmination of his journey, Tankersley lays out specific policy prescriptions and social undertakings that can begin moving the needle in the effort to make new and better jobs appear. By fostering an economy that opens new pathways for all workers to reach their full potential -- men and women, immigrant or native-born, regardless of race -- America can once again restore the upward flow of talent that can power growth and prosperity.

More than two decades strong, the Saint-Germain cycle is one of the most compelling works of dark fantasy and horror of our age. Historically accurate, often involving key events or figures from throughout world history, these deeply emotional novels have a devoted readership. Each novel is written as a stand-alone and they are not chronologically consecutive, so readers may enter the saga with any book and move backward or forward in time as they choose, from Pharaonic Egypt to Paris in the 1700s, from the fall of the Roman Empire to World War II Europe. In *An Embarrassment of Riches*, the vampire Count finds himself a virtual prisoner in the Court of Kunigunde in Bohemia in the 1200s. Rakoczy Ferncsi, as Saint-Germain is known, passes his days making jewels to delight Queen Kunigunde and trying not to become involved in the Court's intrigues. In this, the vampire fails. Handsome, apparently wealthy, and obviously unmarried, he soon finds himself being sexually blackmailed by Rozsa, an ambitious lady-in-waiting. If he does not satisfy her, she will denounce him to the priests and he'll be burned at the stake, resulting in his True Death. Despite his care, the vampire makes more than one enemy at the Bohemian Court, and by the end of *An Embarrassment of Riches*, the Count can see only one road to freedom...through death. Combining historical and economic analysis, this book shows how, beginning in the 1950s, a largely predictable business has been transformed into a volatile and complex multimedia enterprise now commanding over 80 percent of the world's film business. At the same time, the book asks how the economic forces leading to this success--the forces of audience demand, technology, and high risk--have combined to change the kinds of movies Hollywood produces.
